Information about the nominator (if different from nominee):

Q3

Briefly describe the nominee's experience and qualifications to serve on the RISC:

I have more than 28 years experience in planning and operating the Bulk Electric System. I have been the Director—Power System Control at City Utilities of Springfield for 23 years. I am responsible for our company's Transmission Operations, including safety, security and reliability.

I serve on several NERC, SPP and MRO working groups and committees, including the NERC Reliability Issues Steering Committee, NERC Reliability and Security Technical Committee, MRO Reliability Advisory Council and SPP Regional Tariff Working Group. I have been an active voice in the industry my entire career and I believe that my understanding of current issues and technical knowledge of the power system would be an asset to this group.

I am registered as a Professional Engineer in the state of Missouri, and hold a BSEE from Rose-Hulman Institute of Technology, and an MSEE from Clemson University.
