Comment Period for Project 2006-01 — System Personnel Training Standard Opens June 18, 2008

The System Personnel Training Standard Drafting Team has posted its fourth draft of PER-005-1 — [System Personnel Training](http://www.nerc.com/~filez/standards/System-Personnel-Training.html) (Project 2006-01) along with an implementation plan, and a reference to aid in implementing the standard for a 30-day comment period from June 18 through July 17, 2008.

The purpose of the standard is to help ensure that that System Operators performing real-time, reliability-related tasks on the North American bulk electric system are competent to perform those reliability-related tasks. The proposed standard is applicable to Reliability Coordinators, Balancing Authorities, and Transmission Operators.

Please use this [electronic comment form](http://www.nerc.com/~filez/standards/System-Personnel-Training.html) to submit comments on the fourth draft of PER-005-1 by **July 17, 2008**.

If you need an off-line, unofficial copy of the questions in the comment form, there is a copy of the comment form posted at the following site:

<http://www.nerc.com/~filez/standards/System-Personnel-Training.html>

Please use only the electronic form to submit comments by July 17, 2008. If you experience any difficulties in using the electronic form, please contact Barbara Bogenrief at 609-452-8060.

Standards Development Process

The [Reliability Standards Development Procedure Manual](#) contains all the procedures governing the standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate.

*For more information or assistance, please contact Maureen Long,
Standards Process Manager, at maureen.long@nerc.net or at (813) 468-5998.*
