

Standards Committee Nomination Form

2022-2023 Term Election – Segments 1-10 (Two-year term)

The North American Electric Reliability Corporation (NERC) [Standards Committee](#) (SC) has two members from each of the ten industry segments. Each SC member is elected by the segment he or she represents. The SC reports to the NERC Board of Trustees and oversees the development of NERC Reliability Standards by performing tasks governed by the [Standard Processes Manual](#), the [Standards Committee Charter](#), and the [SC Work Plan](#).

Anyone may submit a nomination. To be eligible for nomination, a nominee shall be an employee or agent of an entity belonging in the applicable Segment. **To allow verification of affiliation, a nominee must be a registered user in the NERC [Registered Ballot Body](#) (RBB).** It is not required that the nominee be the same person as the entity's RBB representative for the applicable Segment. Instructions are provided in [Appendix 3B](#) of the NERC Rules of Procedure – *Procedure for Election of Members of the NERC Standards Committee Procedure*. Completed nomination forms will be posted on the [SC Nomination and Elections webpage](#).

Nominations are currently being accepted for each of the ten segments for a two-year term.

Please use this form to nominate candidates. You may submit more than one nomination. Please, however, use one form per nomination. You are welcome to nominate yourself

Please indicate the industry segment number (1-10) in which the nominee seeks election:

9

Please provide a brief summary of the nominee's qualifications for this SC position. (The summary should be no longer than a single page of single-spaced text.)

Sarosh Muncherji is a Cyber Security Specialist at the British Columbia Utilities Commission, the statutory body that regulates electric and gas utilities in BC, Canada. He brings with him over 10 years of hands-on industry experience working with multiple cybersecurity standards that include NERC CIP, ISA/IEC 62443, NIST Cybersecurity Framework and ISO 27001. He has wide-ranging experience in the electric utility industry in Canada and the United States and has undertaken multiple NERC CIP compliance activities with utilities across North America.

Sarosh has also been engaged with multiple cybersecurity activities for pulp and paper mills, oil refineries, natural gas facilities, metals processing and discrete manufacturing factories in Canada, the United States, the Middle East, Czech Republic and Australia.

Sarosh would now welcome an opportunity to contribute to the NERC Standards Committee from both a Canadian perspective and industry experience perspective.

Please complete this form no later than **Monday, October 25, 2021** and send to [Katrina Blackley](#).
