Re: *North American Electric Reliability Corporation*
Docket No. NP10-60-000

Dear Ms. Bose:

On March 1, 2010, the North American Electric Reliability Corporation (“NERC”) submitted a Notice of Penalty regarding a violation of Reliability Standard VAR-002-1 Requirement 3 for Midway Sunset Cogeneration Company. In the Basis for Determination section in the Notice of Penalty, NERC states that the VAR-002-1 R3 was “the first incidence of a violation by [Midway Sunset Cogeneration Company].” NERC wishes to clarify that the VAR-002-1 R3 violation is the first incidence of this Reliability Standard. As NERC stated in footnote 2 of the March 1, 2010 Notice of Penalty, on October 14, 2009, NERC submitted an Omnibus filing which addressed violations for certain registered entities including Midway Sunset Cogeneration Company which had a violation of PRC-005-1 R2.

Accordingly, NERC respectfully requests that the Commission accept this errata filing and issue an order consistent with the comments provided herein.

Respectfully submitted,

/s/ Rebecca J. Michael
