

Standards Committee Nomination Form

2016-2017 Term Elections

The North American Electric Reliability Corporation (NERC) [Standards Committee](#) (SC) has two members from each of the ten industry segments. Each SC member is elected by the segment he or she represents. The SC reports to the NERC Board of Trustees and oversees the development of NERC Reliability Standards by performing tasks governed by the [Standard Processes Manual](#), the [Standards Committee Charter](#), and the [SC Work Plan](#).

Any person may nominate any other person to serve on the SC, with the limitation that the nominee must be employed by or an agent of an entity that is registered in that segment of the [Registered Ballot Body](#) (RBB) of the [Standards Balloting and Commenting System](#). The nominee is not required to be the RBB representative from that organization.

Nominations are currently being accepted for each of the ten segments. Election of representatives is governed by the NERC Rules of Procedure, Appendix 3B: [Procedures for Election of Members of the Standards Committee](#).

You may use this form to nominate candidates for segments 1 through 10. You may submit more than one nomination. Please, however, use one form per nomination. You are welcome to nominate yourself.

Nominee's name and contact information.

E. Scott Miller
 Manager Regulatory Policy
 MEAG Power

October 1, 2015

Scott Miller has been working with NERC Standards and Compliance since 2008 in several capacities. He started by working on MEAG Power SERC generated spot checks, self-certifications and onsite audits developing policies and procedures, data retention and communication tools. He is currently the Manager of Regulatory Policy at MEAG Power.

He has been active with NERC and Regional Entity activities by serving as a quality review volunteer and co-chair of the CIP Interpretation Drafting Team. He has been a member of the Standards Committee (SC) and served as its Vice-Chair for two years. He participated in SERC compliance audits

as an Industry Subject Matter Expert in operations. He has worked closely with NERC Standards Staff assisting Standard Development Teams via the SC Project Management and Oversight Subcommittee (PMOS). He has closely worked with the Standards Committee Process Subcommittee (SCPS). Scott has worked on NERC committees seeking better representation of the unique needs of small to medium sized entities and he worked with industry trade groups identifying redundant or non-regulatory based standards which should be retired.

Prior to joining MEAG Power, Scott spent ten years progressing from Manager to the Director of Rates and Regulatory Affairs at a Midwest gas and electric vertically integrated utility testifying at Federal and State Commissions.

Scott works with the Large Public Power Council Electric Reliability Task Force Reliability Team (ERTFRT), American Public Power Association (APPA) and the North American Generator Forum (NAGF) on various NERC and Regional Entity issues.

Scott has a MBA with a quantitative analysis emphasis from Bradley University.

Please complete this form no later than **Monday, October 19, 2015** and send to monica.benson@nerc.net.
