### **Next Steps**

In accordance with the Procedure for Election of Members of the Standards Committee contained in Appendix 3B of the NERC Rules of Procedure, to be elected a nominee must meet both of the following criteria:

- Receive the highest total number of votes in that Segment; and

- Receive a simple majority of the votes cast in that Segment.

If no candidate meets both criteria through the initial ballot, a second ballot will be conducted in that Segment. For the second ballot, the slate consists of the two candidates who received the highest number of votes in the initial ballot. The candidate receiving the highest number of votes in the second ballot is elected to represent that Segment.
