**Re: Notice of Filing of the North American Electric Reliability Corporation of  
Proposed Reliability Standard FAC-003-2—Transmission Vegetation  
Management**

Dear Mr. Thomson:

On February 2, 2012, NERC filed a Notice of Filing of Proposed Reliability Standard FAC-003-2 –Transmission Vegetation Management.

It has come to NERC’s attention that in the Compliance section of the proposed standard, the “Regional Entity” should be identified as the Compliance Enforcement Authority under 1.1, and the heading of 1.2 should read “Evidence Retention.” A redline of the proposed change is attached as **Exhibit A**. A clean version of this proposed change is attached as **Exhibit B**.

Accordingly, NERC respectfully requests acceptance of this errata filing.

Respectfully submitted,

/s/ Holly A. Hawkins
