Please provide a brief summary of the nominee’s qualifications for this SC position. (The summary should be no longer than a single page of single-spaced text.)

I have worked with Alice in her capacity working with SPP Regional Entity, SPP RTO and now with AECC. She has twenty plus years of experience in the utility industry. She has diverse experience and consistently brings thoughtful questions and dialogue to discussions beneficial to reliability and security matters. She is dedicated and diligent in disposal of her responsibilities. I offer this summary in her own words – “I have had the opportunity to use my financial and business training and analytical skills in multiple, diverse areas, including: audits, compliance analysis, revenue requirement analysis, cost allocation, rate design, policy analysis, case strategic, expert witness testimony, expert witness preparation, NERC and FERC compliance audit preparation, and project management.” Alice would be an

excellent addition to the NERC Standards Committee and demonstrates the ability to navigate difficult discussions with a willingness to suggest reasoned solutions. I highly recommend her for consideration.
