

II. MOTION FOR EXTENSION

By this filing, NERC requests a one month extension of time to submit the filing required by the August 27 Data and Document Request. The additional time is needed to allow NERC and Texas RE to give meaningful consideration of further developments regarding this matter. NERC and Texas RE believe that the additional time will facilitate the most expeditious resolution of all issues in this proceeding. Accordingly, NERC respectfully requests an extension of time up to and including November 8, 2010, for the filing of the response to the data request. NERC and Texas RE do not oppose a corresponding extension of time of the October 29, 2010 date for the Commission's consideration of the referenced Notice of Penalty.

III. CONCLUSION

WHEREFORE, in consideration of the foregoing, NERC respectfully requests that FERC grant an extension of time up to and including November 8, 2010, for the submittal of the filing responding to FERC's August 27 Data and Document Request.

Respectfully submitted,
