³ 2017 Frequency Response of the Eastern Interconnection during Light Load Conditions report.

⁴ Persons to be included on the Commission’s service list are identified by an asterisk. NERC respectfully requests a waiver of Rule 203 of the Commission’s regulations, 18 C.F.R. § 385.203 (2016), to allow the inclusion of more than two persons on the service list in this proceeding.

II. CONCLUSION

Wherefore, as demonstrated in the EI Report, the IFRO is adequate during light load conditions and no further immediate action is recommended as a result of the study apart from NERC's continued analysis of frequency response related matters. NERC respectfully requests that the Commission accept this informational filing as compliant with the Commission's directive in Order No. 794.

Respectfully submitted,

/s/ Candice Castaneda
