

Updated Regional Reliability Standards Announcement

Northeast Power Coordinating Council
PRC-006-NPCC-2

Comment Period Open through June 21, 2019

[Now Available](#)

The Northeast Power Coordinating Council, Inc. (NPCC) requested that NERC post Regional Reliability Standard **PRC-006-NPCC-2 – Automatic Underfrequency Load Shedding** for industry review and comment in accordance with the NERC Rules of Procedure.

Background

The NPCC drafting team reviewed Regional Reliability Standard PRC-006-NPCC-1. The revisions made to PRC-006-NPCC-1 can be found in the [Summary of Changes](#).

Commenting

Use the [Standards Balloting and Commenting System \(SBS\)](#) to submit comments. If you experience any difficulties using the electronic form, contact [Nasheema Santos](#). The form must be submitted by **8 p.m. Eastern, Friday, June 21, 2019**. An unofficial Word version of the comment form is posted on the [Regional Reliability Standards Under Development](#) page.

Regional Reliability Standards Development Process

Section 300 of [NERC's Rules of Procedures of the Electric Reliability Organization](#) governs the regional reliability standards development process. Although the technical aspects of this Regional Reliability Standard have been vetted through NPCC's Regional Standards development process, the final approval process for a Regional Reliability Standard requires NERC publicly to notice and request comment on the criteria outlined in the unofficial comment form.

Documents and information about this project are available on the [NPCC's Standards In Development](#) page.

For more information or assistance, contact Senior Reliability Standards Analyst, [Nasheema Santos](#) (via email) or at (404) 446-2564.
