

# Standards Committee Guideline

## Drafting Team Nominee Selection Criteria

**Background:** At its December 2017 Standards Committee (SC) Meeting, SC members sought clarification on who could be nominated to a Drafting Team (DT). In determining its recommendation for DT members, NERC seeks to ensure all DT members provide value-added input, provide unbiased subject matter expertise, and promote the reliability of the Bulk Electric System.

**Purpose:** To provide eligibility criteria for appointment to a Standards Drafting Team.

**Criteria:** Members of a DT may include employees or agents of a NERC registered entity or other individuals with expertise related to reliability matters. For all individuals not directly employed by a Registered Entity which are recommended for appointment to a DT, NERC staff shall ensure one of the following criteria is met:

1. As part of the DT member nomination form, a NERC Registered Entity endorses in writing, the individual's participation on the DT as a subject matter expert<sup>1</sup>; or
2. The individual is a subject matter expert on the subject of the development activity.

**Expectations:** All Drafting Team members are required to adhere to the *NERC Participant Conduct Policy* and *Standards Drafting Team Scope*.

---

<sup>1</sup> In the event the Registered Entity ends the support/endorsement during the individual's appointment to the drafting team, the individual shall resign from the team.
