

Standards Committee Nomination Form 2020-2021 Term Election – Segments 1-10 (Two-year term)

The North American Electric Reliability Corporation (NERC) [Standards Committee](#) (SC) has two members from each of the ten industry segments. Each SC member is elected by the segment he or she represents. The SC reports to the NERC Board of Trustees and oversees the development of NERC Reliability Standards by performing tasks governed by the [Standard Processes Manual](#), the [Standards Committee Charter](#), and the [SC Work Plan](#).

Anyone may submit a nomination. To be eligible for nomination, a nominee shall be an employee or agent of an entity belonging in the applicable Segment. **To allow verification of affiliation, a nominee must be a registered user in the NERC [Registered Ballot Body](#) (RBB).** It is not required that the nominee be the same person as the entity’s RBB representative for that Segment. Instructions are provided in [Appendix 3B](#) of the NERC Rules of Procedure – *Procedure for Election of Members of the NERC Standards Committee Procedure*. Completed nomination forms will be posted on the [SC Nominations and Elections webpage](#).

Nominations are currently being accepted for each of the ten segments for a two-year term.

Please use this form to nominate candidates. You may submit more than one nomination. Please, however, use one form per nomination. You are welcome to nominate yourself.

Nominee’s name and contact information.

Please indicate the industry segment number (1-10) in which the nominee seeks election:
1

Please provide a brief summary of the nominee’s qualifications for this SC position. (The summary should be no longer than a single page of single-spaced text.)

As the Director NERC Compliance, Sean Cavote is responsible for NERC compliance and policy across the Public Service Enterprise Group (PSEG) companies. Sean represents PSEG in interfacing with external compliance and regulatory organizations including NERC, ReliabilityFirst (RF), and the Northeast Power Coordinating Council (NPCC). PSEG owns and operates a diverse fleet of power plants and transmission assets with approximately 12,000 megawatts of generating capacity located primarily in the RF and NPCC footprints.

Sean is actively engaged in NERC standards development initiatives and currently serves on the NERC Standards Committee as a Segment 1 representative. Sean also is a member of the NERC Member Representatives Committee.

From 2013-2017, Sean was a Standards Developer and Manager of Standards Development at NERC, where he became an expert on the NERC standards development process. During that time Sean served as Secretary for the NERC Standards Committee, where he acquired a deep understanding of Standards Committee process and oversight. Additionally, Sean has over 20 years of electric utility and federal regulatory experience most recently with NERC, Van Ness Feldman, LLP, and the Northern Indiana Public Service Company, where he held attorney and management positions in FERC and NERC regulatory compliance.

If elected to the Standards Committee, Sean is committed to working with NERC and other committee members to improve the standards development process, making it more efficient and responsive to stakeholder inputs.

Please complete this form no later than **Thursday, October 10, 2019** and send to [Linda Jenkins](#).
