Re: NERC Administrative Citation Process Notice of Penalty regarding The Detroit Edison Company, FERC Docket No. NP11-162-000

Dear Ms. Bose:

On March 31, 2011, the North American Electric Reliability Corporation (“NERC”) submitted an Administrative Citation Process Notice of Penalty regarding eight registered entities, including The Detroit Edison Company. By this filing, NERC clarifies that the penalty amount associated with the VAR-002-1 R3.1 violation should be \$5,000 instead of \$10,000. A revised spreadsheet with this errata correction also is enclosed. No other changes have been made.

Accordingly, NERC respectfully requests that the Commission accept this supplemental filing and issue an order consistent with the comments provided herein.

Respectfully submitted,

/s/ Rebecca J. Michael
