

Standards Committee Nomination Form

2016-2017 Term Elections

The North American Electric Reliability Corporation (NERC) [Standards Committee](#) (SC) has two members from each of the ten industry segments. Each SC member is elected by the segment he or she represents. The SC reports to the NERC Board of Trustees and oversees the development of NERC Reliability Standards by performing tasks governed by the [Standard Processes Manual](#), the [Standards Committee Charter](#), and the [SC Work Plan](#).

Any person may nominate any other person to serve on the SC, with the limitation that the nominee must be employed by or an agent of an entity that is registered in that segment of the [Registered Ballot Body](#) (RBB) of the [Standards Balloting and Commenting System](#). The nominee is not required to be the RBB representative from that organization.

Nominations are currently being accepted for each of the ten segments. Election of representatives is governed by the NERC Rules of Procedure, Appendix 3B: [Procedures for Election of Members of the Standards Committee](#).

You may use this form to nominate candidates for segments 1 through 10. You may submit more than one nomination. Please, however, use one form per nomination. You are welcome to nominate yourself.

Nominee's name and contact information.	
Name	Laura Lee
Job Title	Manager, System Operations
Organization	Duke Energy
Telephone	704-382-3625
Email	Laura.lee@duke-energy.com
Fax	704-382-0380
Mailing Address	526 South Church St., Charlotte, NC 28202, Mail Code EC02A

Has the nominee been contacted to verify willingness to serve on the SC?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
--	---	-----------------------------

<p>Does the nominee meet the following definition of "Canadian" contained in the NERC Rules of Procedure?</p> <p><i>"Canadian" means one of the following: (a) a company or association incorporated or organized under the laws of Canada, or its designated representative(s) irrespective of nationality; (b) an agency of a federal, provincial, or local government in Canada, or its designated representative(s) irrespective of nationality; or (c) a self-representing individual who is a Canadian citizen residing in Canada.</i></p>	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>
--	------------------------------	--

Person making this nomination (if different from nominee).	
Name	Nelson Peeler
Organization	Duke Energy
Telephone	704-382-3851
Fax	704-382-0380
Email	Nelson.peeler@duke-energy.com
Mailing Address	526 South Church St., Charlotte, NC 28202, Mail Code EC3ZJ

Please indicate the industry segment number (1-10) in which the nominee seeks election:

1

Please provide a brief summary of the nominee's qualifications for this SC position. (The summary should be no longer than a single page of single-spaced text.)

Laura Lee is Duke Energy's Manager of ERO Support and Event Analysis in Transmission System Operations. She currently leads the group responsible for NERC compliance support in System Operations, as well as event analysis for Duke Energy's Regulated Utilities. In this role, she has developed Duke Energy's NERC Events Analysis, Internal Events Analysis and Lessons Learned programs supporting continual improvement of Bulk Power System reliability. Her team also provides direct control room support for Duke Energy control centers in Plainfield, IN, Cincinnati, OH, Charlotte and Raleigh, NC, and Saint Petersburg, FL.

Laura's involvement with NERC Reliability Standards began with chairing a Standard Drafting Team in 2006. She has chaired the Standards Committee Process Subcommittee and served on the Standards Committee for the past two years, and was the a Standards Committee representative on the Adequate

Level of Reliability Task Force. Prior to her promotion to her current role, Laura served as Duke Energy's Manager of Reliability Standards Development.

Laura has worked for Duke Energy since graduating with a Master's degree in Power System Engineering in 1988, beginning her career as a system engineer at Catawba Nuclear Station. From 2002 to 2007 she worked as a worked Reliability Coordinator for VACAR South as well as an operating engineer, and has maintained her NERC Reliability Coordinator certification. She's a registered Professional Engineer in North and South Carolina. Laura Lee has worked in Transmission System Operations at Duke Energy since 2002, including a two year rotation in Transmission Planning.

Please complete this form no later than **Monday, October 19, 2015** and send to monica.benson@nerc.net.
