

# Standards Committee Nomination Form

2015-2016 Term Elections

The North American Electric Reliability Corporation (NERC) [Standards Committee](#) (SC) has two representatives from each of the 10 industry segments. The SC representatives are elected by the segment they represent. The SC reports to the NERC Board of Trustees and oversees the development of NERC Reliability Standards by performing tasks governed by the [Standard Processes Manual](#), the [Standards Committee Charter](#), and the SC Work Plan.

Any person may nominate any other person to serve on the SC, with the limitation that the nominee must be employed by or an agent of an entity that is registered in that segment of the [Registered Ballot Body](#) (RBB). The nominee is not required to be the RBB representative from that organization.

Nominations are currently being held for each of the 10 segments. Election of representatives is governed by the NERC Rules of Procedure, Appendix 3B: [Procedures for Election of Members of the Standards Committee](#).

You may use this form to nominate candidates for segments 1 through 10. You may submit more than one nomination. Please, however, use one form per nomination. You are welcome to nominate yourself.

Nominee's name and contact information.

Please indicate the industry segment number (1-10) in which the nominee seeks election:  
3

Please provide a brief summary of the nominee’s qualifications for this SC position. (The summary should be no longer than a single page of single-spaced text.)

Jennifer T. Sterling is the Director, Exelon NERC Compliance Program for Exelon.

She has a Bachelor of Science degree in Electrical Engineering as well as a Master of Science degree in Electrical Engineering both from the University of Illinois – Urbana-Champaign. She is a registered Professional Engineer in the State of Illinois. She has a strong background in Transmission Planning, Transmission Operations, Tariff Administration as well as Program Administration and Oversight for Exelon’s NERC Compliance Program. Previous to her current position, she served as ComEd’s Director, Tariff Administration (2000-2003) and Exelon’s Director, Transmission Planning (2003-2007). She has been responsible for Exelon’s NERC Compliance Program since 2007.

In her current position, she is responsible for managing the Exelon NERC Reliability Standards Compliance Program across the Exelon Enterprise. The Exelon NERC Reliability Standards Program provides oversight and monitoring of and support for the business unit program activities of the

Exelon Registered Entities. Exelon entities are registered as LSEs (ComEd, PECO, Baltimore Gas & Electric and Constellation Commodities) as well as TOs, GO/GOPs, PSEs, DPs, BA and IA. She also has responsibility for the business planning activities for Exelon's Transmission Strategy and Compliance department.

Jennifer is an active participant in industry working groups and forums and has served on two NERC Standard Drafting Teams – Project 2007-23, Violation Severity Levels and Project 2010-17, Proposed Definition of Bulk Electric System. She currently serves as a member of the NERC Standards Committee and is the Chair of the Project Management and Oversight Subcommittee.

Please complete this form no later than **Wednesday, October 22, 2014** and send to [eleonor.crouch@nerc.net](mailto:eleonor.crouch@nerc.net).
