

Standards Committee Nomination Form

2015-2016 Term Elections

The North American Electric Reliability Corporation (NERC) [Standards Committee](#) (SC) has two representatives from each of the 10 industry segments. The SC representatives are elected by the segment they represent. The SC reports to the NERC Board of Trustees and oversees the development of NERC Reliability Standards by performing tasks governed by the [Standard Processes Manual](#), the [Standards Committee Charter](#), and the SC Work Plan.

Any person may nominate any other person to serve on the SC, with the limitation that the nominee must be employed by or an agent of an entity that is registered in that segment of the [Registered Ballot Body](#) (RBB). The nominee is not required to be the RBB representative from that organization.

Nominations are currently being held for each of the 10 segments. Election of representatives is governed by Appendix 3B: [Election of Members of the NERC Standards Committee Procedure](#).

You may use this form to nominate candidates for segments 1 through 10. You may submit more than one nomination. Please, however, use one form per nomination. You are welcome to nominate yourself.

Please indicate the industry segment number (1-10) in which the nominee seeks election:
Segment 8 Small Electricity End Users

Please provide a brief summary of the nominee’s qualifications for this SC position. (The summary should be no longer than a single page of single-spaced text.)

David Kiguel was an active and engaged member of the Standards Committee (SC) and its Process Subcommittee (SCPS) since 2008 to 2010 and since 2012 to 2013, when he retired from a large Transmission Owner, Load Serving Entity and Distribution Provider after a 36-year long career with that company. During three out of these five years he was also a member of the SC Executive Committee.

David was a member of the NERC Paragraph 81 Standards Drafting Team and participated in and led many teams of the SC and the SCPS such as reviews of the Standards Processes Manual (SPM), Reliability Standards Development Plan (RSDP), 5-Year Reviews, Reaching Consensus for Standards at the SAR Stage, Review of the Registered Ballot Body Criteria, etc.

He is an active participant in the Northeast Power Coordinating Council (NPCC) where he has been a member of numerous working groups, the Compliance Committee (CC), the Regional Standards Committee (RSC) and the RSC Executive Committee. He also participated in the Compliance Practices Group of the North American Transmission Forum and in the Ontario IESO's Reliability Standards Standing Committee.

Now a member of Segment 8 (Small Electricity End Users) in the Registered Ballot Body, David is seeking to continue his work in the NERC Standards Development activities and processes by returning to the Standards Committee.

Mr. Kiguel is a registered professional engineer in Professional Engineers Ontario (PEO), where he is an active member of the Experience Requirements Committee. He is an IEEE Senior Member (1996), an Engineers Canada Fellow Member (2013) and a 2014 recipient of a Volunteer Service Award presented by the Ministry of Citizenship and Immigration of the Province of Ontario in recognition for his voluntary work.
