

Standards Committee Nomination Form

Special Election - Segment 2

The [Standards Committee](#) (SC) has two representatives from each of the ten industry segments. The SC representatives are elected by the segment they represent. The SC reports to the NERC Board of Trustees and oversees the development of NERC Reliability Standards by performing tasks governed by the [Standard Processes Manual](#), the [SC Charter](#), and the [SC Work Plan](#).

Anyone may submit a nomination. To be eligible for nomination, a nominee shall be an employee or agent of an entity registered in the applicable Segment. **To allow verification of affiliation, a nominee must be a registered user in the NERC [Registered Ballot Body](#) (RBB).** It is not required that the nominee be the same person as the entity's Registered Ballot Body representative for that Segment. Instructions are provided in [Appendix 3B](#) of the NERC Rules of Procedure – *Procedure for Election of Members of the NERC Standards Committee Procedure*. Completed nomination forms will be posted on the [SC Nominations and Elections webpage](#).

Nominations are currently being held to fill the vacancy in Segment 2. Election of representatives is governed by the default [Election of Members of the NERC Standards Committee Procedure](#).

You may use this form to nominate your candidate. You may submit more than one nomination. Please, however, use one form per nomination. You are welcome to nominate yourself.

Please provide a brief summary of the nominee’s qualifications for this SC position. (The summary should be no longer than a single page of single-spaced text.)

Michael Puscas is a Compliance Manager for the Independent System Operator of New England (ISO-NE). He works closely with the ISO RTO Council (IRC) and more specifically the IRC's Standards Review Committee (SRC) assessing and evaluating real or proposed changes to NERC Standards and evaluating the impact on the organization. Michael is well versed in compliance risks and internal controls as a result of leading the effort for ISO-NE and providing guidance and leadership in these areas for other companies through heavy participation in multiple committees and working groups within the North American Transmission Forum (NATF). Michael is adept at working in a collaborative team environment to develop comments and recommendations related to new and modified NERC Standards. Michael is highly organized, analytical, perceptive, hard-working, and intelligent. He brings a wealth of compliance and electrical industry experience spanning over 20 years. He has designed, developed and implemented new and innovative compliance tools and metrics and helped compliance organizations grow and mature. He possesses a balanced mix of both compliance and technical skills.

A brief summary of his standards development and compliance background, industry group participation, and project qualifications include: 1. Currently Compliance Manager at ISO-NE for the past five years. In charge of managing compliance with the Operation and Planning (O&P) set of NERC Standards. 2. Designed and developed the entire Compliance Program for the United Illuminating Company now in Orange, CT. Worked in this position for eight years. 3. CIP Compliance Manager for Eversource, Inc., based in Berlin, CT. Worked in this position for over three years and assisted in the transition from CIP V3 to CIP V5. 4. Project Manager, Millstone Nuclear Power Plant, Waterford, CT. Spent four years in this position. 5. Core Team Member of the North American Transmission Forum (NATF) Compliance Practices Group (CPG). 6. Led the Internal Control Evaluation (ICE) effort for ISO-NE and

worked closely with NPCC ICE evaluators. Designed internal control model and created new internal control tracking, testing, and performance systems. 7. Designed and developed Compliance Management Database systems. 8. Adjunct team member of the IRC/RTO Council's Standard Review Team (SRT) evaluating new and modified NERC and NAESB Standards and providing comments specific to ISOs. 9. Participating and Core Team Member of the NATF Outreach Working Group (OWG), Peer Review Improvement Team, and Metrics Working Group. 10. Alternate member of the NPCC Compliance Committee (CC).

Please complete this form and send to [Linda Jenkins](#), (via email) by **Friday, August 13, 2018**.
