NOTICE OF EXTENSION OF TIME

(March 19, 2014)

On March 18, 2014, the North American Electric Reliability Corporation (NERC) filed a motion for a 10-day extension of time, until May 15, 2014, to file revisions to the Violation Risk Factors (VRF) assigned to Reliability Standards CIP-006-5, Requirement R3 and CIP-004-5, Requirement R4 (motion), in accordance with the Commission's directive in Order No. 791, in the above-referenced proceeding.<sup>1</sup> NERC states that the additional time would allow the NERC Board of Trustees to approve the proposed VRF revisions at its regularly scheduled meeting on May 7, 2014.

Upon consideration, notice is hereby given that NERC is granted an extension of time to and including May 15, 2014, to file VRF revisions to Reliability Standards CIP-006-5, Requirement R3 and CIP-004-5, Requirement R4 as directed.
