TO: REGISTERED BALLOT BODY

Ladies and Gentlemen:

Announcement: Recirculation Ballot Windows Open

The Standards Committee (SC) announces the following standards actions:

Recirculation Ballot Window for Urgent Action Revisions to BAL-004-0 is Open

The [recirculation ballot](#) for the [Urgent Action revisions to BAL-004-0](#) — Time Error Correction requested by the NERC Operating Committee is open through 8 p.m. (EST) Tuesday, December 4, 2007. The Standards Committee encourages all members of the Ballot Pool to review the Operating Committee's [consideration of initial ballot comments](#).

Members of the ballot pool may:

- Reconsider and change their vote from the first ballot.
- Vote in the second ballot even if they did not vote on the first ballot.
- Take no action if they do not want to change their original vote.

In the recirculation ballot, votes are counted by exception only — if a Ballot Pool member does not submit a revision to that member's original vote, the vote remains the same as in the first ballot.

Recirculation Ballot Window for Interpretation of CIP-006-1 (for SCE&G) is Open

The [recirculation ballot](#) for the [Interpretation of CIP-006-1](#) — Physical Security of Critical Cyber Assets requested by South Carolina Electric & Gas Company is open through 8 p.m. (EST) Tuesday, December 4, 2007. The Standards Committee encourages all members of the Ballot Pool to review the drafting team's [consideration of initial ballot comments](#).

Members of the ballot pool may:

- Reconsider and change their vote from the first ballot.
- Vote in the second ballot even if they did not vote on the first ballot.
- Take no action if they do not want to change their original vote.

In the recirculation ballot, votes are counted by exception only — if a Ballot Pool member does not submit a revision to that member's original vote, the vote remains the same as in the first ballot.

Standards Development Process

The [Reliability Standards Development Procedure](#) contains all the procedures governing the standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate. If you have any questions, please contact me at 813-468-5998 or maureen.long@nerc.net.

Sincerely,

Maureen E. Long
