

Standards Committee Nomination Form

2015-2016 Term Elections

The North American Electric Reliability Corporation (NERC) [Standards Committee](#) (SC) has two representatives from each of the 10 industry segments. The SC representatives are elected by the segment they represent. The SC reports to the NERC Board of Trustees and oversees the development of NERC Reliability Standards by performing tasks governed by the [Standard Processes Manual](#), the [Standards Committee Charter](#), and the SC Work Plan.

Any person may nominate any other person to serve on the SC, with the limitation that the nominee must be employed by or an agent of an entity that is registered in that segment of the [Registered Ballot Body](#) (RBB). The nominee is not required to be the RBB representative from that organization.

Nominations are currently being held for each of the 10 segments. Election of representatives is governed by the NERC Rules of Procedure, Appendix 3B: [Procedures for Election of Members of the Standards Committee](#).

You may use this form to nominate candidates for segments 1 through 10. You may submit more than one nomination. Please, however, use one form per nomination. You are welcome to nominate yourself.

Nominee's name and contact information.

Mailing Address	701 Pennsylvania Ave NW, Washington DC 20004

Please indicate the industry segment number (1-10) in which the nominee seeks election:
1

Please provide a brief summary of the nominee’s qualifications for this SC position. (The summary should be no longer than a single page of single-spaced text.)

Lou Oberski is Managing Director, Regulation and NERC Compliance Policy for Dominion Resources Services, Inc. He is responsible for administration of all aspects of Dominion’s corporate NERC compliance assurance programs and oversees Dominion’s involvement at NERC and its sub-regions as well as FERC electric market policy coordination for Dominion, including Generation policy and Electric Transmission policy in the RTOs and ISOs where Dominion has business interests. Prior to his current position, his career at Dominion covered increasing management responsibilities in RTO policy, transmission engineering, operations (including 4 years as a system operator), planning and maintenance. The most recent 15 years have focused on developing, establishing and coordinating NERC and RTO policy at Dominion with a particular emphasis on transmission and generation supplier policy at NERC and RTOs.

Mr. Oberski is currently a member of the NERC Standards Committee, the vice chair of NERC’s Standard Drafting Team responsible for the CIP 014 physical security standard, the vice-chair of the

ReliabilityFirst Board of Directors representing the Supplier Sector, a member of the SERC Board of Directors and the SERC Board Executive Committee, a member of the North American Energy Standards Board Board of Directors and past chair of its Executive Committee, and a member of EEI's Reliability Executive Advisory Committee.

Mr. Oberski has been employed by Dominion nearly 30 years and holds a bachelor's degree in electrical engineering from Western Michigan University.

Please complete this form no later than **Wednesday, October 22, 2014** and send to eleonor.crouch@nerc.net.
