I. INTRODUCTION

The North American Electric Reliability Corporation (NERC) hereby submits its compliance filing in response to the Commission's June 1, 2009 Order in Docket Nos. RR06-1-021, RR07-1-005, RR07-2-005, RR07-3-006, RR07-4-005, RR07-5-006, RR07-6-007, RR07-7-007, and RR07-8-006.¹ In response to and compliance with the directives in the June 1 Order, NERC is submitting with this compliance filing a revised NERC uniform Compliance Monitoring and Enforcement Program document (CMEP), Attachment 4C to the NERC Rules of Procedure. **Attachment 1** to this compliance filing is a clean version of the revised uniform CMEP. **Attachment 2** to this filing is a redlined version of the revised uniform CMEP, showing the revisions in legislative style. The revisions being made to the uniform CMEP are to (i) §6.5 and (ii) Figure 6.1, and are being made in response to PP 16-19 of the June 1 Order. The NERC Board of Trustees approved the proposed revisions by an action without a meeting effective July 27, 2009.

In Exhibit D to the Delegation Agreement between NERC and each of the Regional Entities, the Regional Entity agrees to implement the uniform CMEP, with such deviations, if any, as are noted in Exhibit D. Three of the Regional Entities – Florida Reliability Coordinating Council (FRCC), ReliabilityFirst Corporation (ReliabilityFirst), and Western Electricity Coordinating Council (WECC) – have each elected to have its CMEP document included as an attachment to Exhibit D to its Delegation Agreement. FRCC, ReliabilityFirst and WECC have reviewed the proposed revisions to the uniform CMEP being submitted with this filing, and each has advised NERC that upon acceptance of the revisions by the Commission, the Regional Entity will make conforming changes to its CMEP that is included in Exhibit D to its Delegation

Agreement. The other five Regional Entities have also reviewed the proposed revisions to the uniform CMEP being submitted with this filing and advised NERC that they are in agreement with them.² Upon acceptance by the Commission of the revisions to the uniform CMEP being submitted in this filing, and assuming no further directives for changes, NERC intends to file with the Commission a complete, executed set of the current Delegation Agreements.

III. RESPONSES TO DIRECTIVES IN JUNE 1 ORDER

June 19 Order, PP 16-18:

16. We accept NERC’s proposed revisions to section 6.5 and figure 6.1 [of the uniform CMEP], subject to conditions. In the December 19 Order, the Commission directed NERC to amend section 6.5 to provide that, after approving a proposed mitigation plan, a Regional Entity will submit the mitigation plan to NERC by a specified date. While NERC’s proposed revision specifies the date (five business days) by which the Regional Entity will notify NERC and the registered entity of the acceptance of a mitigation plan, NERC’s proposed revision fails to

²Midwest Reliability Organization, Northeast Power Coordinating Council, Inc., SERC Reliability Corporation, Southwest Power Pool Regional Entity, and Texas Regional Entity, a Division of the Electric Reliability Council of Texas.

specify, with sufficient clarity, the date by which the Regional Entity will provide the accepted mitigation plan to NERC. Accordingly, we construe NERC's proposed revision to require that the mitigation plan be provided to NERC within five business days following its acceptance by the Regional Entity.

17. NERC's proposed revisions to section 6.5 also fail to provide that within 30 days after receiving an accepted mitigation plan NERC will notify the Regional Entity and the Registered Entity, on a *contemporaneous* basis, as to whether NERC approves or disapproves the mitigation plan. We require NERC, in its compliance filing, to make this revision.

18. NERC also proposes to revise section 6.5 to state that a registered entity "shall not be subject to findings of violations of Reliability Standards or to imposition of penalties or sanctions for such violations" during the time period in which NERC is considering a mitigation plan accepted by a Regional Entity. We construe this language to refer only to findings of violations and imposition of penalties or sanctions for violations of the specific requirements of particular Reliability Standards that are listed in a specific mitigation plan.

NERC Response:

In response to the directive in P 17 concerning §6.5 of the uniform CMEP, and the Commission's construction of the text of §6.5 in PP 16 and 18, NERC is proposing the following revisions to the third paragraph of §6.5:

Within five (5) business days after a Regional Entity accepts a Mitigation Plan, the Regional Entity (i) will notify NERC and the Registered Entity ~~within five (5) business days~~ of the acceptance of the a Mitigation Plan and (ii) will provide the accepted Mitigation Plan to NERC. NERC will review the accepted Mitigation Plan and, within thirty (30) days following its receipt of the Mitigation Plan from the Regional Entity, will notify the Regional Entity and the Registered Entity, on a contemporaneous basis, as to whether the Mitigation Plan is approved or disapproved by NERC. If NERC disapproves a Mitigation Plan that was accepted by the Regional Entity, NERC shall state its reasons for the rejection, and may state the changes to the Mitigation Plan that would result in approval by NERC. The Registered Entity shall not be subject to findings of violations of the specific requirements of Reliability Standards that are the subject of the Mitigation Plan or to imposition of penalties or sanctions for such violations with respect to the period of time the Mitigation Plan was under consideration by NERC and for a reasonable period following NERC's disapproval of the Mitigation Plan, so long as the Registered Entity promptly submits a modified Mitigation Plan that addresses the concerns identified by NERC.

The revisions to the first sentence of the paragraph are consistent with P 16 of the June 1 Order and make it unambiguous that the Regional Entity is to provide the accepted Mitigation

Plan to NERC within five business days after the Regional Entity accepts the Mitigation Plan. The revision to the second sentence of the paragraph responds to the directive in P 17 of the June 1 Order by stating that NERC shall notify the Regional Entity and the Registered Entity, on a contemporaneous basis, of NERC's approval or disapproval of the Mitigation Plan. The revisions to the fourth sentence of the paragraph are consistent with P 18 of the June 18 Order and make it unambiguous that the findings of violations and imposition of penalties therefor to which the Registered Entity is not subject during the period NERC is reviewing the Mitigation Plan (and for a reasonable time thereafter if NERC disapproves the Mitigation Plan, so long as the Registered Entity promptly submits a modified Mitigation Plan that addresses the concerns identified by NERC), are violations of the specific requirements of Reliability Standards that are the subject of the Mitigation Plan.

June 1 Order, P 19:

In addition, we direct NERC to make the conforming changes to figure 6.1 of the CMEP, to which TANC [Transmission Agency of Northern California] and NERC agree.

NERC Response:

The revised uniform CMEP in **Attachments 1 and 2** includes revised Figure 6.1, Mitigation Plan Process.³ Revised Figure 6.1 was previously submitted to the Commission as Attachment 1 to the "Motion to Answer and Answer of the North American Electric Reliability Corporation to Comments on Compliance Filing in Response to December 19, 2008 Order", filed March 18, 2009 in these dockets.⁴ The revised Figure 6.1 now shows that (1) when the

³ **Attachment 2** does not contain a redlined version of revised Figure 6.1 of the uniform CMEP, but rather includes a clean version of revised Figure 6.1, due to the difficulty of marking the Figures in legislative style.

⁴ See June 1 Order at PP 14-15.

Compliance Enforcement Authority (CEA) accepts a proposed Mitigation Plan, the CEA will notify both the ERO (NERC) and the Registered Entity of the acceptance, and (2) when the ERO approves the proposed Mitigation Plan, the ERO will notify both the CEA and the Registered Entity.

IV. CONCLUSION

The North American Electric Reliability Corporation respectfully requests that the Commission (i) accept this filing, including **Attachments 1 and 2**, as compliance with the directives in the June 1 Order, and (ii) approve the proposed revisions to the NERC uniform CMEP provided in **Attachments 1 and 2** to this filing.

Compliance Monitoring and Enforcement Program

COMPLIANCE MONITORING AND ENFORCEMENT PROGRAM

1.0 INTRODUCTION

This Compliance Monitoring and Enforcement Program (“Compliance Program”) is the program to be used by the North American Electric Reliability Corporation (“NERC”) and the Regional Entities to monitor, assess, and enforce compliance with Reliability Standards within the United States. This is accomplished through compliance monitoring and rigorous proactive Compliance Audits. Compliance monitoring and enforcement programs also will be implemented in Canada consistent with Canadian laws and agreements.

1.1 Definitions

- 1.1.1** Alleged Violation: A potential violation for which the Compliance Enforcement Authority has determined that evidence exists to indicate a Registered Entity has violated a Reliability Standard.
- 1.1.2** Annual Audit Plan: A plan developed annually by the Compliance Enforcement Authority that includes the Reliability Standards and Registered Entities to be audited, the schedule of Compliance Audits, and Compliance Audit Participant requirements for the calendar year.
- 1.1.3** Applicable Governmental Authority: The Federal Energy Regulatory Commission (“FERC”) within the United States and the appropriate governmental authority with subject matter jurisdiction over reliability in Canada and Mexico.
- 1.1.4** Complaint: An allegation that a Registered Entity violated a Reliability Standard.
- 1.1.5** Compliance Audit: A systematic, objective review and examination of records and activities to determine whether a Registered Entity meets the requirements of applicable Reliability Standards.
- 1.1.6** Compliance Audit Participants: Registered Entities scheduled to be audited and the audit team members.
- 1.1.7** Compliance Enforcement Authority: NERC or the Regional Entity in their respective roles of monitoring and enforcing compliance with the NERC Reliability Standards.
- 1.1.8** Compliance Violation Investigation: A comprehensive investigation, which may include an on-site visit with interviews of the appropriate personnel, to determine if a violation of a Reliability Standard has occurred.
- 1.1.9** Confirmed Violation: An Alleged Violation for which an entity has: 1) accepted the finding of the violation by a Regional Entity or NERC and

Compliance Monitoring and Enforcement Program

will not seek an appeal, 2) completed the appeals process within NERC, or 3) allowed the time for submitting an appeal to NERC to expire.

- 1.1.10 Exception Reporting:** Information provided to the Compliance Enforcement Authority by a Registered Entity indicating that a violation of a Reliability Standard has occurred (e.g., a system operating limit has been exceeded). Some Reliability Standards require Exception Reporting.
- 1.1.11 Mitigation Plan:** An action plan developed by a Registered Entity to (i) correct a violation of a Reliability Standard and (ii) prevent re-occurrence of the violation. A Mitigation Plan is required when a Registered Entity violates a Reliability Standard as determined by any means including Compliance Enforcement Authority decision, Settlement Agreement, or otherwise.
- 1.1.12 NERC Compliance Registry:** A compilation of the Regional Compliance Registries from each Regional Entity plus the entities for which NERC serves as the Compliance Enforcement Authority.
- 1.1.13 NERC Compliance Monitoring and Enforcement Program Implementation Plan or NERC Implementation Plan:** The annual NERC Compliance Monitoring and Enforcement Program Implementation Plan that specifies the Reliability Standards that are subject to reporting by Registered Entities to the Compliance Enforcement Authority in order to verify compliance and identifies the appropriate monitoring procedures and reporting schedules for each such Reliability Standard.
- 1.1.14 Periodic Data Submittals:** Modeling, studies, analyses, documents, procedures, methodologies, operating data, process information or other information to demonstrate compliance with Reliability Standards and provided by Registered Entities to the Compliance Enforcement Authority on a time frame required by a Reliability Standard or an ad hoc basis.
- 1.1.15 Regional Compliance Registry:** A list, pursuant to Section 500 of the NERC Rules of Procedure and the NERC *Statement of Compliance Registry Criteria* of the owners, operators or users of the bulk power system or the entities registered as their designees for the purpose of compliance within a Regional Entity's geographic footprint that perform one or more functions in support of reliability of the bulk power system. The Registry is used to determine the Reliability Standards applicable to the Registered Entity.
- 1.1.16 Regional Implementation Plan:** An annual plan, submitted by November 1 of each year to NERC for approval that, in accordance

Compliance Monitoring and Enforcement Program

with NERC Rule of Procedure Section 401.6 and the NERC Compliance Monitoring and Enforcement Program Implementation Plan, identifies (1) all Reliability Standards identified by NERC to be actively monitored during each year, (2) other Reliability Standards proposed for active monitoring by the Regional Entity, (3) the methods to be used by the Regional Entity for reporting, monitoring, evaluation, and assessment of performance criteria with each Reliability Standard, and (4) the Regional Entity's Annual Audit Plan.

- 1.1.17** Registered Entity: An owner, operator, or user of the bulk power system or the entities registered as their designees for the purpose of compliance that is included in the NERC and Regional Compliance Registry.
- 1.1.18** Remedial Action Directive: An action (other than a penalty or sanction) required by a Compliance Enforcement Authority that (1) is to bring a Registered Entity into compliance with a Reliability Standard or to avoid a Reliability Standard violation, and (2) is immediately necessary to protect the reliability of the bulk power system from an imminent threat.
- 1.1.19** Required Date: The date given a Registered Entity in a notice from the Compliance Enforcement Authority by which some action by the Registered Entity is required. Such date shall provide the Registered Entity a reasonable period of time in which to take the required action, given the circumstances and the action required.
- 1.1.20** Self-Certification: Attestation by a Registered Entity of compliance or non-compliance with Reliability Standards for which Self-Certification is required by the Compliance Enforcement Authority and that are included for monitoring in the Regional Implementation Plan.
- 1.1.21** Self-Reporting: A report by a Registered Entity of a violation of a Reliability Standard, based on its own assessment, in order to provide prompt reports of any Reliability Standard violation and the actions that were taken or will be taken to resolve the violation.
- 1.1.22** Spot Checking: A process in which the Compliance Enforcement Authority requests a Registered Entity to provide information to support the Registered Entity's Self-Certification, Self-Reporting, or Periodic Data Submittal and to assess whether the Registered Entity complies with Reliability Standards. Spot Checking may also be random or initiated in response to events, as described in the Reliability Standards, or by operating problems or system events. Spot Checking may require an on-site review to complete.

Compliance Monitoring and Enforcement Program

2.0 IDENTIFICATION OF ORGANIZATIONS RESPONSIBLE FOR COMPLYING WITH RELIABILITY STANDARDS

The Compliance Enforcement Authority shall register the organizations responsible for complying with Reliability Standards, in accordance with Section 500 of the NERC Rules of Procedure. The Compliance Enforcement Authority shall identify the owners, operators, and users of the bulk power system that meet the definition of Registered Entities within the Compliance Enforcement Authority's area of responsibility. Each Registered Entity shall inform the Compliance Enforcement Authority promptly of changes to its registration information. The Compliance Enforcement Authority shall inform each Registered Entity at the time of registration of the Reliability Standards that are applicable to the Registered Entity. The Compliance Enforcement Authority shall maintain on its website a current listing of Reliability Standards that are applicable to all Registered Entities.

The Compliance Enforcement Authority will designate a contact person(s) and require each Registered Entity to designate a contact person(s) responsible for sending and receiving all necessary information and communications concerning compliance matters. The Compliance Enforcement Authority will designate where Registered Entities are to send information, data, Mitigation Plans, or any other compliance-related correspondence.

Each Regional Entity shall develop, maintain, and provide to NERC a Regional Compliance Registry with updates as changes occur to the registry. NERC shall maintain the NERC Compliance Registry on its web site. NERC will provide FERC and Applicable Governmental Authorities monthly updates to the NERC Compliance Registry.

As provided for herein, during the course of compliance monitoring and enforcement activities relating to U.S. entities, NERC may obtain information that it will provide to FERC and, if the information pertains to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, to such other Applicable Governmental Authority. However, NERC will not provide non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosures and subject to such limitations as FERC may place on such disclosures. Similarly, during the course of compliance monitoring and enforcement activities relating to non-U.S. entities, NERC may obtain information that it will provide to the Applicable Governmental Authorities, including FERC, that have jurisdiction over the Registered Entity or the portion of the bulk power system to which the information pertains, but subject to any limitations placed on the disclosure of non-public, non-U.S. compliance information by the Applicable Governmental Authority with jurisdiction or by other law of the applicable jurisdiction. In any notice to, and request for permission to disclose compliance information from, FERC or another Applicable Governmental Authority pursuant to any provision of this Compliance Program, NERC will identify each Applicable Governmental Authority to which it proposes to disclose the information and the specific procedures that will be used for protecting from public disclosure any non-public compliance information that will be transferred to the other Applicable Governmental Authority or Authorities. The provisions of this paragraph do not apply to the provision by NERC to an Applicable Governmental Authority of information that is not directly related to a specific Registered Entity's compliance with a requirement of a Reliability Standard.

Compliance Monitoring and Enforcement Program

3.0 COMPLIANCE MONITORING AND ENFORCEMENT PROCESSES

The Compliance Enforcement Authority will monitor, assess, and enforce compliance with Reliability Standards using eight (8) monitoring processes to collect information in order to make assessments of compliance: (1) Compliance Audits, (2) Self-Certifications, (3) Spot Checking, (4) Compliance Violation Investigations, (5) Self-Reporting, (6) Periodic Data Submittals, (7) Exception Reporting, and (8) Complaints. These processes are described in Sections 3.1 through 3.8 below.

Enforcement actions taken by the Compliance Enforcement Authority through the Compliance Program may include the imposition of remedial actions, sanctions, and penalties, where applicable, which shall be based on the schedule of penalties and sanctions approved for implementation by FERC and other Applicable Governmental Authorities. The imposition and acceptance of sanctions and penalties shall not be considered an acceptable alternative to any Registered Entity's continuing obligation to comply with the Reliability Standards. Registered Entities found in violation of a Reliability Standard will be required to mitigate the violation regardless of any enforcement actions taken.

The Compliance Program requires timely data from Registered Entities to effectively monitor compliance with Reliability Standards. If data, information or other reports to determine compliance requested from a Registered Entity are not received by the Required Date, the Compliance Enforcement Authority may execute the steps described in **Attachment 1, Process for Non-submittal of Requested Data**.

Parties engaged in the process described in this section should consult with each other on the data and information that would be appropriate for effectively addressing this section's process requirements. If a party believes that a request for data or information is unreasonable, the party may request a written determination from the NERC compliance program officer.

Any report or other submission of information by a Registered Entity required by the Compliance Program shall be signed by an officer, employee, attorney or other authorized representative of the Registered Entity. Electronic signatures are permitted in accordance with processes established by NERC and the Regional Entity. NERC or the Compliance Enforcement Authority may require the signer to provide a statement of the basis of his or her authority to sign on behalf of the Registered Entity.

Figure 3.0 NERC Compliance Program Process depicts the overall process steps for the Compliance Program and each of the subsequent process diagrams are either inputs to the overall process or represent an expansion of a single process (e.g., hearing process) shown on this diagram.

Compliance Monitoring and Enforcement Program

NERC Compliance Monitoring and Enforcement Program Overview

Compliance Monitoring and Enforcement Program

3.1 Compliance Audits

All Registered Entities are subject to audit for compliance with all Reliability Standards applicable to the functions for which the Registered Entity is registered. Compliance Audits are conducted on the Registered Entity's site to the extent required by NERC Rule of Procedure 403.11.2. Compliance Audit processes for Compliance Audits conducted in the United States shall be based on professional auditing standards recognized in the U.S., including Generally Accepted Auditing Standards, Generally Accepted Government Auditing Standards and standards sanctioned by the Institute of Internal Auditors. Compliance Audit processes for Compliance Audits conducted outside the U.S. may be based on Canadian or other international standards. All Compliance Audits shall be conducted in accordance with audit guides established for the Reliability Standards included in the Compliance Audit, consistent with accepted auditing guidelines as approved by NERC. The audit guides will be posted on NERC's website.

3.1.1 Compliance Audit Process Steps

The process steps for a Compliance Audit are as follows and as shown on **Figure 3.1**:¹

- The Compliance Enforcement Authority distributes the Annual Audit Plan (developed in coordination with NERC) to the Compliance Audit Participants and NERC. The Compliance Enforcement Authority provides additional information to the Compliance Audit Participants, including audit materials, coordinating agendas and changes to the audit schedule as required. Prior to the Compliance Audit, the Compliance Enforcement Authority informs the Registered Entity of the Reliability Standards to be evaluated. NERC or the Regional Entity provides the audit schedules to FERC and to any other Applicable Governmental Authority based upon the agreements in place with the other Applicable Governmental Authority.
- At least two (2) months prior to commencement of a regularly scheduled Compliance Audit, the Compliance Enforcement Authority notifies the Registered Entity of the Compliance Audit, identifies the audit team members and their recent employment history, and requests data, including a completed NERC pre-audit questionnaire. If the audit team members change from the time of the original notification, the Compliance Enforcement Authority will promptly notify the Registered Entity of the change and will allow time for the Registered Entity to object to the member (see Section 3.1.5).
- The Registered Entity provides to the Compliance Enforcement Authority the required information in the format specified in the request.
- The audit team reviews the submitted information for conformance with the requirements of the Reliability Standards prior to performing the Compliance Audit. The audit team follows NERC audit guidelines in the implementation of the Compliance Audit. This shall include conducting an exit briefing with the Registered Entity, providing for a review of the audit report with the Registered Entity before it is finalized, and issuing an

¹This process normally completes within sixty (60) days of the completion of the on-site Compliance Audit work at the Registered Entity's site.

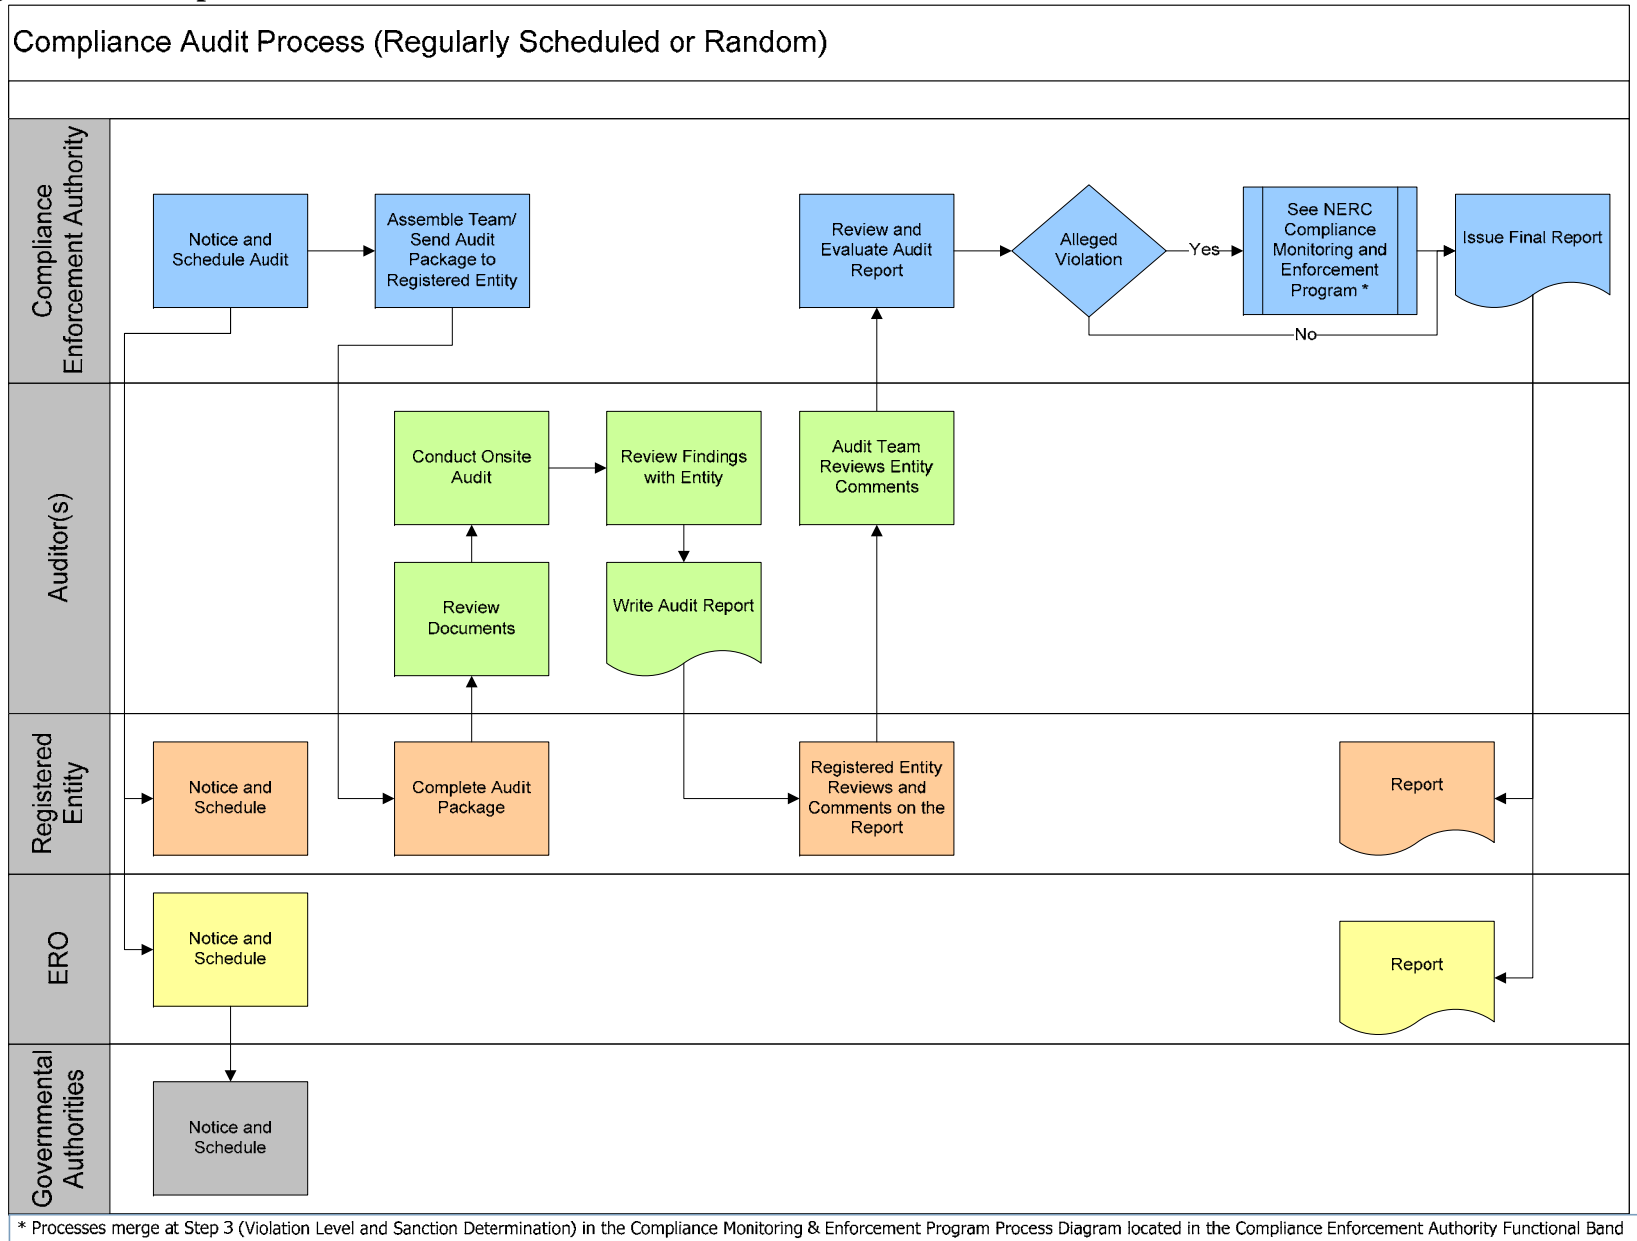

Compliance Monitoring and Enforcement Program

audit report, including an assessment of compliance with the Reliability Standards, to the Compliance Enforcement Authority.

- The Compliance Enforcement Authority reviews the report developed by the audit team and completes an assessment of any Alleged Violations with the Reliability Standards identified in the report.
- The Compliance Enforcement Authority provides the final audit report to the Registered Entity and to NERC.
- If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3 (Notice of Alleged Violation) of the Compliance Program Process shown in **Figure 3.0**.
- Regional Entities will notify NERC of any Alleged Violations as required by Section 8.0.

Compliance Monitoring and Enforcement Program

Compliance Monitoring and Enforcement Program

3.1.2 Compliance Enforcement Authority Annual Audit Plan and Schedule

The Compliance Enforcement Authority shall develop an Annual Audit Plan. The Annual Audit Plan of Regional Entities will be included in the Regional Implementation Plans submitted to NERC for review and approval (see Section 4.2). NERC or the Regional Entity provides the Annual Audit Plans to FERC and to any other Applicable Governmental Authority consistent with the agreements in place with the Applicable Governmental Authority.

Prior to January 1 of the year covered by the Annual Audit Plan, the Compliance Enforcement Authority shall notify Registered Entities subject to Compliance Audits during the upcoming year, of the audit schedules, methods, and data requirements for the audit. The Compliance Enforcement Authority will give due consideration to any schedule changes requested by Registered Entities to avoid unnecessary burdens.

Revisions and additions to a Regional Entity Annual Audit Plan shall be approved by NERC and the Registered Entity shall be notified in a timely manner (normally 60 days in advance) of changes or revisions to scheduled audit dates.

3.1.3 Frequency of Compliance Audits

The Compliance Enforcement Authority will perform comprehensive Compliance Audits as required by the NERC Rules of Procedure based on criteria established by NERC. Additionally, an unscheduled Compliance Audit of any Registered Entity (i) may be initiated at any time by the Compliance Enforcement Authority if reasonably determined to be necessary to ensure the Registered Entities' compliance with Reliability Standards, and (ii) shall be initiated by the Compliance Enforcement Authority or by NERC if directed by FERC. Prior to or on the same date it notifies the Registered Entity that an unscheduled Compliance Audit is being initiated, the Compliance Enforcement Authority shall notify NERC and FERC that an unscheduled Compliance Audit is being initiated. The Registered Entity shall receive at least ten (10) business days advance notice that an unscheduled Compliance Audit is being initiated, which notice shall include identification of the members of the Compliance Audit team. The Registered Entity shall make any objections to the composition of the Compliance Audit team, which shall be based on failure to meet the criteria specified in Section 3.1.5, at least five (5) business days prior to the start of on-site audit work for the unscheduled Compliance Audit.

3.1.4 Scope of Compliance Audits

A Compliance Audit will include all Reliability Standards applicable to the Registered Entity monitored in the NERC Implementation Plans in the current and three previous years, and may include other Reliability Standards applicable to the Registered Entity. If a Reliability Standard does not require retention of data for the full period of the Compliance Audit, the Compliance Audit will be applicable to the data retention period specified in the Reliability Standard.

3.1.5 Conduct of Compliance Audits

The audit team shall be comprised of staff personnel from the Compliance Enforcement Authority and may include contractors and industry volunteers as determined by the Compliance Enforcement Authority to be appropriate to comprise a sufficient audit team. The audit team

Compliance Monitoring and Enforcement Program

leader shall be a staff member from the Compliance Enforcement Authority and is responsible for the conduct of the Compliance Audit and preparation of the audit report. At their discretion, NERC Compliance Staff may participate on any Regional Entity Compliance Audit team either as an observer or as an audit team member as determined by the Regional Entity. Additionally, FERC and other regulatory bodies with regulatory authority for the Registered Entity may participate on the audit team for any Compliance Audit of a Registered Entity.

Each audit team member must:

- Be free of conflicts of interests. For example, employees or contractors of the Registered Entity being audited shall not be allowed to participate as auditors in the Compliance Audit of the Registered Entity.
- Comply with the NERC Antitrust Compliance Guidelines and shall have either signed appropriate confidentiality agreements or acknowledgments that the confidentiality agreement signed by the Compliance Enforcement Authority is applicable.
- Successfully complete all NERC or NERC-approved Regional Entity auditor training applicable to the Compliance Audit. As a transitional matter, for Compliance Audits conducted prior to January 1, 2008, at least a majority of audit team members must have successfully completed such training.

Prior to the Compliance Audit, copies of executed confidentiality agreements or acknowledgements will be provided to the Registered Entity.

A Registered Entity subject to a Compliance Audit may object to any member of the audit team on grounds of a conflict of interest or the existence of other circumstances that could interfere with the team member's impartial performance of his or her duties. Such objections must be provided in writing to the Compliance Enforcement Authority no later than fifteen (15) days prior to the start of on-site audit work. This fifteen (15) day requirement shall not apply (i) where an audit team member has been appointed less than twenty (20) days prior to the start of on-site audit work, in which case the Registered Entity must provide any objections to the Compliance Enforcement Authority within five (5) business days after receiving notice of the appointment of the Compliance Audit team member; and (ii) in the case of an unscheduled Compliance Audit pursuant to Section 3.1.3, in which case the Registered Entity must provide any objections to the Compliance Enforcement Authority at least five (5) business days prior to the start of start of on-site audit work for the unscheduled Compliance Audit. The Compliance Enforcement Authority will make a final determination on whether the member will participate in the Compliance Audit of the Registered Entity. Nothing in this paragraph shall be read to limit the participation of NERC or FERC staff in the Compliance Audit.

3.1.6 Compliance Audit Reports

The audit team shall develop a draft audit report that shall include a description of the objective, scope, and methodology of the Compliance Audit; identify any Alleged Violations of Reliability Standards; identify any Mitigation Plans or Remedial Action Directives, which have been completed or pending in the year of the Compliance Audit; and identify the nature of any confidential information redacted. A separate document may be prepared that contains

Compliance Monitoring and Enforcement Program

recommendations of the audit team. Any recommendations contained in that document will be considered non-binding. The draft report will be provided to the Registered Entity for comment.

The audit team will consider corrections based on comments of the Registered Entity and provide the final audit report to the Compliance Enforcement Authority who will review the report and assess compliance with the Reliability Standards and provide the Registered Entity with a copy of the final report. Regional Entities will provide the final report to NERC, which will in turn provide the report to FERC if the report pertains to a Registered Entity or to a portion of the bulk power system over which FERC has jurisdiction and/or to another Applicable Governmental Authority if the report pertains to a Registered Entity or to a portion of the bulk power system over which the other Applicable Governmental Authority has jurisdiction. Provided, that NERC will not disclose non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosure and subject to such limitations as FERC may place on such disclosure; and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission for such disclosure from the Applicable Governmental Authority with jurisdiction over the Registered Entity or the portion of the bulk power system to which such non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction. The Registered Entity shall receive the final audit report at least five (5) business days prior to the release of the report to the public. Work papers and other documentation associated with the audit shall be maintained by the Compliance Enforcement Authority in accordance with NERC requirements.

In the event the audit report identifies Alleged Violations, the final audit report, or pertinent part thereof identifying the Alleged Violation(s) and any proposed penalty or sanction(s), shall not be released to the public by NERC or the Compliance Enforcement Authority until (i) NERC submits a notice of penalty to FERC, or (ii) such Alleged Violation(s) have been admitted by the Registered Entity or resolved by a settlement with the Compliance Enforcement Authority pursuant to the provisions of Section 5.0.

Information deemed by a Compliance Enforcement Authority or the Registered Entity as critical energy infrastructure information or confidential information (as defined in Section 1501 of the NERC Rules of Procedure) shall be redacted from any public reports.

3.2 Self-Certification

The Compliance Enforcement Authority may require Registered Entities to self-certify their compliance with Reliability Standards.

If a Self-Certification accurately identifies a violation of a Reliability Standard, an identification of the same violation in a subsequent Compliance Audit or Spot Check will not subject the Registered Entity to an escalated penalty as a result of the Compliance Audit process unless the severity of the violation is found to be greater than reported by the Registered Entity in the Self-Certification.

Compliance Monitoring and Enforcement Program

3.2.1 Self-Certification Process Steps

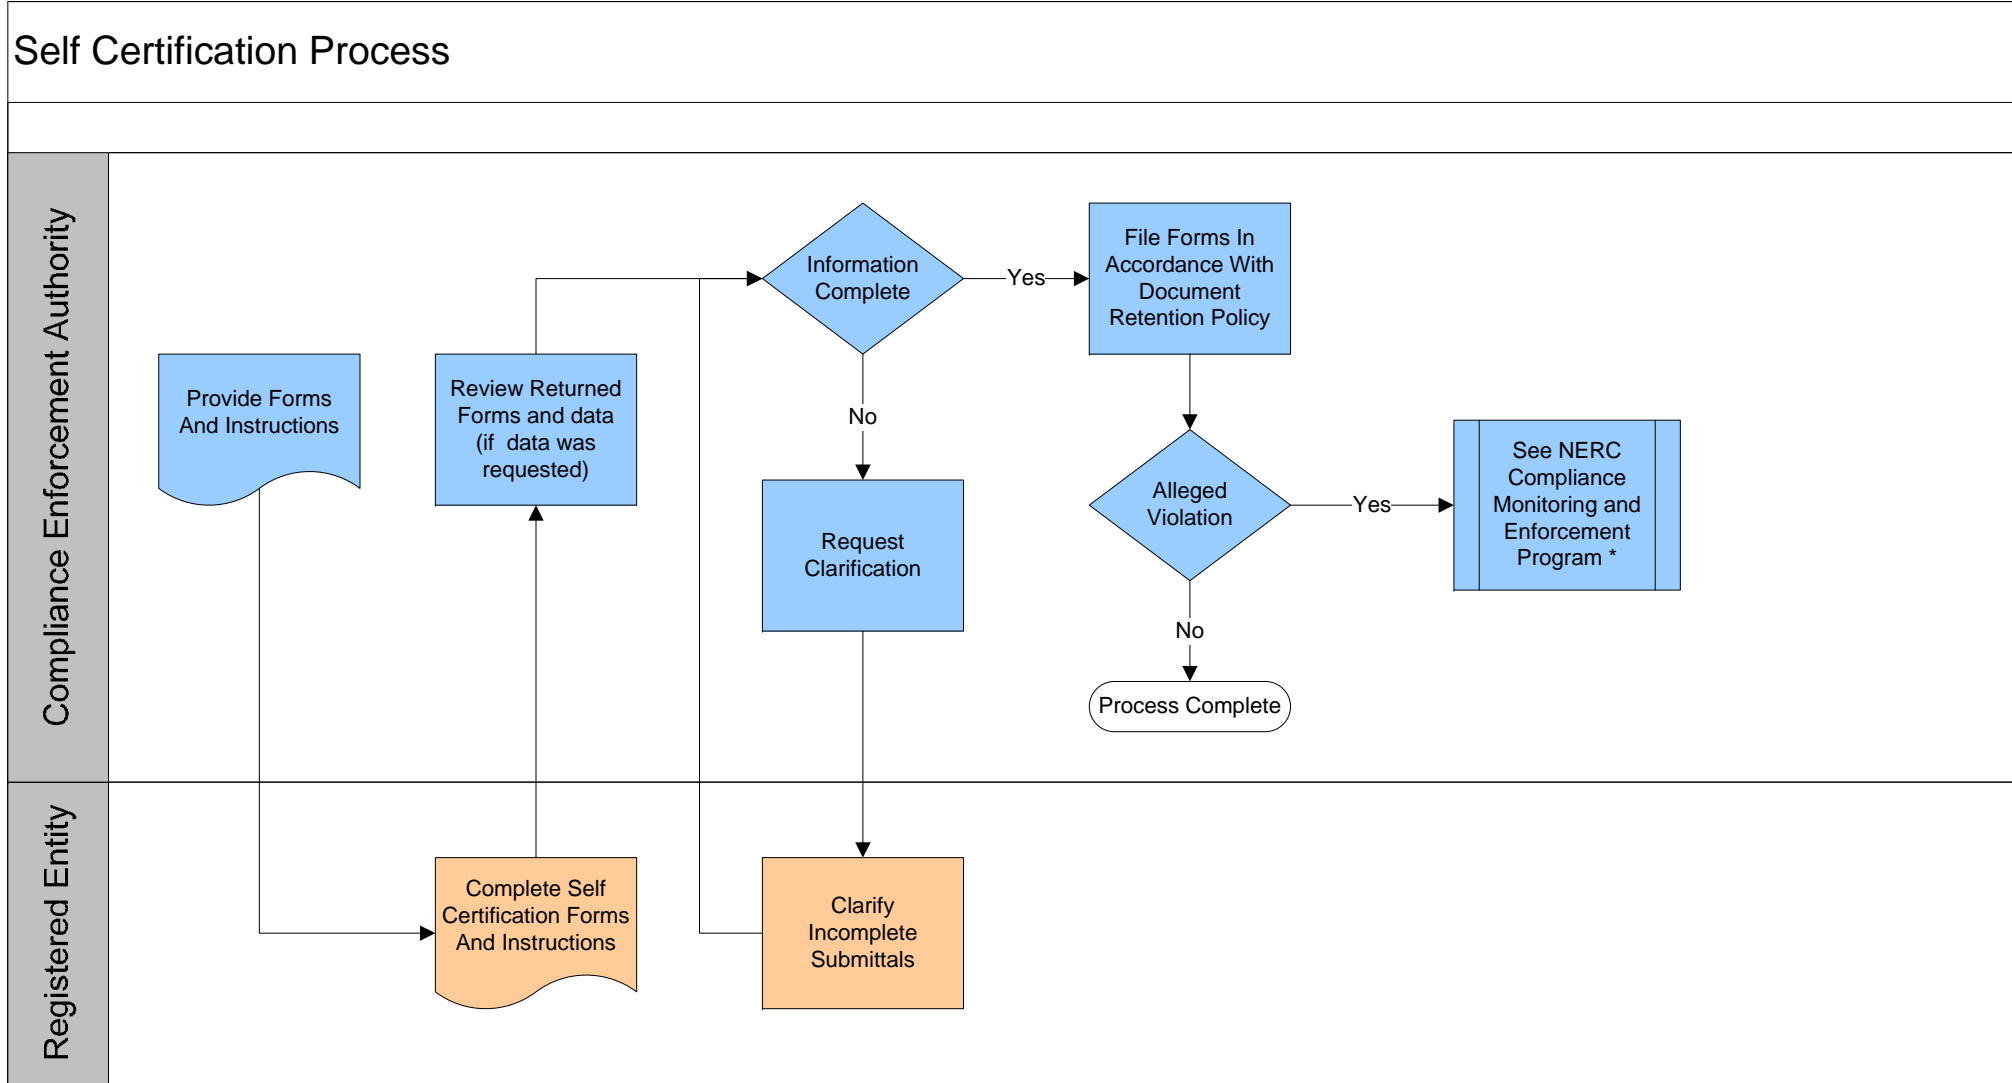

The process steps for the Self-Certification process are as follows and as shown in **Figure 3.2.1**:²

- The Compliance Enforcement Authority posts and updates the reporting schedule and informs Registered Entities. The Compliance Enforcement Authority ensures that the appropriate Reliability Standards, compliance procedures, and required submittal forms for the Reliability Standards being evaluated are maintained and available electronically.
- The Compliance Enforcement Authority requests the Registered Entity to make a Self-Certification within the advance notice period specified by the Reliability Standard. If the Reliability Standard does not specify the advance notice period, this request will be issued in a timely manner (normally thirty (30) days advance notice).
- The Registered Entity provides the required information to the Compliance Enforcement Authority.
- The Compliance Enforcement Authority reviews information to determine compliance with the Reliability Standards and may request additional data and/or information if necessary.
- The Compliance Enforcement Authority completes the assessment of the Registered Entity for compliance with the Reliability Standard (and with the Registered Entity's Mitigation Plan, if applicable). If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3 (Notice of Alleged Violation) of the Compliance Program Process shown in **Figure 3.0**
- Regional Entities will notify NERC of any Alleged Violations as required by Section 8.0.

²If no non-compliances are found, this process normally completes within sixty (60) days of the Compliance Enforcement Authority's receipt of data.

Compliance Monitoring and Enforcement Program

3.3 Spot Checking

Spot Checking will be conducted by the Compliance Enforcement Authority. Spot Checking may be initiated by the Compliance Enforcement Authority at any time to verify or confirm Self-Certifications, Self Reporting, and Periodic Data Submittals. Spot Checking may also be random or may be initiated in response to events, as described in the Reliability Standards, or by operating problems, or system events. The Compliance Enforcement Authority then reviews the information submitted to verify the Registered Entity's compliance with the Reliability Standard. Compliance auditors may be assigned by the Compliance Enforcement Authority as necessary.

3.3.1 Spot Checking Process Steps

The process steps for Spot Checking are as follows and as shown in **Figure 3.3.1**:³

- The Compliance Enforcement Authority notifies the Registered Entity that Spot Checking will be performed and the reason for the spot check within the advance notice period specified by the Reliability Standard. If the Reliability Standard does not specify the advance notice period, any information submittal request made by the Compliance Enforcement Authority will allow at least twenty (20) days for the information to be submitted or available for review.
- The Compliance Enforcement Authority, during the advance notice period, notifies the Registered Entity of the names and employment histories of the persons who will be conducting the Spot Checking. The Registered Entity may object to inclusion of any individual on the Spot Checking team in accordance with Section 3.1.5. Any such objections must be submitted by the later of (i) five (5) business days before the information being requested by the Compliance Enforcement Authority is submitted and (ii) five (5) business days after the Registered Entity is notified of the persons on the Spot Checking team. Nothing in this step shall be read to limit the participation of NERC or FERC staff on the Spot Checking Team.
- The spot check may require submission of data, documentation, or possibly an on-site review.
- The Registered Entity provides required information to the Compliance Enforcement Authority in the format specified in the request.
- The Compliance Enforcement Authority reviews information to determine compliance with the Reliability Standards and may request the additional data and/or information if necessary for a complete assessment of compliance.
- The Compliance Enforcement Authority reviews its draft assessment of the Registered Entity's compliance with the Registered Entity and provides an opportunity for the Registered Entity to comment on the draft assessment.

³If no alleged violations are found, this process normally completes within ninety (90) days of the Compliance Enforcement Authority's receipt of data.

Compliance Monitoring and Enforcement Program

- The Compliance Enforcement Authority completes and documents the assessment of the Registered Entity for compliance with the Reliability Standard and provides a report to the Registered Entity indicating the results of the spot check.
- If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3 (Notice of Alleged Violation) of the Compliance Program Process shown in **Figure 3.0**
- Regional Entities will notify NERC of any Alleged Violations as required by Section 8.0.

Compliance Monitoring and Enforcement Program

3.4 Compliance Violation Investigations

A Compliance Violation Investigation may be initiated at any time by the Compliance Enforcement Authority or NERC in response to a system disturbance, Complaint, or possible violation of a Reliability Standard identified by any other means.

Compliance Violation Investigations will generally be led by the Regional Entity's staff. NERC reserves the right to assume the leadership of a Compliance Violation Investigation.⁴ The Regional Entity shall not be entitled to appeal NERC's decision to lead a Compliance Violation Investigation.

Compliance Violation Investigations are confidential, unless FERC directs that a Compliance Violation Investigation should be public or that certain information obtained in the Compliance Violation Investigation should be publicly disclosed. Confirmed Violations resulting from a Compliance Violation Investigation will be made public.

FERC or another Applicable Governmental Authority may initiate an investigation at any time in response to a system disturbance, Complaint, or possible violation of a Reliability Standard identified by any other means, or for any other purpose authorized by law. Investigations initiated by FERC or another Applicable Governmental Authority shall be governed by and conducted pursuant to the statutory authority and rules of the Applicable Governmental Authority and not the procedures set forth herein. If an Applicable Governmental Authority other than FERC initiates an investigation of a U.S.-related matter, NERC shall provide notice to FERC of the investigation prior to disclosure of any non-public U.S.-related compliance information regarding the matter to be investigated to the other Applicable Governmental Authority. NERC's notice to FERC shall identify the other Applicable Governmental Authority, shall describe the nature of the proposed disclosures to the other Applicable Governmental Authority, and shall state the procedures NERC will utilize in connection with the Compliance Violation Investigation to ensure compliance with the requirements of 18 C.F.R. §39.7(b)(4) concerning nondisclosure of violations and Alleged Violations. If FERC initiates an investigation of a non-U.S.-related matter, NERC shall provide notice of the investigation to the Applicable Governmental Authority having jurisdiction over the Registered Entity or the portion of the bulk power system that is the subject of the investigation prior to disclosure to FERC of any non-public non-U.S.-related compliance information regarding the matter to be investigated. NERC's notice to the other Applicable Governmental Authority shall describe the nature of the proposed disclosures to FERC and shall state the procedures NERC will utilize in connection with the investigation to ensure compliance with regulations of the other Applicable Governmental Authority or other law of the applicable jurisdiction concerning disclosure of non-public compliance information.

⁴Examples of situations in which NERC may decide to lead a Compliance Violation Investigation include: (i) to assure consistency in investigative processes, (ii) to coordinate Compliance Violation Investigations into matters that may cross Regional Entity boundaries, (iii) where the possible violation is related to the Regional Entity or one of its affiliates, divisions, committees or subordinate structures, or (iv) where the Regional Entity determines it cannot conduct the Compliance Violation Investigation.

Compliance Monitoring and Enforcement Program

3.4.1 Compliance Violation Investigation Process Steps

The process steps for a Compliance Violation Investigation are as follows and as shown in **Figure 3.4.1**:⁵

- The Compliance Enforcement Authority is notified or becomes aware of circumstances indicating a possible violation of a Reliability Standard and determines whether a Compliance Violation Investigation is warranted. Within two (2) business days of the decision to initiate a Compliance Violation Investigation, the Compliance Enforcement Authority: (i) notifies the Registered Entity of the initiation and initial scope of the Compliance Violation Investigation, the requirements to preserve all records and information relevant to the Compliance Violation Investigation and, where appropriate, the reasons for the Compliance Violation Investigation, and (ii) notifies NERC of the initiation of and the reasons for the Compliance Violation Investigation. While the Compliance Enforcement Authority may, at its discretion, notify the Registered Entity of the reasons for its Compliance Violation Investigation, the Compliance Violation Investigation, as it unfolds, need not be limited to this scope.
- NERC assigns a NERC staff member to the Compliance Violation Investigation and to serve as a single point of contact for communications with NERC. Within two (2) business days after NERC is notified of the decision to initiate a Compliance Violation Investigation, NERC will notify each Applicable Governmental Authority having jurisdiction over a Registered Entity or a portion of the bulk power system to which the Compliance Violation Investigation relates. Provided, that NERC will not disclose non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to an Applicable Governmental Authority other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction.
- The Compliance Enforcement Authority requests data or documentation and provides a list of individuals on the Compliance Violation Investigation team and their recent employment history. The Registered Entity may object to any individual on the Compliance Violation Investigation team in accordance with Section 3.1.5; however, the Registered Entity may not object to participation by NERC, by FERC staff or by staff of another Applicable Governmental Authority on the Compliance Violation Investigation team. If the Reliability Standard does not specify the advance notice period, a request is normally issued with no less than twenty (20) days advance notice.
- Within ten (10) business days of receiving the notification of a Compliance Violation Investigation, a Registered Entity subject to a Compliance Violation Investigation may

⁵If no alleged violation(s) are found, this process normally completes within sixty (60) days following the decision to initiate a Compliance Violation Investigation.

Compliance Monitoring and Enforcement Program

object to any member of the Compliance Violation Investigation team on grounds of a conflict of interest or the existence of other circumstances that could interfere with the team member's impartial performance of his or her duties. Such objections must be provided in writing to the Compliance Enforcement Authority within such ten (10) business day period. The Compliance Enforcement Authority will make a final determination as to whether the individual will participate in the Compliance Violation Investigation of the Registered Entity.

- If necessary, the Compliance Violation Investigation may include an on-site visit with interviews of the appropriate personnel and review of data.
- The Registered Entity provides the required information to the Compliance Enforcement Authority in the format as specified in the request.
- The Compliance Enforcement Authority reviews information to determine compliance with the Reliability Standards. The Compliance Enforcement Authority may request additional data and/or information if necessary for a complete assessment or to demonstrate compliance.
- The Compliance Enforcement Authority may require the Registered Entity (i) to provide a verification under oath by an officer, employee, attorney or other authorized representative of the Registered Entity attesting to the accuracy, completeness and truth of the Registered Entity's responses to the Compliance Enforcement Authority's requests for documents and information; and (ii) to produce one or more officers, employees or other authorized representatives of the Registered Entity who are familiar with the subject matter of the Compliance Violation Investigation to provide testimony under oath concerning the matters under investigation.
- The Compliance Enforcement Authority completes the assessment of compliance with the Reliability Standard and/or approval of the applicable Mitigation Plan, writes and distributes the report, and notifies the Registered Entity.
- If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3 (Notice of Alleged Violation) of the Compliance Program Process shown in **Figure 3.0**
- Regional Entities will notify NERC of any Alleged Violations as required by Section 8.0.
- If the Compliance Enforcement Authority determines that no violation occurred, it shall send the Registered Entity and NERC a notice that the Compliance Violation Investigation has been completed. NERC will in turn notify FERC and, if the Compliance Violation Investigation pertained to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, will also notify such other Applicable Governmental Authority. Provided, however, that NERC will not disclose non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosure and subject to

Compliance Monitoring and Enforcement Program

any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction.

Compliance Monitoring and Enforcement Program

3.5 Self-Reporting

Self-Reporting is encouraged at the time a Registered Entity becomes aware (i) of a violation of a Reliability Standard, or (ii) a change in the violation severity level of a previously reported violation. Self-Reporting of a violation of a Reliability Standard is encouraged regardless of whether the Reliability Standard requires reporting on a pre-defined schedule in the Compliance Program and the violation is determined outside the pre-defined reporting schedule.

3.5.1 Self-Reporting Process Steps

The process steps for Self-Reporting are as follows and as shown in **Figure 3.5.1**:⁶

- The Compliance Enforcement Authority posts the Self-Reporting submittal forms and ensures they are maintained and available on its Web site.
- The Registered Entity provides the Self-Reporting information to the Compliance Enforcement Authority.
- The Compliance Enforcement Authority reviews the information to determine compliance with the Reliability Standards and may request the Registered Entity to provide clarification or additional data and/or information.
- The Compliance Enforcement Authority completes the assessment of the Registered Entity for compliance with the Reliability Standards and any Mitigation Plan, if applicable, and notifies the Registered Entity.
- If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3, Notice of Alleged Violation, of the Compliance Program Process shown in **Figure 3.0**.
- Regional Entities notify NERC of any Alleged Violations as required by Section 8.0.

⁶This process normally completes within sixty (60) days following the Compliance Enforcement Authority's receipt of data.

3.6 Periodic Data Submittals

The Compliance Enforcement Authority requires Periodic Data Submittals in accordance with the schedule stated in the applicable Reliability Standard, established by the Compliance Enforcement Authority, or on an as-needed basis. Requests for data submittals will be issued by the Compliance Enforcement Authority to Registered Entities with at least the minimum advance notice period specified by the applicable Reliability Standard. If the Reliability Standard does not specify an advance notice period, the request will normally be issued with no less than twenty (20) days advance notice.

3.6.1 Periodic Data Submittals Process Steps

The process steps for Periodic Data Submittal are as follows and as shown in **Figure 3.6.1**:⁷

- The Compliance Enforcement Authority posts the current data reporting schedule on its web site and keeps Registered Entities informed of changes and/or updates. The Compliance Enforcement Authority ensures that the appropriate Reliability Standard compliance procedures and the required submittal forms for the Reliability Standards being evaluated are maintained and available via its web site.
- The Compliance Enforcement Authority makes a request for a Periodic Data Submittal.
- The Registered Entity provides the required information to the Compliance Enforcement Authority in the format as specified in the request.
- The Compliance Enforcement Authority reviews the data submittal to determine compliance with the Reliability Standards and may request additional data and/or information for a complete assessment or to demonstrate compliance.
- The Compliance Enforcement Authority reviews its draft assessment of the Registered Entity's compliance with the Reliability Standard and provides an opportunity for the Registered Entity to comment on the assessment before it is finalized.
- The Compliance Enforcement Authority completes the assessment of the Registered Entity for compliance with the Reliability Standard and notifies the Registered Entity.
- If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3 (Notice of Alleged Violation) of the Compliance Program Process shown in **Figure 3.0**
- Regional Entities notify NERC of any Alleged Violations as required by Section 8.0.

⁷If no violation(s) are found, this process generally completes within ten (10) business days of the Compliance Enforcement Authority's receipt of data.
[Month, Day], 2009

3.7 Exception Reporting

Some Reliability Standards require reporting of exceptions to compliance with the Reliability Standard as a form of compliance monitoring. The Compliance Enforcement Authority shall require Registered Entities to provide reports identifying any exceptions to the extent required by any Reliability Standard.

The Compliance Enforcement Authority shall also require Registered Entities to confirm the number of exceptions that have occurred in a given time period identified by NERC, even if the number of exceptions is zero.

3.8 Complaints

Either NERC or Regional Entities may receive Complaints alleging violations of a Reliability Standard. A Regional Entity will conduct a review of each Complaint it receives to determine if the Complaint provides sufficient basis for a Compliance Violation Investigation, except that NERC will review any Complaint (1) that is related to a Regional Entity or its affiliates, divisions, committees or subordinate structures, (2) where the Regional Entity determines it cannot conduct the review, or (3) if the complainant wishes to remain anonymous or specifically requests NERC to conduct the review of the Complaint.

If the Complaint is submitted to NERC, NERC will forward the information to the Regional Entity, as appropriate.

All anonymous Complaints will be reviewed and any resulting Compliance Violation Investigations conducted by NERC will be conducted in accordance with Section 3.8.2 to prevent disclosure of the identity of the complainant.

The Compliance Enforcement Authority conducting the review will determine if the Complaint may be closed as a result of the initial review and assessment of the Complaint to determine if it provides sufficient basis for a Compliance Violation Investigation. The Regional Entity will report the results of its review of the Complaint to NERC. If, as a result of the initial review of the Complaint, the Compliance Enforcement Authority determines that a Compliance Violation Investigation is warranted, a Compliance Violation Investigation will be conducted in accordance with Section 3.4.

3.8.1 Complaint Process Steps

The detailed process steps for the Complaint process are as follows and as shown in **Figure 3.8.1**.⁸

- The complainant notifies NERC or a Regional Entity using the NERC compliance hotline, submitting a NERC Complaint reporting form, or by other means. A link to the Complaint reporting form will be posted on the NERC and Regional Entity Web sites.

⁸If no violations are found, this process normally completes within sixty (60) days following receipt of the Complaint.

Compliance Monitoring and Enforcement Program

The Complaint should include sufficient information to enable NERC or the Regional Entity to make an assessment of whether the initiation of a Compliance Violation Investigation is warranted. NERC or the Regional Entity may not act on a Complaint if the Complaint is incomplete and does not include sufficient information.

- If the Compliance Enforcement Authority determines that a Compliance Violation Investigation is warranted, it initiates the Compliance Violation Investigation in accordance with Section 3.4; otherwise it takes no further action. The Compliance Enforcement Authority notifies the complainant, the Registered Entity, and NERC of the Compliance Violation Investigation. If the Compliance Enforcement Authority determines that a Compliance Violation Investigation is not warranted, it will notify the complainant, NERC, and the Registered Entity that no further action will be taken.
- The Compliance Enforcement Authority fully documents the Complaint and the Complaint review, whether a Compliance Violation Investigation is initiated or not.

Compliance Monitoring and Enforcement Program

Compliance Monitoring and Enforcement Program

3.8.2 Anonymous Complainant Notification Procedure

An anonymous complainant who believes, or has information indicating, there has been a violation of a Reliability Standard, can report the possible violation and request that the complainant's identity not be disclosed.⁹ All Complaints lodged by a person or entity requesting that the complainant's identity not be disclosed shall be investigated by NERC following the procedural steps described in Section 3.8.1. Anonymous Complaints received by a Regional Entity will either be directed to NERC or the Regional Entity will collect and forward the information to NERC, at the Regional Entity's discretion. Neither NERC nor the Regional Entity shall disclose the identity of any person or entity reporting possible violations to NERC or to a Regional Entity that requests that his/her/its identity not be revealed. The identity of the complainant will only be known by NERC and in the case where a Regional Entity collects the information, by NERC and the Regional Entity. If the Compliance Enforcement Authority determines that a Compliance Violation Investigation is not warranted, it will notify the complainant, NERC, and the Registered Entity that no further action will be taken.

4.0 ANNUAL IMPLEMENTATION PLANS

4.1 NERC Compliance Monitoring and Enforcement Program Implementation Plan

NERC will maintain and update the NERC Implementation Plan, to be carried out by Compliance Enforcement Authorities in the performance of their responsibilities and duties in implementing the NERC Compliance Monitoring and Enforcement Program. The NERC Implementation Plan will be provided to the Regional Entities by October 1 of each year and will specify the Reliability Standards requiring reporting by Registered Entities to the Compliance Enforcement Authority to provide verification of compliance through one of the monitoring methods described in this Compliance Plan document. The NERC Implementation Plan will be posted on the NERC web site.

4.2 Regional Entity Implementation Plan

By November 1 of each year, Regional Entities will submit a Regional Implementation Plan for the following calendar year to NERC for approval. The Regional Implementation Plan and the Regional Entity's other relevant Compliance Program documents shall be posted on the Regional Entity's Web site.

5.0 ENFORCEMENT ACTIONS

The Compliance Enforcement Authority shall determine (i) whether there have been violations of Reliability Standards by Registered Entities within the Compliance Enforcement Authority's area of responsibility, and (ii) if so, the appropriate remedial actions, and penalties and sanctions, as prescribed in the NERC *Sanction Guidelines* (Appendix 4B to the NERC Rules of Procedure). NERC will work to achieve consistency in the application of the *Sanction Guidelines* by Regional Entities by direct oversight and review of penalties and sanctions, and each Regional

⁹NERC has established a Compliance Hotline that may be used for the submission of Complaints by persons or entities that do not want his/her/its identity disclosed (see www.nerc.com for additional information).

Compliance Monitoring and Enforcement Program

Entity shall provide to NERC such information as is requested by NERC concerning any penalty, sanction, or remedial actions imposed by the Regional Entity.

Parties engaged in the process described in this section should consult with each other on the data and information that would be appropriate for effectively addressing this section's process requirements. If a party believes that a request for data or information is unreasonable, the party may request a written determination from the NERC compliance program officer.

5.1 Notification to Registered Entity of Alleged Violation

If the Compliance Enforcement Authority alleges that a Registered Entity has violated a Reliability Standard, the Compliance Enforcement Authority shall provide written notice of Alleged Violation and sanction (signed by an officer or designee) to the Registered Entity (CEO or equivalent and compliance contact) and NERC. The Compliance Enforcement Authority may also issue an initial notice of Alleged Violation, without specifying the proposed penalty or sanction, to the Registered Entity. The notice of Alleged Violation and sanction shall contain, at a minimum:

- (i) the Reliability Standard and requirement(s) thereof the Registered Entity has allegedly violated,
- (ii) the date and time the Alleged Violation occurred (or is occurring),
- (iii) the facts the Compliance Enforcement Authority believes demonstrate or constitute the Alleged Violation,
- (iv) the proposed penalty or sanction, if any, determined by the Compliance Enforcement Authority to be applicable to the Alleged Violation in accordance with the NERC Sanction Guidelines, including an explanation of the basis on which the particular penalty or sanction was determined to be applicable,
- (v) notice that the Registered Entity shall, within thirty (30) days, elect one of the following options or the Compliance Enforcement Authority will deem the Registered Entity to have accepted the determination of violation and proposed penalty or sanction:
 - 1. agree with the Alleged Violation and proposed penalty or sanction, and agree to submit and implement a Mitigation Plan to correct the violation and its underlying causes, and may provide a response in accordance with Section 5.2, or
 - 2. agree to the Alleged Violation and agree to submit and implement a Mitigation Plan to eliminate the violation and its underlying causes, but contest the proposed penalty or sanction, and may provide a response in accordance with Section 5.2, or
 - 3. contest both the Alleged Violation and proposed penalty or sanction,
- (vi) notice that the Registered Entity may elect to submit a Mitigation Plan while contesting the Alleged Violation and/or the proposed penalty or sanction, and that

Compliance Monitoring and Enforcement Program

submission of a Mitigation Plan will not waive the Registered Entity's right to contest the Alleged Violation and/or the proposed penalty or sanction;

- (vii) notice that if the Registered Entity elects to contest the Alleged Violation and/or the proposed penalty or sanction, the Registered Entity may elect to have a hearing conducted pursuant to either (i) the short-form procedure in Section 1.3.2, or (ii) the full hearing procedure, in **Attachment 2, Hearing Procedures**, and
- (viii) required procedures to submit the Registered Entity's Mitigation Plan.

NERC shall forward a copy of the notice of Alleged Violation to FERC and, if the Alleged Violation pertains to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, to such other Applicable Governmental Authority, within two (2) business days of receipt from the Compliance Enforcement Authority, provided, that NERC will not disclose non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction.

Upon acceptance of the Alleged Violation and proposed penalty or sanction, the notice of the penalty or sanction or other enforcement action will then be processed and issued to the Registered Entity.

5.2 Registered Entity Response

If the Registered Entity does not contest or does not respond to the notice of Alleged Violation within thirty (30) days, it shall be deemed to have accepted the Compliance Enforcement Authority's determination of violation and sanction (if applicable), in which case the Compliance Enforcement Authority shall issue to the Registered Entity and NERC a final report of Confirmed Violation. A Registered Entity may provide a written explanatory statement to accompany the final report.

If the Registered Entity contests the Alleged Violation or the proposed sanction, the Registered Entity shall submit to the Compliance Enforcement Authority a response explaining its position, signed by an officer, employee, attorney or other authorized representative together with any supporting information and documents. The Compliance Enforcement Authority shall schedule a conference with the Registered Entity within ten (10) business days after receipt of the response. If the Compliance Enforcement Authority and the Registered Entity are unable to resolve all issues within forty (40) days after the Registered Entity's response, the Registered Entity may request a hearing. If no hearing request is made the violation will become a Confirmed Violation when filed by NERC with FERC or other Applicable Governmental Authority.

Compliance Monitoring and Enforcement Program

If a hearing is requested the Compliance Enforcement Authority shall initiate the hearing process by convening a hearing body and issuing a written notice of hearing to the Registered Entity and the hearing body and identifying the Compliance Enforcement Authority's designated hearing representative.¹⁰

5.3 Hearing Process for Compliance Hearings

The Compliance Enforcement Authority hearing process is set forth in **Attachment 2**.

5.4 Settlement Process

Settlement negotiations may occur at any time, including prior to the issuance of a notice of Alleged Violation and sanction until a notice of penalty is filed with FERC or another Applicable Governmental Authority. All settlement negotiations will be confidential until such time as the settlement is approved by NERC. For all settlement discussions, the Compliance Enforcement Authority shall require the Registered Entity to designate an individual(s) authorized to negotiate on its behalf. All settlement agreements must conform to the requirements of NERC Rule of Procedure 403.19 and, if approved, must provide for waiver of the Registered Entity's right to further hearings and appeal.

The Compliance Enforcement Authority will issue a letter setting forth the final settlement terms including all penalties, sanctions and mitigation requirements provided for in the final settlement.

The Regional Entity shall report the terms of all settlements of compliance matters to NERC. NERC will review the settlement for the purpose of evaluating its consistency with other settlements entered into for similar violations or under other, similar circumstances. Based on this review, NERC will either approve the settlement or reject the settlement and notify the Regional Entity and the Registered Entity of changes to the settlement that would result in approval. If NERC rejects the settlement, the Regional Entity will attempt to negotiate a revised settlement agreement with the Registered Entity including any changes to the settlement specified by NERC.

NERC will report the approved settlement of the violation to FERC and, if the settlement relates to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, to such other Applicable Governmental Authority, provided, that NERC will not disclose non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction. NERC will also publicly post the violation settled

¹⁰If the dispute involves a proposed Mitigation Plan, which has not been accepted by the Compliance Enforcement Authority, the Registered Entity may file a request for hearing with the Compliance Enforcement Authority.

Compliance Monitoring and Enforcement Program

(regardless of whether the settlement includes or does not include an admission of a violation) and the resulting penalty or sanction provided for in the settlement. This posting shall include a copy of the settlement or a description of the terms of the settlement, and a copy of any Mitigation Plan that is agreed to as part of the settlement. The Compliance Enforcement Authority will issue a letter setting forth the final settlement terms including all penalties, sanctions and mitigation requirements provided for in the final settlement. Postings of Confirmed Violations are addressed in Section 8.0.

5.5 NERC Appeal Process

The Registered Entity may appeal the hearing body's decision to NERC, as provided for in NERC Rules of Procedure, Sections 407.3 and 410. The steps for the NERC appeals process are as shown in **Figure 5.5**:¹¹

On appeal, NERC shall either affirm the Regional Entity decision or remand to the Regional Entity with reasons for its remand, which may include a direction to the Regional Entity to revise the decision. If NERC directs the Regional Entity to revise its decision, the Registered Entity that was the subject of the decision or the Compliance Staff of the Regional Entity whose interests are adversely affected by the directed revision may reopen the proceeding on any issue whose resolution is affected by NERC's directive, irrespective of whether the issue was previously litigated, settled or unopposed.

¹¹This process generally completes within ninety (90) days of NERC's receipt of request for appeal.

Compliance Monitoring and Enforcement Program

Figure 5.5 – NERC Appeal Process

Compliance Monitoring and Enforcement Program

5.6 Notice of Penalty

If the Registered Entity does not dispute the notice of Alleged Violation and the penalty and sanction or a decision has been entered finding a violation and all appeals have been concluded, NERC shall file a notice of penalty with FERC and, if the Alleged Violation pertains to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, to such other Applicable Governmental Authority; provided, that NERC will not disclose any non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction. NERC will include with the notice of penalty any statement provided by the Registered Entity as set forth in Section 8.0. NERC may direct the Regional Entity to revise a penalty determination, in which case the Registered Entity subject to the penalty, or the Compliance Staff of the Regional Entity, may reopen the proceedings on any issue on which the penalty was based, irrespective of whether the issue was previously litigated, settled or unopposed.

The penalty or sanction will be effective upon expiration of the thirty (30) day period following filing with FERC of the notice of penalty or, if FERC decides to review the penalty or sanction, upon final determination by FERC.

6.0 MITIGATION OF VIOLATIONS OF RELIABILITY STANDARDS

Parties engaged in the process described in this section should consult with each other on the data and information that would be appropriate for effectively addressing this section's process requirements. If a party believes that a request for data or information is unreasonable, the party may request a written determination from the NERC compliance program officer.

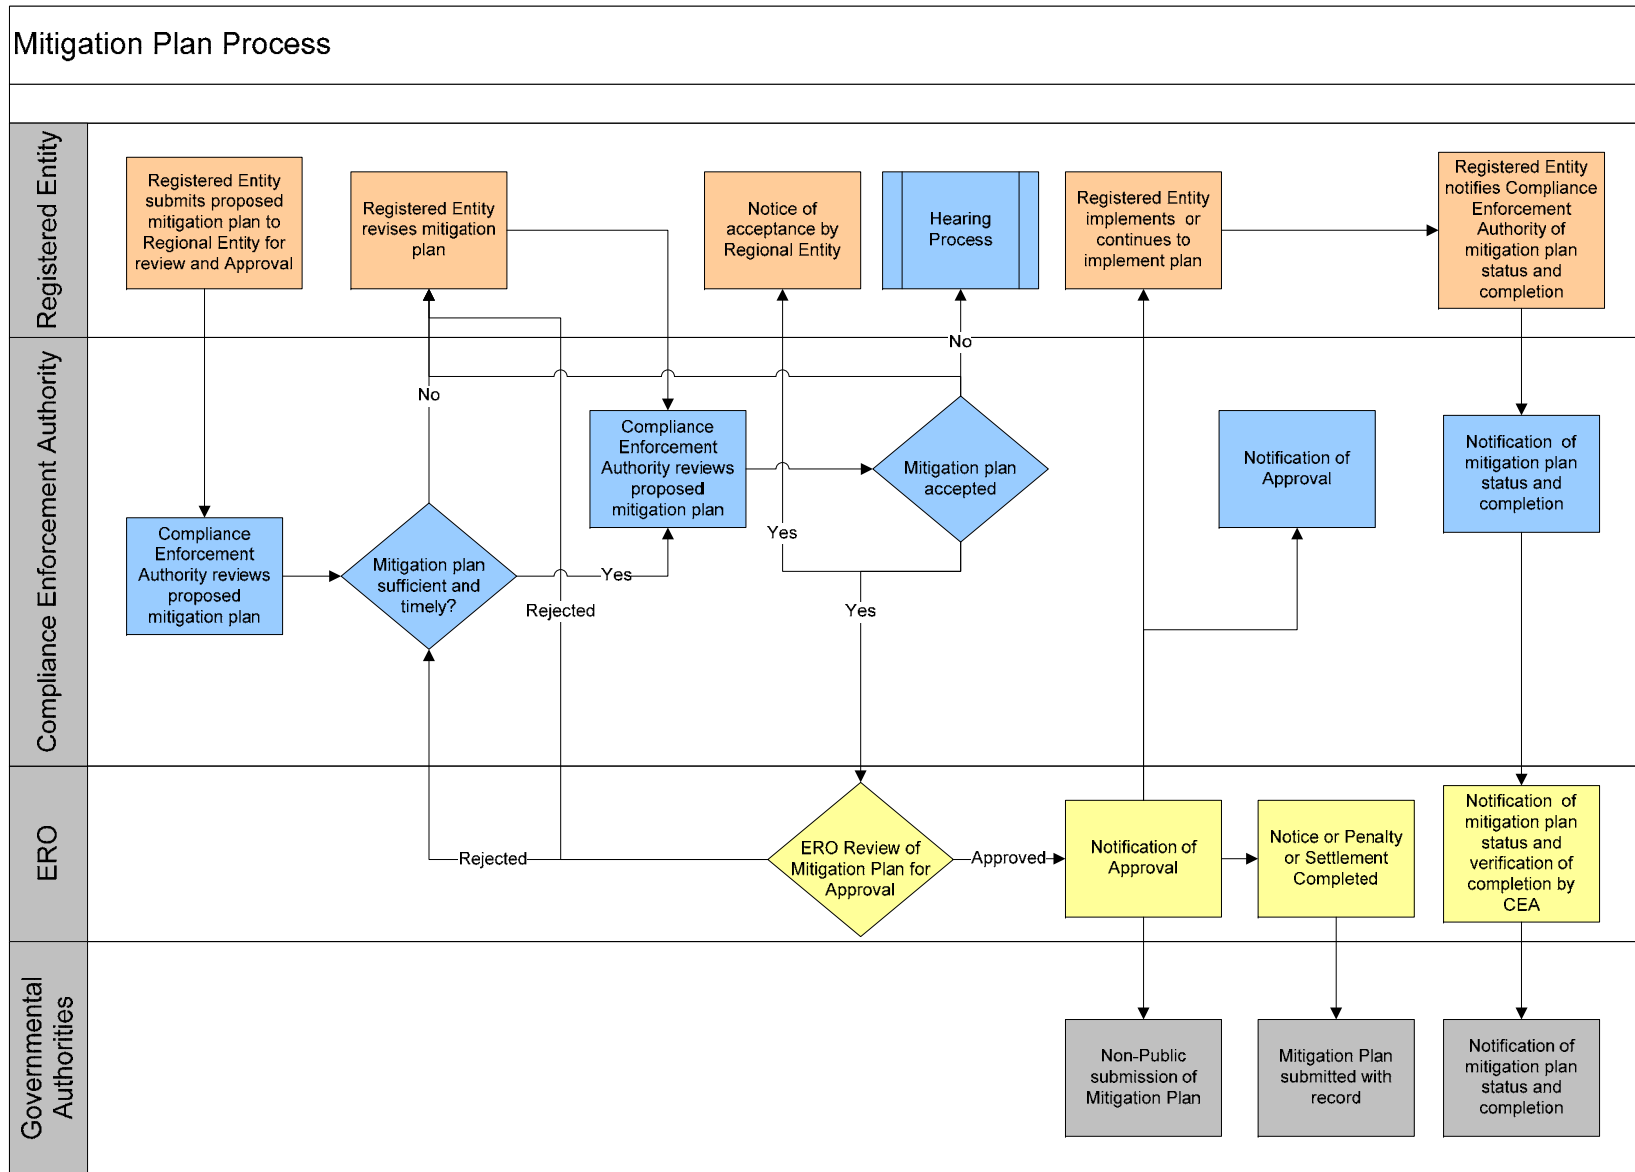

6.1 Requirement for Submission of Mitigation Plans

A Registered Entity found to be in violation of a Reliability Standard shall file with the Compliance Enforcement Authority (i) a proposed Mitigation Plan to correct the violation, or (ii) a description of how the violation has been mitigated, and any requests for extensions of Mitigation Plans or a report of completed mitigation.

Figure 6.1 shows the process steps for Mitigation Plans.

Compliance Monitoring and Enforcement Program

Figure 6.1 – Mitigation Plan Process

Compliance Monitoring and Enforcement Program

6.2 Contents of Mitigation Plans

A Mitigation Plan shall include the following information:

- The Registered Entity's point of contact for the Mitigation Plan, who shall be a person (i) responsible for filing the Mitigation Plan, (ii) technically knowledgeable regarding the Mitigation Plan, and (iii) authorized and competent to respond to questions regarding the status of the Mitigation Plan. This person may be the Registered Entity's point of contact described in Section 2.0.
- The Alleged or Confirmed Violation(s) of Reliability Standard(s) the Mitigation Plan will correct.
- The cause of the Alleged or Confirmed Violation(s).
- The Registered Entity's action plan to correct the Alleged or Confirmed Violation(s).
- The Registered Entity's action plan to prevent recurrence of the Alleged or Confirmed Violation(s).
- The anticipated impact of the Mitigation Plan on the bulk power system reliability and an action plan to mitigate any increased risk to the reliability of the bulk power-system while the Mitigation Plan is being implemented.
- A timetable for completion of the Mitigation Plan including the completion date by which the Mitigation Plan will be fully implemented and the Alleged or Confirmed Violation(s) corrected.
- Implementation milestones no more than three (3) months apart for Mitigation Plans with expected completion dates more than three (3) months from the date of submission. Additional violations could be determined for not completing work associated with accepted milestones.
- Any other information deemed necessary or appropriate

The Mitigation Plan shall be signed by an officer, employee, attorney or other authorized representative of the Registered Entity, which if applicable, shall be the person that signed the Self-Certification or Self Reporting submittals.

6.3 Timetable for Completion of Mitigation Plans

The Mitigation Plan shall be completed in time to have a reasonable potential to correct all of the violation(s) prior to the next applicable compliance reporting/assessment period after occurrence of the violation for which the Mitigation Plan is submitted. In all cases the Mitigation Plan should be completed without delay. The Compliance Enforcement Authority will expect full compliance with the Reliability Standard to which the Mitigation Plan is applicable at the next report or assessment of the Registered Entity. At the Compliance Enforcement Authority's discretion, the completion deadline may be extended for good cause including: (i) short

Compliance Monitoring and Enforcement Program

assessment periods (i.e., event driven or monthly assessments), and (ii) construction requirements in the Mitigation Plan that extend beyond the next assessment period or other extenuating circumstances. If the Mitigation Plan extends beyond the next applicable reporting/assessment period, sanctions for any violation of the applicable Reliability Standard(s) occurring during the implementation period will be held in abeyance and will be waived if the Mitigation Plan is satisfactorily completed.

Any violations assessed during the period of time the accepted Mitigation Plan is being implemented will be recorded by the Compliance Enforcement Authority with associated sanctions or penalties. Regional Entities will report any findings of violations recorded during this time period to NERC with the notation that the Registered Entity is working under an accepted Mitigation Plan with an extended completion date with penalties and sanctions held in abeyance until completion of the Mitigation Plan. Upon completion of the accepted Mitigation Plan in accordance with Section 6.6, the Compliance Enforcement Authority will notify the Registered Entity that any findings of violations of the applicable Reliability Standard during the period that the accepted Mitigation Plan was being implemented have been waived and no penalties or sanctions will apply. Regional Entities will also notify NERC of any such waivers of violations of Reliability Standards.

A request for an extension of any milestone or the completion date of the accepted Mitigation Plan by a Registered Entity must be received by the Compliance Enforcement Authority at least five (5) business days before the original milestone or completion date. The Compliance Enforcement Authority may accept a request for an extension or modification of a Mitigation Plan if the Compliance Enforcement Authority determines the request is justified, and shall notify NERC of the extension or modification within five (5) business days.

If a Mitigation Plan submitted by a Registered Entity is rejected by the Regional Entity acting as Compliance Enforcement Authority or the hearing body in accordance with Section 6.5, the Registered Entity shall be subject to any findings of violation of the applicable Reliability Standards during the period the Mitigation Plan was under consideration and to imposition of any penalties or sanctions imposed for such violations.

6.4 Submission of Mitigation Plans

A Mitigation Plan may be submitted at any time but shall have been submitted by the Registered Entity within thirty (30) days after being served the notice of Alleged Violation and penalty or sanction, if the Registered Entity does not contest the violation and penalty or sanction. If the Registered Entity disputes the notice of Alleged Violation or penalty or sanction, the Registered Entity shall submit its Mitigation Plan within ten (10) business days following issuance of the written decision of the hearing body, unless the Registered Entity elects to appeal the hearing body's determination to NERC. The Registered Entity may choose to submit a Mitigation Plan while it contests an Alleged Violation or penalty or sanction; such submission shall not be deemed an admission of a violation or the appropriateness of a penalty or sanction. If the Registered Entity has not yet submitted a Mitigation Plan, or the Registered Entity submits a Mitigation Plan but it is rejected by the Regional Entity acting as Compliance Enforcement Authority or the hearing body in accordance with Section 6.5, any subsequent violations of the Reliability Standard identified by the Compliance Enforcement Authority before the hearing

Compliance Monitoring and Enforcement Program

body renders its decision will not be held in abeyance and will be considered as repeat violations of the Reliability Standard.

6.5 Review and Acceptance or Rejection of Proposed Mitigation Plans

Unless extended by the Compliance Enforcement Authority, it will complete its review of the Mitigation Plan, and will issue a written statement accepting or rejecting the Mitigation Plan, within thirty (30) days of receipt; otherwise the Mitigation Plan will be deemed accepted. In order to extend the initial or an extended period for review of the Mitigation Plan, the Compliance Enforcement Authority shall, within the initial or extended review period, notify the Registered Entity (and NERC if NERC is not the Compliance Enforcement Authority) that the review period is being extended and identify the date by which the Compliance Enforcement Authority will complete its review of the Mitigation Plan. The Compliance Enforcement Authority's extension notice shall also state that if the Compliance Enforcement Authority has not issued a notice by the end of the extended review period either stating that the Compliance Enforcement Authority accepts or rejects the proposed Mitigation Plan or further extending the Compliance Enforcement Authority's period for review of the Mitigation Plan, the Mitigation Plan will be deemed accepted.

If the Compliance Enforcement Authority rejects a Mitigation Plan, the Compliance Enforcement Authority will provide the Registered Entity with a written statement describing the reasons for the rejection, and will require the Registered Entity to submit a revised Mitigation Plan by the Required Date. The Compliance Enforcement Authority will notify the Registered Entity within ten (10) business days after receipt of a revised Mitigation Plan whether the Compliance Enforcement Authority will accept or reject the revised Mitigation Plan and provide a written statement describing the reasons for rejection and the Required Date for the second revised Mitigation Plan. If the second review results in rejection of the Mitigation Plan, the Registered Entity may request a hearing in accordance with the Hearing Procedures, by submitting to the Compliance Enforcement Authority a written request for hearing including an explanation of why the Mitigation Plan should be accepted. After the hearing is completed, the Compliance Enforcement Authority will issue a written statement accepting a Mitigation Plan it deems as appropriate.

Within five (5) business days after a Regional Entity accepts a Mitigation Plan, the Regional Entity (i) will notify NERC and the Registered Entity of the acceptance of the Mitigation Plan and (ii) will provide the accepted Mitigation Plan to NERC. NERC will review the accepted Mitigation Plan and, within thirty (30) days following its receipt of the Mitigation Plan from the Regional Entity, will notify the Regional Entity and the Registered Entity, on a contemporaneous basis, as to whether the Mitigation Plan is approved or disapproved by NERC. If NERC disapproves a Mitigation Plan that was accepted by the Regional Entity, NERC shall state its reasons for the rejection, and may state the changes to the Mitigation Plan that would result in approval by NERC. The Registered Entity shall not be subject to findings of violations of the specific requirements of Reliability Standards that are the subject of the Mitigation Plan or to imposition of penalties or sanctions for such violations with respect to the period of time the Mitigation Plan was under consideration by NERC and for a reasonable period following NERC's disapproval of the Mitigation Plan, so long as the Registered Entity promptly submits a modified Mitigation Plan that addresses the concerns identified by NERC.

Compliance Monitoring and Enforcement Program

NERC will submit to FERC, as non-public information, an approved Mitigation Plan relating to violations of Reliability Standards within seven (7) business days after NERC approves the Mitigation Plan. NERC shall publicly post the approved Mitigation Plan as part of the public posting of the report of the related Confirmed Violation in accordance with Section 8.0 or as part of the public posting of a settlement in which the Registered Entity neither admits or denies that it violated a Reliability Standard in accordance with Section 5.4.

6.6 Completion/Confirmation of Implementation of Mitigation Plans

The Registered Entity shall provide updates at least quarterly to the Compliance Enforcement Authority on the progress of the Mitigation Plan. The Compliance Enforcement Authority will track the Mitigation Plan to completion and may conduct on-site visits and review status during audits to monitor Mitigation Plan implementation.

Upon completion of the Mitigation Plan, the Registered Entity shall provide to the Compliance Enforcement Authority certification, signed by an officer, employee, attorney or other authorized representative of the Registered Entity, that all required actions described in the Mitigation Plan have been completed and shall include data or information sufficient for the Compliance Enforcement Authority to verify completion. The Compliance Enforcement Authority shall request such data or information and conduct follow-up assessments, on-site or other Spot Checking, or Compliance Audits as it deems necessary to verify that all required actions in the Mitigation Plan have been completed and the Registered Entity is in compliance with the subject Reliability Standard.

In the event all required actions in the Mitigation Plan are not completed within the applicable deadline including any extensions of the original deadline granted under Section 6.3, any violation(s) of a Reliability Standard subject to the Mitigation Plan that occurred during the originally scheduled time period for completion will be enforced immediately and a new Mitigation Plan must be submitted for acceptance by the Compliance Enforcement Authority. In addition, the Compliance Enforcement Authority may conduct a Compliance Audit of, or issue a Remedial Action Directive to, the Registered Entity.

Regional Entities will provide to NERC the quarterly status reports and such other information as NERC requests, and will notify NERC when each Mitigation Plan is verified to have been completed.

6.7 Recordkeeping

The Compliance Enforcement Authority will maintain a record containing the following information for each Mitigation Plan:

- Name of Registered Entity.
- The date of the violation.
- Monitoring method by which the violation was detected, i.e., Self-Certification, Self-Reporting, Compliance Audit, Compliance Violation Investigation, Complaint, etc.

Compliance Monitoring and Enforcement Program

- Date of notification of violation and sanction.
- Expected and actual completion date of the Mitigation Plan and major milestones.
- Expected and actual completion date for each required action.
- Accepted changes to milestones, completion dates, or scope of Mitigation Plan.
- Registered Entity's completion notice and data submitted as evidence of completion.

7.0 REMEDIAL ACTION DIRECTIVES

The Compliance Enforcement Authority may issue a Remedial Action Directive when such action is immediately necessary to protect the reliability of the bulk power system from an imminent threat. A Remedial Action Directive may include, but is not limited to, any of the following: specifying operating or planning criteria, limits, or limitations; requiring specific system studies; defining operating practices or guidelines; requiring confirmation of data, practices, or procedures through inspection testing or other methods; requiring specific training for personnel; requiring development of specific operating plans; directing a Registered Entity to develop and comply with a plan to remediate a violation; imposing increased auditing or additional training requirements; and requiring a Registered Entity to cease an activity that may constitute a violation of a Reliability Standard.

A Remedial Action Directive may be issued to a Registered Entity at any time, including during any procedures relating to an Alleged Violation of a Reliability Standard. The Compliance Enforcement Authority will specify if a Remedial Action Directive obviates the need for a Mitigation Plan.

Prior to issuing a Remedial Action Directive, the Regional Entity shall consult the Reliability Coordinator for the Registered Entity, if applicable, to ensure that the Remedial Action Directive is not in conflict with directives issued by the Reliability Coordinator.

Any Remedial Action Directive must be provided in a notice to the Registered Entity and shall include: (i) a list of the violations or possible violations of Reliability Standards that are the basis for issuance of the Remedial Action Directive; (ii) a discussion of the factual basis for the Remedial Action Directive; (iii) a deadline for compliance and (iv) notice to the Registered Entity that failure to comply with the directive by the Required Date may result in further Remedial Action Directives or significantly increased sanctions. The Compliance Enforcement Authority will cause the notice of the Remedial Action Directive to be delivered to the Registered Entity by (i) electronic means to the Registered Entity's designated contact person and (ii) by a recognized express courier service that provides tracking and verification of delivery to the recipient. The date of delivery as specified by the express courier service's verification of delivery shall be the date of actual receipt of the Remedial Action Directive. The Compliance Enforcement Authority will monitor implementation of Remedial Action Directives as necessary to verify compliance.

The Regional Entity will notify NERC within two (2) business days after issuing a Remedial Action Directive.

Compliance Monitoring and Enforcement Program

Once the Compliance Enforcement Authority has given the Registered Entity notice of the Remedial Action Directive, the Registered Entity may contest the Remedial Action Directive by giving written notice to the Compliance Enforcement Authority within two (2) business days following the date of actual receipt of notice of the Remedial Action Directive. Due to the urgency of resolving any objections to a Remedial Action Directive, the hearing shall be conducted under the expedited hearing process set forth in Section 1.9 of **Attachment 2, Hearing Procedures**. Notice to contest the Remedial Action Directive and participation in the hearing process set forth in Section 1.9 of **Attachment 2, Hearing Procedures** shall constitute the Registered Entity's right to appeal the Remedial Action Directive. The Registered Entity may elect not to implement the Remedial Action Directive until the hearing process is completed, or may proceed with implementing the Remedial Action Directive even if it is contesting the Remedial Action Directive.

Figure 7.0 shows the process steps for a Remedial Action Directive.

8.0 REPORTING AND DISCLOSURE

Regional Entities shall prepare and submit to NERC all required reports (including those required by NERC Rules of Procedure, Sections 403.15, 403.17 and 403.19), containing current information concerning (1) Registered Entity compliance with Reliability Standards, (2) all Alleged and Confirmed Violations of Reliability Standards by Registered Entities, (3) the status of Alleged Violations, (4) sanctions and penalties, (5) Remedial Action Directives imposed, and (6) Mitigation Plan(s) accepted including dates for all required actions and for completion.

Regional Entities shall report to NERC, on a confidential basis, any allegations or evidence of violations of Reliability Standards regardless of significance, whether verified or still under investigation, that are received or obtained by the Regional Entity through any means within five (5) business days, unless the violation indicated or alleged has resulted in or has the potential to result in, a reduced level of reliability to the bulk power system (as provided in Section 408 of the NERC Rules of Procedure), in which cases the Regional Entity shall notify NERC within forty-eight (48) hours. NERC shall notify FERC and, where the report pertains to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, shall also notify such other Applicable Governmental Authority, within two (2) business days of receiving such a report from the Regional Entity; provided, that NERC will not disclose any non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to an Applicable Governmental Authority other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction. Such reports shall include information regarding the nature of the violation indicated or alleged and its potential impact on the reliability of the bulk power system, the name of the Registered Entity involved, the status and timetable of any compliance violation assessment, and the name of a Regional Entity staff person knowledgeable about the information to serve as a point of contact, as required by Section 408 of the NERC Rules of Procedure and 18 C.F.R. §39.7(b).

Regional Entities shall report to NERC at least quarterly the status of violations of Reliability Standards, regardless of significance, that have not yet resulted in a final determination of violation or have not completed the hearing process, or for which mitigation activities (including activities being carried out pursuant to a settlement) have not been completed. Regional Entities will ensure the information is current when these reports are provided.

Regional Entities shall report to NERC all Confirmed Violations of Reliability Standards by Registered Entities including all penalties, sanctions, Mitigation Plans and schedules, and settlements, within ten (10) business days of each determination. At the same time, Regional Entities will provide the report to the affected Registered Entity, accompanied by a notice that the Registered Entity may provide a statement to NERC to accompany the report when posted by NERC. The Registered Entity's statement must include the name, title, and signature of an officer, employee, attorney or other authorized representative of the Registered Entity.

Compliance Monitoring and Enforcement Program

NERC will publicly post each report of a Confirmed Violation, together with any statement submitted by the Registered Entity, no sooner than five (5) business days after the report is provided by the Regional Entity to NERC and the Registered Entity.

NERC will provide reports quarterly to FERC and, where a report contains information pertaining to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, to such other Applicable Governmental Authority, on the status of all Alleged and Confirmed Violations for which mitigation activities have not been completed; provided, that NERC will not disclose any non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to an Applicable Governmental Authority other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction. NERC will publish public reports quarterly on its Web site of all Confirmed Violations of Reliability Standards during the quarter just completed, with the identity of the violator.

9.0 DATA RETENTION AND CONFIDENTIALITY

9.1 Records Management

The Compliance Enforcement Authority records management policy shall provide for a routine and orderly process for the retention and disposal of electronic and paper records related to the Compliance Program, ensure verification of compliance with appropriate business, regulatory, and legal requirements and at a minimum conform to the data retention requirements of the Reliability Standards. The policy shall allow for the maintenance of records as required to implement the Compliance Program.

9.2 Retention Requirements

The Compliance Enforcement Authority records management policy will require that information and data generated or received pursuant to Compliance Program activities, including Compliance Audits, Self-Certifications, Spot Checking, Compliance Violation Investigations, Self-Reporting, Periodic Data Submittals, Exception Reporting, and Complaints, as well as a hearing process, will be retained for the longer of (i) five (5) years or (ii) any retention period specified in a Reliability Standard or by FERC or another Applicable Governmental Authority. The obligation to retain information and data commences upon the initiation of the Compliance Program activity that produces the data or information. If the information or data is material to the resolution of a controversy, the retention period for such data shall not commence until after the controversy is resolved.

Upon request from NERC, Regional Entities will provide to NERC copies of such information and data. NERC will retain the information and data in order to maintain a record of activity under the Compliance Program. In providing the information and data to NERC, the Regional Entity shall preserve any mark of confidentiality.

Compliance Monitoring and Enforcement Program

9.3 Confidentiality and Critical Energy Infrastructure Information

9.3.1 Definitions

Information or data generated or received pursuant to Compliance Program activities, including a hearing process, shall be treated in a confidential manner pursuant to the provisions of Section 1500 of the NERC Rules of Procedure. The terms “confidential information,” “confidential business and market information,” “critical energy infrastructure information,” and “critical infrastructure” shall have the meanings stated in Section 1501 of the NERC Rules of Procedure.

9.3.2 Protection of Confidential Information

The Compliance Enforcement Authority personnel (including any contractors, consultants and industry volunteers) and committee members, and participants in Compliance Program activities shall be informed of, and agree to comply with, Section 1500 of the NERC Rules of Procedure concerning confidential information.

9.3.3 Critical Energy Infrastructure Information

The Compliance Enforcement Authority will keep confidential all critical energy infrastructure information in accordance with Section 1500 of the NERC Rules of Procedures. Information deemed to be critical energy infrastructure information shall be redacted and shall not be released publicly.

PROCESS FOR NON-SUBMITTAL OF REQUESTED DATA

If data, information, or other reports (including Mitigation Plans) requested from a Registered Entity are not received by the Required Date, the Compliance Enforcement Authority may sequentially execute the following steps for each Reliability Standard for which the Compliance Enforcement Authority has requested data, information, or other reports. The Compliance Enforcement Authority however will afford the Registered Entity reasonable opportunity to resolve a difficulty submitting data due to time or format issues.

Step 1: The Compliance Enforcement Authority will issue a follow-up notification to the Registered Entity's designated contact.

Step 2: The Compliance Enforcement Authority will issue a follow-up notification to the Registered Entity's vice president or equivalent responsible for compliance (with a copy to NERC and the Registered Entity's designated contact).

Step 3: The Compliance Enforcement Authority will issue a follow-up notification to the Registered Entity's chief executive officer or equivalent (with a copy to NERC, the Registered Entity's vice president or equivalent responsible for compliance and the Registered Entity's designated contact).

A full Compliance Audit may be scheduled at this step.

Step 4: Thirty (30) days after the Required Date, a Reliability Standard violation may be applied at the Severe Violation Severity Level.

Step 4 does not apply to Compliance Audits and Mitigation Plan tracking requests.

Compliance Monitoring and Enforcement Program

ATTACHMENT 2 - HEARING PROCEDURES

1.1 Applicability, Definitions and Interpretation

1.1.1 Procedure Governed

The provisions set forth in this **Attachment 2** (“Hearing Procedures”) shall apply to and govern practice and procedure before the Compliance Enforcement Authority in hearings in the United States conducted into (i) whether Registered Entities within the Compliance Enforcement Authority’s area of responsibility have violated Reliability Standards, and (ii) if so, to determine the appropriate Mitigation Plans as well as any remedial actions, penalties or sanctions in accordance with the NERC *ERO Sanction Guidelines* and other applicable penalty guidelines approved by FERC pursuant to 18 C.F.R. Section 39.7(g)(2). Any hearing conducted pursuant to these Hearing Procedures shall be conducted before a [HEARING BODY] established by the Compliance Enforcement Authority. The composition of the [HEARING BODY], after any recusals or disqualifications, shall be such that no two industry segments may control, and no single industry segment may veto, any decision by the [HEARING BODY] on any matter brought before it for decision.

The standard of proof in any proceeding under these Hearing Procedures shall be by a preponderance of the evidence. The burden of persuasion on the merits of the proceedings shall rest upon the Compliance Staff alleging noncompliance with a Reliability Standard, proposing a penalty, opposing a Registered Entity’s Mitigation Plan, or requiring compliance with a Remedial Action Directive.

1.1.2 Deviation

To the extent permitted by law, any provision in these Hearing Procedures may be waived, suspended or modified by the Hearing Officer, as defined in Paragraph 1.1.5, or the [HEARING BODY], for good cause shown, either upon the Hearing Officer’s or the [HEARING BODY]’s own motion or upon the motion of any Participant.

1.1.3 Standards for Discretion

The Compliance Enforcement Authority’s discretion under these Hearing Procedures shall be exercised to accomplish the following goals:

- a) Integrity of the Fact-Finding Process - The principal goal of the hearing process is to assemble a complete factual record to serve as a basis for a correct and legally sustainable ruling, decision or order.
- b) Fairness - Persons appearing in Compliance Enforcement Authority proceedings should be treated fairly. To this end, Participants should be given fair notice and opportunity to present explanations, factual information, documentation and legal argument. Action shall be taken as necessary to eliminate any disadvantage or prejudice to a Participant that would otherwise result from another Participant’s failure to act diligently and in good faith.
- c) Independence - The hearing process should be tailored to protect against undue influence from any Person, Participant or interest group.

Compliance Monitoring and Enforcement Program

- d) **Balanced Decision-Making** - Decisions should be based solely on the facts and arguments of record in a proceeding and by individuals who satisfy the Compliance Enforcement Authority's conflict of interest policy.
- e) **Impartiality** - Persons appearing before the [HEARING BODY] should not be subject to discriminatory or preferential treatment. Registered Entities should be treated consistently unless a reasonable basis is shown in any particular proceeding to depart from prior rulings, decisions or orders.
- f) **Expedition** - Proceedings shall be brought to a conclusion as swiftly as is possible in keeping with the other goals of the hearing process.

1.1.4 Interpretation

- a) These Hearing Procedures shall be interpreted in such a manner as will aid in effectuating the Standards for Discretion set forth in Paragraph 1.1.3, and so as to require that all practices in connection with the hearings shall be just and reasonable.
- b) Unless the context otherwise requires, the singular of a term used herein shall include the plural and the plural of a term shall include the singular.
- c) To the extent that the text of a rule is inconsistent with its caption, the text of the rule shall control.

1.1.5 Definitions

Unless otherwise defined, as used in these Hearing Procedures (i) definitions in Section 1.1 of the NERC Compliance Monitoring and Enforcement Program shall apply, and (ii) the following terms shall have the following meanings:

“Bulk-Power System,” for the purposes of these Hearing Procedures, has the identical meaning as the definition of “Bulk Electric System” under the NERC Glossary.

“Clerk,” as designated by the Compliance Enforcement Authority.

“Compliance Enforcement Authority’s area of responsibility” means the Compliance Enforcement Authority’s corporate region. If a Regional Entity is the Compliance Enforcement Authority, the Compliance Enforcement Authority’s area of responsibility is shown in Exhibit A to the delegation agreement between the Regional Entity and NERC.

“Critical Energy Infrastructure Information” means specific engineering, vulnerability, or detailed design information about proposed or existing critical infrastructure that: (i) relates details about the production, generation, transportation, transmission, or distribution of energy; (ii) could be useful to a person in planning an attack on critical infrastructure; and (iii) does not simply give the location of the critical infrastructure.

“Critical infrastructure” means existing and proposed systems and assets, whether physical or virtual, the incapacity or destruction of which would negatively affect security, economic security, public health or safety, or any combination of those matters.

Compliance Monitoring and Enforcement Program

“Cybersecurity Incident” means a malicious act or suspicious event that disrupts, or was an attempt to disrupt, the operation of those programmable electronic devices and communications networks including hardware, software and data that are essential to the Reliable Operation of the Bulk-Power System.

“Director of Compliance” means the Director of Compliance of the Compliance Enforcement Authority, who is responsible for the management and supervision of Compliance Staff.

“Document” means, in addition to the commonly understood meaning of the term as information written or printed on paper, any electronically stored information, including writings, drawings, graphs, charts, photographs, sound recordings, images and other data or data compilations stored in any medium from which information can be obtained, and shall be translated by the producing party into reasonably usable form.

“ERO” means the Electric Reliability Organization, currently the North American Electric Reliability Corporation, or any successor organization, certified by FERC pursuant to 18 C.F.R. Section 39.3.

“FERC” means the Federal Energy Regulatory Commission.

“Hearing Officer” means an individual employed or contracted by the Compliance Enforcement Authority and designated by the Compliance Enforcement Authority to preside over hearings conducted pursuant to these Hearing Procedures.

“Participant” means a Respondent and any other Person who is allowed or required by FERC to participate as an intervenor in a proceeding conducted pursuant to these Hearing Procedures, and as used herein shall include the members of the Compliance Staff of the Compliance Enforcement Authority that participate in a proceeding.

“Penalty” as used herein includes all penalties and sanctions, including but not limited to a monetary or non-monetary penalty; a limitation on an activity, function, operation or other appropriate sanction; or the addition of the Registered Entity to a reliability watch list composed of major violators. Penalties must be within the range set forth in the NERC *ERO Sanction Guidelines* approved by FERC pursuant to 18 C.F.R. Section 39.7(g)(2), and shall bear a reasonable relation to the seriousness of a Registered Entity’s violation and take into consideration any timely efforts made by the Registered Entity to remedy the violation.

“Person” means any individual, partnership, corporation, limited liability company, governmental body, association, joint stock company, public trust, organized group of persons, whether incorporated or not, or any other legal entity.

“Reliable Operation” has the meaning set forth in Section 215 of the Federal Power Act.

“Reliability Standards” means standards approved by FERC pursuant to Section 215 of the Federal Power Act and 18 C.F.R. Section 39.5, as such standards are authorized and in effect from time to time.

Compliance Monitoring and Enforcement Program

“Respondent” means the Registered Entity who is the subject of the Notice of Alleged Violation, contested Mitigation Plan or contested Remedial Action Directive that is the basis for the proceeding, whichever is applicable.

“Staff” or “Compliance Staff” means individuals employed or contracted by the Compliance Enforcement Authority who have the authority to make initial determinations of compliance or violation with Reliability Standards by Registered Entities and associated Penalties and Mitigation Plans.

“Technical Advisor” means any Staff member, third-party contractor, or industry stakeholder who satisfies the Compliance Enforcement Authority’s conflict of interest policy and is selected to assist in a proceeding by providing technical advice to the Hearing Officer and/or the [HEARING BODY].

1.2 General Provisions including Filing, Service, Transcription and Participation

1.2.1 Contents of Filings

All filings made with [HEARING BODY] must contain:

- a) A caption that sets forth the title of the proceeding and the designated docket number or, if the filing initiates a proceeding, a space for the docket number;
- b) A heading that describes the filing and the Participant on whose behalf the filing is made;
- c) The full name, address, telephone number and email address of the Participant or the representative of the Participant making the filing;
- d) A plain and concise statement of any facts upon which the filing is based, which facts shall be supported by citations to the record of the hearing, if available, or other documents; and
- e) The specific relief sought, which may be in the alternative, and the authority that provides for or otherwise allows the relief sought.

1.2.2 Form of Filings

- a) All filings shall be typewritten, printed, reproduced or prepared using a computer or other word or data processing equipment on white paper 8½ inches by 11 inches with inside text margins of not less than one inch. Page numbers shall be centered and have a bottom margin of not less than ½ inch. Line numbers, if any, shall have a left-hand margin of not less than ½ inch. The impression shall be on one side of the paper only and shall be double spaced; footnotes may be single spaced and quotations may be single spaced and indented.
- b) All pleadings shall be composed in either Arial or Times New Roman font, black type on white background. The text of pleadings or documents shall be at least 12-point. Footnotes shall be at least 10-point. Other material not in the body of the text, such as schedules, attachments and exhibits, shall be at least 8-point.

Compliance Monitoring and Enforcement Program

- c) Reproductions may be by any process provided that all copies are clear and permanently legible.
- d) Testimony prepared for the purpose of being entered into evidence shall include line numbers on the left-hand side of each page of text. Line numbers shall be continuous.
- e) Filings may include schedules, attachments or exhibits of a numerical or documentary nature which shall, whenever practical, conform to these requirements; however, any log, graph, map, drawing, chart or other such document will be accepted on paper larger than prescribed in subparagraph (a) if it cannot be provided legibly on letter size paper.

1.2.3 Submission of Documents

a) Where to File

Filings shall be made with the Clerk of the Compliance Enforcement Authority located at its principal office. The office will be open from [*Compliance Enforcement Authority business hours*] local time each day except Saturday, Sunday, legal holidays and any other day declared by the Compliance Enforcement Authority.

b) When to File

Filings shall be made within the time limits set forth in these Hearing Procedures or as otherwise directed by the Hearing Officer or the [HEARING BODY]. Filings will be considered made when they are date stamped received by the Clerk. To be timely, filings must be received no later than [*Compliance Enforcement Authority close of business*] local time on the date specified.

c) How to File

Filings may be made by personal delivery, mailing documents that are properly addressed with first class postage prepaid, or depositing properly addressed documents with a private express courier service with charges prepaid or payment arrangements made. Alternatively, filing by electronic means will be acceptable upon implementation of a suitable and secure system by the Compliance Enforcement Authority.

d) Number of Copies to File

One original and five exact copies of any document shall be filed. The Clerk will provide each member of the [HEARING BODY] with a copy of each filing.

e) Signature

The original of every filing shall be signed by the Participant on whose behalf the filing is made, either by an attorney of the Participant or, by the individual if the Participant is an individual, by an Officer of the Participant if the Participant is not an individual, or if the Participant is Staff, by a designee authorized to act on behalf of Staff. The signature on a filing constitutes a certificate that the signer has read the filing and knows its contents, and that the contents are true to the best of the signer's knowledge and belief.

Compliance Monitoring and Enforcement Program

f) Verification

The facts alleged in a filing need not be verified unless required by these Hearing Procedures, the Hearing Officer or the [HEARING BODY]. If verification is required, it must be under oath by a person having knowledge of the matters set forth in the filing. If any verification is made by an individual other than the signer, a statement must be included in or attached to the verification explaining why a person other than the signer is providing verification.

g) Certificate of Service

Filings shall be accompanied by a certificate of service stating the name of the individuals served, the Participants whose interests the served individuals represent, the date on which service is made, the method of service and the addresses to which service is made. The certificate shall be executed by the individual who caused the service to be made.

1.2.4 Service

a) Service List

For each proceeding, the Clerk shall prepare and maintain a list showing the name, address, telephone number, and facsimile number and email address, if available, of each individual designated for service. The Hearing Officer, Director of Compliance and the Registered Entity's designated agent for service [as registered with the Compliance Enforcement Authority] shall automatically be included on the service list. Participants shall identify all other individuals whom they would like to designate for service in a particular proceeding in their appearances or other filings. Participants may change the individuals designated for service in any proceeding by filing a notice of change in service list in the proceeding. Participants are required to update their service lists to ensure accurate service throughout the course of the proceeding. Copies of the service list may be obtained from the Clerk.

b) By Participants

Any Participant filing a document in a proceeding must serve a copy of the document on each individual whose name is on the service list for the proceeding. Unless otherwise provided, service may be made by personal delivery, email, deposit in the United States mail properly addressed with first class postage prepaid, registered mail properly addressed with postage prepaid or deposit with a private express courier service properly addressed with charges prepaid or payment arrangements made.

c) By the Clerk

The Clerk shall serve all issuances of the Hearing Officer and [HEARING BODY] upon the members of the [HEARING BODY] and each individual whose name is on the service list for the proceeding. Service may be made by personal delivery, email, deposit in the United States mail properly addressed with first class postage prepaid, registered mail properly addressed with postage prepaid or deposit with a private express courier service properly addressed with charges prepaid or payment arrangements made. The Clerk shall transmit a copy of the record of a proceeding to the ERO at the time it serves the ERO with either (1) a notice of penalty, or (2) a [HEARING BODY] final order that includes a notice of penalty.

Compliance Monitoring and Enforcement Program

d) Effective Date of Service

Service by personal delivery or email is effective immediately. Service by mail or registered mail is effective upon mailing; service by a private express courier service is effective upon delivery to the private express courier service. Unless otherwise provided, whenever a Participant has the right or is required to do some act within a prescribed period after the service of a document upon the Participant, four (4) days shall be added to the prescribed period when the document is served upon the Participant by mail or registered mail.

1.2.5 Computation of Time

The time in which any action is required to be done shall be computed by excluding the day of the act or event from which the time period begins to run, and by including the last day of the time period, unless the last day is a Saturday, Sunday, legal holiday or any other day upon which the office of the Compliance Enforcement Authority is closed, in which event it also shall be excluded and the date upon which the action is required shall be the first succeeding day that is not a Saturday, Sunday, legal holiday, or day upon which the office of the Compliance Enforcement Authority is closed.

1.2.6 Extensions of Time

Except as otherwise provided by law, the time by which a Participant is required or allowed to act may be extended by the Hearing Officer or [HEARING BODY] for good cause upon a motion made before the expiration of the period prescribed. If any motion for extension of time is made after the expiration of the period prescribed, the Hearing Officer or [HEARING BODY] may permit performance of the act if the movant shows circumstances sufficient to justify the failure to act in a timely manner.

1.2.7 Amendments

Amendments to any documents filed in a proceeding may be allowed by the Hearing Officer or the [HEARING BODY] upon motion made at any time on such terms and conditions as are deemed to be just and reasonable.

1.2.8 Transcripts

A full and complete record of all hearings, including any oral argument, shall be transcribed verbatim by a certified court reporter, except that the Hearing Officer may allow off-the-record discussion of any matter provided the Hearing Officer states the ruling on any such matter, and the Participants state their positions or agreement in relation thereto, on the record. Unless otherwise prescribed by the Hearing Officer, a Participant may file and serve suggested corrections to any portion of the transcript within thirty-five (35) days from the date on which the relevant portion of the transcript was taken, and any responses shall be filed within ten (10) days after service of the suggested corrections. The Hearing Officer shall determine what changes, if any, shall be made, and shall only allow changes that conform the transcript to the truth and ensure the accuracy of the record.

The Compliance Enforcement Authority will pay for transcription services, for a copy of the transcript for the record and for a copy of the transcript for Staff. Any other Participant shall pay

Compliance Monitoring and Enforcement Program

for its own copy of the transcript if it chooses to obtain one and, should any Participant seek to obtain a copy of the transcript on an expedited basis, it shall pay for the expedited transcription services.

1.2.9 Rulings, Notices, Orders and Other Issuances

Any action taken by the Hearing Officer or the [HEARING BODY] shall be recorded in a ruling, notice, order or other applicable issuance, or stated on the record for recordation in the transcript, and is effective upon the date of issuance unless otherwise specified by the Hearing Officer or the [HEARING BODY]. All notices of hearings shall set forth the date, time and place of hearing.

1.2.10 Location of Hearings and Conferences

All hearings and oral arguments shall be held at the principal office of the Compliance Enforcement Authority unless the Hearing Officer or [HEARING BODY] designates a different location.

1.2.11 Participant Participation

Participants may appear at any hearing via teleconference subject to the approval of the Hearing Officer and, in the event of oral argument, the [HEARING BODY], except that witnesses shall personally appear at the evidentiary hearing if required by Paragraph 1.6.6. Staff may participate and be represented by counsel in hearings, and shall have the rights and duties of any Participant.

1.2.12 Interventions Are Not Permitted

The Respondent(s) and Staff shall be Participants to the proceeding. Unless otherwise authorized by FERC, no other Persons shall be permitted to intervene or otherwise become a Participant to the proceeding.

1.2.13 Proceedings Closed to the Public

No hearing, oral argument or meeting of the [HEARING BODY] shall be open to the public, and no notice, ruling, order or any other issuance of the Hearing Officer or [HEARING BODY], or any transcript, made in any proceeding shall be publicly released unless the ERO (within the U.S., in accordance with the authorization previously granted by FERC to release information about a non-public proceeding) or FERC (in the case of U.S.-related information) or another Applicable Governmental Authority (in the case of non-U.S.-related information) determine that public release is appropriate. Only the members of the [HEARING BODY], the Participants, the Hearing Officer and the Technical Advisors, if any, shall be allowed to participate in or obtain information relating to a proceeding.

1.2.14 Docketing System

The Clerk shall maintain a system for docketing proceedings. A docketed proceeding shall be created upon the issuance of a notice of Alleged Violation. Unless NERC provides a different docketing system that will be used uniformly by the Compliance Enforcement Authorities, docket numbers shall be assigned sequentially beginning with a two digit number that relates to the last two digits of the year in which the docket is initiated, followed by a dash (“-”), followed

Compliance Monitoring and Enforcement Program

by the letters “[RE]”, followed by a dash (“-”), followed by a four digit number that will be “0001” on January 1 of each calendar year and ascend sequentially until December 31 of the same calendar year.

1.2.15 Hold Harmless

A condition of a Participant invoking these Hearing Procedures and participating in a hearing is that the Participant agrees that the Compliance Enforcement Authority, including without limitation its members, board of directors or trustees, compliance committee, any other committees or subcommittees, Staff, contracted employees, [HEARING BODY] members, Hearing Officers and Technical Advisors, shall not be liable, and shall be held harmless against the consequences of, or any action or inaction arising out of, the hearing process, or of any agreement reached in resolution of a dispute or any failure to reach agreement as a result of a proceeding. This “hold harmless” provision does not extend to matters constituting gross negligence, intentional misconduct or breach of confidentiality.

1.3 Initiation of the Hearing Process

1.3.1 Registered Entity’s Option to Request a Hearing

Except when contesting a Remedial Action Directive pursuant to section 1.9 of these Hearing Procedures, a Registered Entity may file a statement with the Compliance Enforcement Authority requesting a hearing if either:

- a) The Registered Entity files a response to a notice of Alleged Violation that contests either the alleged violation, the proposed Penalty, or both; or
- b) The Compliance Staff submits to the Registered Entity a statement rejecting the Registered Entity’s proposed revised Mitigation Plan submitted after Compliance Staff rejected the Registered Entity’s initial proposed Mitigation Plan.

A Registered Entity must file its hearing request within forty (40) days after (i) the Registered Entity files its response to the notice of Alleged Violation; or (ii) the Compliance Staff submits to the Registered Entity its statement identifying a disagreement with the Registered Entity’s proposed Mitigation Plan, whichever is applicable. If the Registered Entity does not file a hearing request within the time period set forth in this Paragraph, then the Registered Entity will be deemed to have agreed and waived any objection to the proposed Penalty, the Alleged Violation or the Compliance Staff’s rejection of the revised Mitigation Plan, whichever is applicable.

Either a notice of Alleged Violation issued to a Registered Entity or a Staff statement setting forth its rejection of a Registered Entity’s proposed revised Mitigation Plan shall clearly state that the Registered Entity has the option to contest the Alleged Violation, proposed Penalty, or both, or the Compliance Staff’s rejection of the proposed revised Mitigation Plan, using either the shortened hearing procedure pursuant to Paragraph 1.3.2 or the full hearing procedure described in Sections 1.4 to 1.7. If the Registered Entity files a hearing request within the requisite time period, it shall state within its hearing request whether it requests the shortened hearing procedure pursuant to Paragraph 1.3.2 or the full hearing procedure described in Sections 1.4 to 1.7. If the Registered Entity (or any Respondent if there are more than one Respondent)

Compliance Monitoring and Enforcement Program

requests the full hearing procedure, the full hearing procedure shall apply. If the Registered Entity (or all Respondents if there are more than one Respondent) requests the shortened hearing procedure, Compliance Staff and any other Participant shall submit a filing within five (5) days of the Registered Entity's hearing request that states whether Staff or such other Participant agrees to use the shortened hearing procedure. If Staff or another Participant makes a filing requesting the full hearing procedure, then the full hearing procedure shall apply; otherwise the shortened hearing procedure requested by the Registered Entity or Entities shall be used. Once either the full or shortened hearing procedure has been selected, the Participants shall not be allowed to revert to the non-selected hearing procedure unless the Participants mutually agree.

A Registered Entity shall attach to a request for hearing whichever of the following are applicable:

- a) The Registered Entity's Self-Reporting of a violation;
- b) The notice of Alleged Violation and the Registered Entity's response thereto; and/or
- c) The Registered Entity's proposed revised Mitigation Plan and the Compliance Staff's statement rejecting the proposed revised Mitigation Plan.

1.3.2 Shortened Hearing Procedure

The shortened hearing procedure shall be as set forth in this Paragraph. The rules applicable to the full hearing procedure shall apply to the shortened hearing procedure unless the context of such a rule is inconsistent with the procedure set forth in this Paragraph or otherwise renders it inapplicable to the shortened hearing procedure. The rules concerning ex parte communications in Paragraph 1.4.7 are hereby expressly made applicable to the shortened hearing procedure under this Paragraph.

The [HEARING BODY] may utilize a Hearing Officer to preside over the shortened hearing procedure in accordance with Paragraph 1.4.2. But, no evidentiary hearing will be held in the shortened hearing procedure and the Participants will not present witness testimony or file briefs, except that briefs on exceptions and briefs in reply to exceptions may be allowed pursuant to Subparagraph (g). Instead, the following events shall take place within the following periods:

- a) The Prehearing Conference shall be held within seven (7) days after the date on which the notice of hearing is issued. In addition to any other matters set forth in Paragraph 1.5.2 that may apply, the prehearing conference will be used to develop a schedule for the preparation and submission of comments in accordance with Subparagraphs (c) through (e).
- b) Within five (5) days after the date on which the notice of hearing is issued, Staff shall make documents available to the Registered Entity for inspection and copying pursuant to Paragraph 1.5.7.
- c) Within twenty-one (21) days after the prehearing conference, the Staff shall file:
 - 1) initial comments stating Staff's position on all issues and the rationale in support of its position, including all factual and legal argument;

Compliance Monitoring and Enforcement Program

- 2) all documents that Staff seeks to introduce in support of its position that have not already been submitted in the proceeding; and
 - 3) a verification attesting to the truthfulness of the facts alleged in the filing.
- d) Within fourteen (14) days of Staff's initial comment filing pursuant to Subparagraph (c), the Registered Entity shall file:
- 1) responsive comments stating the Registered Entity's position on all issues and the rationale in support of its position, including all factual and legal argument, which comment also may respond to Staff's initial comments;
 - 2) all documents that the Registered Entity seeks to introduce in support of its position that have not already been submitted in the proceeding; and
 - 3) a verification attesting to the truthfulness of the facts alleged in the filing.
- e) Within seven (7) days after the Registered Entity's responsive comment filing pursuant to Subparagraph (d), Staff shall file reply comments that shall be limited in scope to responding to the Registered Entity's responsive comments and be supported by a verification attesting to the truthfulness of the facts alleged in the filing. Staff shall not submit any additional documents in support of its position as part of this filing except upon motion and good cause shown. If Staff is allowed to file additional documents in support of its position based upon such a motion, the Registered Entity shall have the right to file additional documents in support of its position that are responsive to the additional documents that Staff is allowed to file provided that any additional Registered Entity filing also shall be verified.
- f) The Hearing Officer shall issue an initial opinion within twenty-one (21) days after the Staff's reply comments filing or any additional filing by the Registered Entity pursuant to Subparagraph (e).
- g) If either Participant requests, the Hearing Officer shall allow each Participant to file, within seven (7) days after the Hearing Officer's initial opinion, exceptions to the Hearing Officer's initial opinion in a brief designated "brief on exceptions" in accordance with Paragraph 1.7.5 and within seven (7) days thereafter, a reply brief designated "Brief in Reply to Exceptions."
- h) The [HEARING BODY] shall strive, but is not required, to issue a final order within ninety (90) days of the notice of hearing.

The Hearing Officer or [HEARING BODY] may modify any time period set forth within this Paragraph as warranted by the circumstances but it will be the objective of the [HEARING BODY] to issue the final order within ninety (90) days of the notice of hearing.

Compliance Monitoring and Enforcement Program

1.4 General Hearing Procedure

1.4.1 Notice of Hearing

Within seven (7) days of a Registered Entity requesting a hearing pursuant to Paragraph 1.3, the Clerk shall issue a notice of hearing in the docket. The notice of hearing shall identify the Hearing Officer, if designated at that time, and the date, time, and place for the prehearing conference, which should occur no later than fourteen (14) days after the notice of hearing is issued.

1.4.2 Hearing Officer

The Compliance Enforcement Authority may utilize a Hearing Officer to preside over each hearing conducted pursuant to these Hearing Procedures, provided that the Hearing Officer's actions shall be subject to the authority of the [HEARING BODY] as set forth in Paragraph 1.4.3. Members of the [HEARING BODY] may attend any aspect of the hearing.

The [HEARING BODY] may delegate to the Hearing Officer authority over the conduct of the hearing, including administering the hearing from the prehearing conference through the issuance of the initial opinion and any administrative hearing functions thereafter, and the responsibility for submission of the matter to the [HEARING BODY] for final decision through the presentation to the [HEARING BODY] of an initial opinion. The Hearing Officer shall have those duties and powers necessary to those ends, consistent with and as further enumerated in these Hearing Procedures, including the following:

- 1) To administer oaths and affirmations;
- 2) To schedule and otherwise regulate the course of the hearing, including the ability to call to recess, reconvene, postpone or adjourn a hearing;
- 3) Consistent with any timing or deadline requirements imposed by these Hearing Procedures or by applicable law, to separate any issue or group of issues from other issues in a proceeding and treat such issue(s) as a separate phase of the proceeding;
- 4) Consistent with any timing or deadline requirements imposed by these Hearing Procedures or by applicable law, to modify any time period, if such modification is in the interest of justice and will result in no undue prejudice to any other Participant;
- 5) To supervise and issue orders concerning discovery;
- 6) To conduct prehearing conferences, status hearings and evidentiary hearings;
- 7) To rule upon all objections, motions and other requests that do not result in the final determination of the proceeding;
- 8) To rule on and receive evidence;

Compliance Monitoring and Enforcement Program

- 9) To call upon a Participant to produce further evidence that is material and relevant to any issue;
- 10) To issue protective orders pursuant to Paragraph 1.5.10;
- 11) To issue initial opinions; and
- 12) To ensure that hearings are conducted in a full, fair and impartial manner, that order is maintained and that unnecessary delay is avoided in the disposition of the proceedings.

If the [HEARING BODY] uses a Hearing Officer to preside over a hearing, the [HEARING BODY] shall disclose the identity, employment history and professional affiliations of the Hearing Officer within two (2) days of the Hearing Officer's assignment to the proceeding, and Participants to the hearing may raise objections to the Hearing Officer's participation in accordance with Paragraph 1.4.5.

1.4.3 [HEARING BODY]

The [HEARING BODY] is vested with the authority to issue a final order resolving the issue(s) in all cases. To that end:

- 1) The [HEARING BODY] shall receive all filings in a hearing, including but not limited to all issuances of the Hearing Officer, all motions and responses thereto, and all written comments, testimony and evidence. The Hearing Body shall not receive documents made available by Staff for inspection and copying by the Respondent, or other responses to discovery between the Participants, unless such documents are placed into the record pursuant to Paragraph 1.6.7.
- 2) The [HEARING BODY] or any individual member thereof may, but is not required to, attend any prehearing conference, status hearing or evidentiary hearing, and/or to submit questions to the Hearing Officer to submit to a Participant or any witness at any such hearing.
- 3) The [HEARING BODY] shall have the same authority as the Hearing Officer, as set forth in these Hearing Procedures, to require the Participants or any individual Participant to: (i) address a specific issue in testimony, evidence or briefs; (ii) present oral argument on an issue; (iii) file pre-evidentiary hearing memorandums; or (iv) produce further evidence that is material and relevant to any issue. To this end, the [HEARING BODY] shall be entitled to issue questions or requests for information to any Participant or any witness at any time until the issuance of a final order.
- 4) To the extent that the [HEARING BODY] disagrees with any issuance or ruling of the Hearing Officer, it may, on its own motion or upon petition for interlocutory review meeting the requirements of Paragraph 1.4.4, reverse or modify the issuance or ruling in whole or in part, or take any other action as may be appropriate.

Compliance Monitoring and Enforcement Program

- 5) The [HEARING BODY] shall resolve the issue(s) in every hearing through the issuance of a final order. In issuing a final order, the [HEARING BODY] shall consider the Hearing Officer's initial opinion but shall have the authority to reject, modify or approve the initial opinion in whole or in part.

1.4.4 Interlocutory Review

A Participant shall be allowed to seek interlocutory review by the [HEARING BODY] of any ruling of the Hearing Officer where the ruling for which interlocutory review is sought presents an extraordinary circumstance which makes prompt review necessary to prevent prejudice to a Participant's ability to present its position in the proceeding. Failure to seek such review shall not operate as a waiver of any objection to such ruling. Unless good cause is shown or unless otherwise ordered by the Hearing Officer or the [HEARING BODY], the Participant seeking review shall file a petition for interlocutory review within fourteen (14) days after the date of the action that is the subject of the petition. The petition shall contain, in a separately identified section, a demonstration that the ruling for which interlocutory review is sought presents an extraordinary circumstance which makes prompt review necessary to prevent prejudice to the Participant's ability to present its position in the proceeding. The petition shall be filed with any offer of proof and supported by affidavit if based on facts that do not appear of record. Responses to petitions for interlocutory review shall be filed within seven (7) days after service of the petition. No replies to responses are allowed.

The Hearing Officer shall file a report to the [HEARING BODY] within fourteen (14) days from the filing of the petition. The Hearing Officer's report shall set forth the relevant facts and other background information relating to the ruling on which interlocutory review is sought, the basis for the Hearing Officer's ruling, a summary of the Participants' arguments on the petition for interlocutory review, and the recommendation of the Hearing Officer for the disposition of the petition by the [HEARING BODY].

On review of a Hearing Officer's ruling, the [HEARING BODY] may affirm or reverse the ruling in whole or in part, and may take any other just and reasonable action with respect to the ruling, such as declining to act on an interlocutory basis. The [HEARING BODY] may reject the petition for interlocutory review on the grounds that the ruling for which review is sought does not present an extraordinary circumstance which makes prompt review necessary to prevent prejudice to a Participant's ability to present its position in the proceeding, without considering or ruling on the substance of the petitioner's arguments. Issuance of a ruling on a petition for interlocutory review shall require (i) a quorum (as defined in Paragraph 1.7.8) of the [HEARING BODY], and (ii) majority vote of the members of the [HEARING BODY] voting on the final order (which number of members voting shall not be less than a quorum). Petitions to rehear or reconsider the [HEARING BODY'S] action taken on interlocutory review shall not be allowed. Filing and disposition of a petition for interlocutory review of a ruling of the Hearing Officer shall not suspend or otherwise delay a hearing or any other scheduled dates in the proceeding except as authorized by the Hearing Officer or the [HEARING BODY] based on a finding of exceptional circumstances.

A non-Participant that has been ordered by the Hearing Officer pursuant to paragraph 1.5.8 to produce or provide documents, information or testimony, and has failed to obtain the relief sought from the Hearing Officer through filing objections to or a motion to quash the order, shall also be entitled to seek interlocutory review by the [HEARING BODY] of the Hearing Officer's

Compliance Monitoring and Enforcement Program

order, with respect to (i) whether the non-Participant is within the class of Persons subject to such orders pursuant to paragraph 1.5.8, and (ii) the reasonableness of the Hearing Officer's order to produce or provide document, information or testimony.

1.4.5 Disqualification

A Hearing Officer, Technical Advisor or member of the [HEARING BODY] shall recuse himself or herself from a proceeding if participation would violate the Compliance Enforcement Authority's applicable conflict of interest policy.

Any Participant may file a motion to disqualify or for recusal of a Hearing Officer, Technical Advisor or member of the [HEARING BODY] from a proceeding on grounds of a conflict of interest, an ex parte communication prohibited by section 1.4.7, or the existence of other circumstances that could interfere with the impartial performance of his or her duties. The Participant shall set forth and support its alleged grounds for disqualification by affidavit. A motion for disqualification shall be filed within fifteen (15) days after the later of: (1) the time when the Participant learns of the facts believed to constitute the basis for disqualification; or (2) the time when the Participant is notified of the assignment of the Hearing Officer or Technical Advisor.

The Hearing Officer shall issue a proposed ruling for the [HEARING BODY]'s consideration upon the filing of a motion for disqualification unless the Hearing Officer is the subject of the motion. The [HEARING BODY], without the participation of any member who is the subject of the motion, shall issue a final ruling on the motion. If the Hearing Officer is recused or disqualified, the [HEARING BODY] will appoint a replacement Hearing Officer. To ensure fairness to the Participants and expedite completion of the proceeding when a replacement Hearing Officer is appointed after a hearing has commenced, the replacement Hearing Officer may recall any witness or may certify familiarity with any part or all of the record.

If a quorum (as defined in Paragraph 1.7.8) of the [HEARING BODY] does not remain after any recusals and rulings on motions for disqualification, then the Compliance Enforcement Authority shall appoint a new member(s) to the [HEARING BODY] to create a quorum, which new member(s) shall serve on the [HEARING BODY] through the conclusion of the proceeding but not thereafter. The Compliance Enforcement Authority shall only appoint the number of new members as are necessary to create a quorum. Any new member of the [HEARING BODY] shall be subject to the provisions applicable herein to all [HEARING BODY] members.

1.4.6 Technical Advisor

The Hearing Officer and/or the [HEARING BODY] may elect to use one or more Technical Advisors to assist in any proceeding. Such an election may be made at any time during the course of a proceeding. Any Staff member who serves as a Technical Advisor shall not have been involved in or consulted at any time in regard to any Compliance Staff investigation, initial determination of Alleged Violation or Penalty, or assessment of a Registered Entity's proposed Mitigation Plan that resulted in the proceeding in which technical advice would be rendered, and shall not be a member of Staff participating in the proceeding on which such technical advice would be rendered.

Compliance Monitoring and Enforcement Program

If the Hearing Officer or [HEARING BODY] uses a Technical Advisor to assist in any hearing, the Hearing Officer or [HEARING BODY] shall disclose the identity, employment history and professional affiliations of the Technical Advisor within two (2) days of the Technical Advisor's assignment to the proceeding, and Participants to the hearing may raise objections to the Technical Advisor's participation in accordance with Paragraph 1.4.5.

1.4.7 No Ex Parte Communications

- a) Once a Registered Entity requests a hearing pursuant to Paragraph 1.3:
 - 1) neither the [HEARING BODY], the Hearing Officer, nor the Technical Advisor(s), if any, may communicate either directly or indirectly with any Person concerning any issue in the proceeding outside of the hearing process; except that
 - 2) the [HEARING BODY], the Hearing Officer, and the Technical Advisor(s), if any, may communicate outside of the hearing process either directly or indirectly with a Participant or a Participant's representative:
 - A) in writing if the writing is simultaneously provided to all Participants; or
 - B) orally if a representative for every Participant is present in person or by telephone;
 - C) subject to the requirement that the substance of any ruling on any issue discussed shall be memorialized on the record or by the issuance of a notice or ruling, and that any Participant objecting to the ruling shall have the opportunity to state its objection on the record.
- b) The proscription in Subparagraph (a)(1) does not prohibit members of the Compliance Staff from communicating with the Registered Entity, and representatives, agents or employees thereof on any topic, provided that any member of the Compliance Staff involved in any such communication relating to the subject matter of the proceeding may not be, and may not subsequently serve as, a Technical Advisor.
- c) The proscription in Subparagraph (a)(1) also does not prohibit communications between members of the [HEARING BODY], the Hearing Officer and any Technical Advisor.
- d) Any member of the [HEARING BODY], the Hearing Officer or any Technical Advisor who receives or who makes or knowingly causes to be made a communication prohibited by this Paragraph shall, within seven (7) days of the communication, file and serve on the Participants in the proceeding a notice of ex parte communication setting forth the date, time and place of communication, a summary of the substance and nature of the communication and all responses thereto, and a list of each person who made or received the communication and, if the communication or any response thereto was in writing, a copy of the written communication shall be attached.

1.4.8 Appearances

Participants shall file written appearances within seven (7) days after the notice of hearing is issued. A Participant's written appearance shall identify the name(s) of each individual

Compliance Monitoring and Enforcement Program

authorized to represent the Participant in the proceeding exclusive of witnesses. An individual may appear on his or her own behalf. A corporation, limited liability company, association, partnership or governmental body may appear by any bona fide officer or designee who has the authority to act on behalf of the Participant. A Participant also may appear by an attorney.

A Participant's written appearance shall state, with respect to each individual that the Participant identifies for service, the individual's name, address, telephone number, and facsimile number and email address, if available, where service shall be made.

A Participant may withdraw any individual from the Participant's representation or otherwise change the identity of individuals authorized to represent the Participant in a proceeding by filing a notice of a change in service list.

Any attorney appearing on behalf of a Participant shall be licensed to practice and in good standing before the Supreme Court of the United States or the highest court of any State, territory of the United States or the District of Columbia.

Individuals representing Participants in any hearing also shall enter their appearances at the beginning of the hearing by stating their names, addresses, telephone numbers and email addresses orally on the record.

1.4.9 Failure to Appear or Exercise Diligence

The failure of any Participant to appear during any hearing without good cause and without notification may be grounds for dismissal or deciding against the interests of such Participant.

1.4.10 Consolidation of Proceedings

In the event that more than one Registered Entity receives a Notice of Alleged Violation for the same event or transaction, and each Registered Entity selects the full hearing procedure described in Sections 1.4 to 1.7, the Hearing Body on its own motion may exercise its discretion to examine the actions of all Registered Entities in a single proceeding as long as an initial opinion has not been rendered by the Hearing Officer pursuant to Section 1.7.4 in any proceeding to be consolidated.

A Participant may file a motion pursuant to Paragraph 1.5.5 to consolidate into a single proceeding allegations of violations of different Reliability Standards against a single Respondent, and related contests of Penalties or Mitigation Plans, arising out of the same event or transaction. Such consolidation may be allowed in the discretion of the Hearing Officer or [HEARING BODY], as applicable.

1.5 Prehearing Procedure

1.5.1 [Intentionally left blank]

1.5.2 Prehearing Conference

The purpose of the prehearing conference shall be to:

- 1) Preliminarily identify the issues;

Compliance Monitoring and Enforcement Program

- 2) Discuss a schedule for any discovery to be conducted and address any discovery issues that are raised at that time;
- 3) Explore the possibility of obtaining admissions of fact and of the genuineness of documents that would avoid unnecessary proof;
- 4) Develop a schedule for the preparation and submission of evidence and witness testimony in advance of the evidentiary hearing;
- 5) Schedule a date(s) for the evidentiary hearing; and
- 6) Address such other matters as may aid in the simplification of the evidence and disposition of the proceeding.

1.5.3 Summary Disposition

A Hearing Officer, on the Hearing Officer's own motion or on the motion of a Participant, may issue an initial opinion granting, in whole or in part, summary disposition if it appears that there are no issues of material fact. If the Hearing Officer is considering summary disposition in the absence of a Participant motion, the Hearing Officer shall request the Participants to identify in writing any issues of material fact and to comment on the proposed disposition. Factual information in the Participants' comments shall be supported by affidavit. Following review of the Participants' comments, if it still appears to the Hearing Officer that there are no genuine issues of material fact, the Hearing Officer may proceed without an evidentiary hearing. The Hearing Officer shall, however, allow the Participants the opportunity to file briefs. When the Hearing Officer issues an initial opinion granting a motion for summary disposition in whole or in part, the ruling shall set forth the rationale for the grant. An initial opinion of the Hearing Officer granting summary disposition shall be confirmed, rejected or modified in a final order issued by the [HEARING BODY].

1.5.4 Status Hearings

Any Participant may request, and the Hearing Officer may call, a status hearing at any time subsequent to the prehearing conference to address issues that have arisen between the Participants. Such issues may include, but are not limited to, discovery disputes and scheduling matters. The Hearing Officer shall direct the Clerk to issue a notice of status hearing that sets forth the date, time and place for the hearing, and identifies the matters to be addressed at the hearing.

1.5.5 Motions

Unless otherwise provided, a Participant may file a motion at any time requesting any relief as may be appropriate. Unless a Hearing Officer allows a motion to be made orally on the record, motions shall be filed in writing. Motions based on facts that do not appear of record shall be supported by affidavit. Unless otherwise specified by the Hearing Officer, responses to motions shall be filed within fourteen (14) days after service of the motion, and replies to responses shall be filed within seven (7) days after service of the responses; however, a Hearing Officer may deny dilatory, repetitive, or frivolous motions without awaiting a response. Unless otherwise

Compliance Monitoring and Enforcement Program

ordered by a Hearing Officer, the filing of a motion does not stay the proceeding or extend any scheduled dates in the proceeding.

1.5.6 Experts

A Participant may employ an expert(s) to testify or consult in a proceeding. Any expert utilized in either capacity shall sign an agreement evidencing the expert's understanding and acknowledgement of the non-public nature of the proceeding and that unauthorized public disclosure of information obtained in connection with the expert's participation in the proceeding is prohibited. The Participant employing the expert shall propose the agreement for approval via a motion, and its approval shall be subject, in addition to consideration of any objections by other Participants, to ensuring that appropriate safeguards are maintained to protect the confidentiality of the proceeding and the information disclosed therein.

1.5.7 Inspection and Copying of Documents in Possession of Staff

(a) Documents to be Available for Inspection and Copying

(1) Within five (5) days after issuance of the notice of hearing, Staff shall make available for inspection and copying by the Respondent, all documents prepared or obtained by Staff through or in connection with any compliance monitoring process(es) that led to the institution of proceedings. Such documents shall include but are not limited to:

(A) requests for information to the Respondent;

(B) every written request, including e-mail, directed to persons not employed by the Compliance Enforcement Authority to provide information or documents or to be interviewed;

(C) the documents provided in response to any such requests described in (A) and (B) above;

(D) all transcripts of testimony recorded during the Staff investigation and all exhibits to the transcript;

(E) all other documents obtained from the Respondent; and

(F) all other documents obtained from persons not employed by the Compliance Enforcement Authority.

The sole bases pursuant to which Staff shall be authorized to withhold documents from inspection and copying shall be the bases set forth in Paragraph 1.5.7(b); provided, however, that the documents made available for inspection and copying need not include (i) exact copies of documents the Respondent previously provided to Staff, and (ii) any documents provided to the Respondent with or as part of the notice of Alleged Violation, notice of Penalty, assessment of proposed Mitigation Plan or Remedial Action Directive.

(2) Where there are Participants in a proceeding in addition to a single Respondent and Compliance Staff, the Hearing Officer or [HEARING BODY] shall oversee the Staff's

Compliance Monitoring and Enforcement Program

designation of documents to be produced to such other Participants and the development, execution and enforcement of any protective order deemed necessary.

(3) Staff shall promptly inform the Hearing Officer and each other Respondent if, after the issuance of a notice of hearing, requests for information are issued by Staff related to the same compliance monitoring process(es) that led to the institution of the proceeding. If Staff receives documents pursuant to a request for information after documents have been made available to a Respondent for inspection and copying as set forth in Subparagraph (a), the additional documents shall be made available to the Respondent not later than fourteen (14) days after Staff receives such documents. If a date for the evidentiary hearing has been scheduled, Staff shall make the additional documents available to the Respondent not less than ten (10) days before the hearing. If Staff receives such documents ten or fewer days before the hearing is scheduled to begin or after the hearing begins, Staff shall make the additional documents available immediately to the Respondent.

(4) Nothing in subparagraph (a)(1) shall limit the discretion of the Compliance Enforcement Authority to make any other document available to the Respondent or the authority of the Hearing Officer to order the production of any other documents or information by any Participant.

(b) Documents That May Be Withheld by Staff

(1) Staff may withhold a document from inspection and copying by the Respondent if:

(A) the document is privileged to Staff or constitutes attorney work product of Staff's counsel (in applying this provision, the attorney-client privilege shall be recognized as absolute and any demand for production of attorney work product shall be granted only after a showing of substantial need by the Respondent);

(B) the document is an examination or inspection report, an internal memorandum, or other note or writing prepared by a Staff member that shall not be offered in evidence;

(C) the document would disclose (i) an examination, investigatory or enforcement technique or guideline of the Compliance Enforcement Authority, a federal, state, or foreign regulatory authority, or a self-regulatory organization; (ii) the identity of a source, including a federal, state, or foreign regulatory authority or a self-regulatory organization, that furnished information or was furnished information on a confidential basis regarding an investigation, an examination, an enforcement proceeding, or any other type of civil or criminal enforcement action; or (iii) an examination, an investigation, an enforcement proceeding, or any other type of civil or criminal enforcement action under consideration by, or initiated by, the Compliance Enforcement Authority, a federal, state, or foreign regulatory authority, or a self-regulatory organization; or

(D) the Hearing Officer grants leave to withhold a document or category of documents as not relevant to the subject matter of the proceeding, or for other good cause shown.

Compliance Monitoring and Enforcement Program

Provided, that where a document contains information of the type listed in Subparagraphs (A), (B), (C) or (D) that is capable of being redacted, Staff shall make the document available for inspection and copying by Respondent in redacted form.

(2) Nothing in Subparagraph (b)(1)(B), (C) or (D) authorizes Staff to withhold a document, or a part thereof, that contains exculpatory evidence. Nothing in Subparagraph (b)(1) requires Staff to withhold a document from disclosure.

(c) Withheld Document List

At the time it is required to make documents available for inspection and copying, Staff shall also provide to the Hearing Officer, the Respondent and any other Participant to which documents are being made available, a list of documents withheld by Staff pursuant to Subparagraph (b)(1). Upon review, the Hearing Officer may order Staff to make any document withheld available to the Respondent(s) for inspection and copying.

(d) Timing of Inspection and Copying

Except as set forth in this Paragraph, the Hearing Officer shall determine the schedule of production of documents for inspection and copying, provided that the Hearing Officer may modify any time period for production set forth in this Paragraph as warranted by the circumstances.

(e) Place and Time of Inspection and Copying

Documents subject to inspection and copying pursuant to this Paragraph shall be made available to the Respondent for inspection and copying at the Compliance Enforcement Authority office where the documents are ordinarily maintained, or at such other office as the Hearing Officer, in his or her discretion, shall designate, or as the Participants otherwise agree. A Respondent shall be given access to the documents at the Compliance Enforcement Authority's offices during normal business hours. A Respondent shall not be given custody of the documents or be permitted to remove the documents from the Compliance Enforcement Authority's offices.

(f) Copying Costs

A Respondent may obtain a photocopy of all documents made available for inspection. A Respondent shall be responsible for the cost of photocopying. Unless otherwise ordered by the Hearing Officer, charges for copies made at the request of a Respondent shall be at a rate to be established by the Compliance Enforcement Authority.

(g) Failure to Make Documents Available — Harmless Error

In the event that a document required to be made available to a Respondent pursuant to this Paragraph is not made available by Staff, no rehearing or amended decision of a proceeding already heard or decided shall be required where the failure to make the document available was harmless error. Should a dispute arise as to whether a rehearing or amended decision is required due to the failure of Staff to produce a document, the burden shall be on Staff to show that such

Compliance Monitoring and Enforcement Program

failure was harmless error. The Hearing Officer, or, upon review, the [HEARING BODY] shall determine whether the failure to make the document available was harmless error.

1.5.8 Other Discovery Procedures

In addition to the production of documents by Staff for inspection and copying by Respondent pursuant to Paragraph 1.5.7, the Participants shall be entitled to utilize all other discovery methods provided for in Rules 402 through 409 of the FERC Rules of Practice and Procedure, 18 C.F.R. §385.402 through 385.409, including data requests, written interrogatories and requests for production of documents or things, depositions by oral examination, requests for inspection of documents and other property, requests for admissions, and requests for issuance of orders to one or more Registered Entities to produce documents for inspection and copying or at the hearing or to provide testimony by an authorized representative in deposition or at the hearing. Unless otherwise directed by the Hearing Officer or [HEARING BODY] upon motion by a Participant or by the Hearing Officer, or by the [HEARING BODY] on its own motion, such discovery, and the resolution of any disputes concerning such discovery, shall be conducted in accordance with the provisions of Rules 402 through 410 and 510(e) of the FERC Rules of Practice and Procedure, 18 C.F.R. §385.402 through 385.410 and 385.510(e), which are hereby incorporated by reference into these Hearing Procedures, subject to the following limitations and modifications to such Rules:

- (a) The provisions of Subparagraphs (d), (e) and (f) of Paragraph 1.5.7 shall apply to any such discovery.
- (b) Rule 403(b)(2) (18 C.F.R. §385.403(b)(2)) and Rule 410(d)(2) (18 C.F.R. §385.410(b)(2)) shall not be applicable.
- (c) The Hearing Officer and the [HEARING BODY] have the authority to issue orders to compel the appearance by or production of documents or information by, only a Person that (i) is a Participant or (ii) is a Registered Entity (including an authorized representative thereof) that is not a Participant. The Hearing Officer and the [HEARING BODY] do not have authority to require a United States marshal or deputy marshal to serve an order to produce or provide documents, information or testimony.
- (d) References to “subpoena” in Rules 404, 409, 410 and 510(e) shall be deemed to be to an order to a non-Participant Registered Entity to produce or provide documents, information or testimony.
- (e) References to the “Commission” in Rules 402 through 410 and 510(e) shall be to FERC except as follows: (i) the references in Rules 402(a), 404(b)(1) and 405(b), the second reference in Rule 410(d), and the references in Rule 510(e)(1) and (2) shall be deemed to be to the [HEARING BODY], (ii) the reference in Rule 385.406(b)(4) to “Commission trial staff” shall be deemed to be to Compliance Staff, and (iii) the reference in Rule 510(e)(3) shall be deemed to be to the Hearing Officer or [HEARING BODY].

Compliance Monitoring and Enforcement Program

- (f) Unless otherwise ordered by the Hearing Officer or [HEARING BODY], a data request, set of interrogatories, request for production of documents or things, request for inspection of documents or other property, request for admissions, or order to produce or provide documents, information or testimony, shall not specify a due date or response date that is fewer than 21 days from the date of service of the request or date of the order.
- (g) A list of withheld documents, if any, shall be provided by any Participant required to produce documents, at the time the documents are required to be produced, to the Hearing Officer and to each Participant entitled to receive production of the documents. Upon review, the Hearing Officer may order the Participant to make any document withheld available to any other Participant or Participants for inspection and copying.
- (h) In the event a document or information required to be produced or provided by a Participant pursuant to discovery is not produced or provided by the Participant, no rehearing or amended decision of a proceeding already heard or decided shall be required where the failure to produce or provide the document or information was harmless error. Should a dispute arise as to whether a rehearing or amended decision is required due to the failure of a Participant to produce or provide a document or information, the burden shall be on the Participant that failed to produce or provide the document or information to show that such failure was harmless error. The Hearing Officer or, upon review, the [HEARING BODY] shall determine whether the failure to make the document available was harmless error.
- (i) Unless otherwise ordered by the Hearing Officer or [HEARING BODY], all such discovery shall be requested, scheduled and conducted so as to be completed within six (6) months following the date of the initial prehearing conference held pursuant to Paragraphs 1.4.1 and 1.5.2.
- (j) Notwithstanding (f) and (i), however, if the shortened hearing procedure in Paragraph 1.3.2 is used in a proceeding, the Hearing Officer, on his or her own motion or on motion of a Participant, shall establish a schedule for discovery, including response periods for responding to discovery requests, that are consistent with the expedited nature of the proceeding contemplated by the shortened hearing procedure.

The Hearing Officer's ruling on all motions relating to disputes concerning such discovery shall consider the following objectives: (i) full disclosure of all relevant documents and information; (ii) the exercise of due diligence in the conduct of discovery by a Participant; and (iii) disallowing use of discovery as a means to delay the proceeding or to harass or burden any other Participant.

1.5.9 Pre-Evidentiary Hearing Submission of Testimony and Evidence

Unless the Hearing Officer orders otherwise and with the exception of (i) any adverse Participant examination pursuant to Paragraph 1.6.16 and (ii) the testimony and documents of a non-

Compliance Monitoring and Enforcement Program

Participant provided pursuant to an order to produce or provide documents, information or testimony, all witness testimony in a hearing must be prepared in written form, may have exhibits, schedules and attachments thereto, and shall be filed in advance of the evidentiary hearing pursuant to a schedule determined by the Hearing Officer, as it may be amended. Where a Participant intends to use a document or other demonstrative evidence that has not been filed as part of written testimony in the conduct of cross-examination (other than documents that are to be produced by a non-Participant at the hearing pursuant to an order to produce documents), the Participant intending to use such document or demonstrative evidence shall provide it to the other Participants and the Hearing Officer at least three (3) business days prior to the date at which the witness will be cross-examined at the evidentiary hearing.

Compliance Staff shall file the documents it intends to offer into evidence as its direct case, including the written testimony of its witnesses along with exhibits, schedules and attachments thereto, first. The Registered Entity shall file the documents it intends to offer into evidence as its direct case, which also may be responsive to Staff's direct case, including the written testimony of its witnesses along with exhibits, schedules and attachments thereto, second. Staff shall file as its rebuttal case the documents it intends to offer into evidence in response to the Registered Entity's direct case, including the written testimony of its witnesses along with exhibits, schedules and attachments thereto, third.

If appropriate due to the number and/or complexity of the issues, the Hearing Officer may allow for the Registered Entity to submit a rebuttal case that responds to Staff's rebuttal case, in which event the Hearing Officer shall also allow Staff to submit a surrebuttal case that responds to the Registered Entity's rebuttal case.

Each round of evidence shall be limited in scope to responding to the preceding round of evidence, except that the Registered Entity's direct case may exceed the scope of Staff's direct case if necessary for the Registered Entity to set forth its direct case fully.

The Participants shall file the documents they intend to offer into evidence in accordance with the Hearing Officer's schedule, as it may be amended. Such filings of written testimony and other evidence in advance of the evidentiary hearing shall not entitle the documents to be admitted into the evidentiary record. The Participants must offer their witnesses' testimony and other proposed evidence for admission into the evidentiary record during the evidentiary hearing.

Any Participant who fails, without good cause shown, to comply with the Hearing Officer's schedule for the filing of written testimony and other evidence in advance of the evidentiary hearing may be limited in the presentation of its evidence during the evidentiary hearing or have its participation in the evidentiary hearing otherwise restricted by the Hearing Officer to avoid undue prejudice and delay.

1.5.10 Protective Orders

- a) All proceedings conducted pursuant to these Hearing Procedures, and any written testimony, exhibits, other evidence, transcripts, comments, briefs, rulings and other issuances, shall be non-public and shall be held in confidence by all Participants, except as the ERO (within the U.S., in accordance with the authorization previously granted by FERC to release information about a non-public proceeding) or FERC (in the case of U.S.-related information) or another Applicable Governmental Authority (in the case of

Compliance Monitoring and Enforcement Program

non-U.S.-related information) authorizes or directs public disclosure of any portion of the record. In addition to this general proscription, at any time during a proceeding, the Hearing Officer, on his or her own motion or on the motion of any Participant or of any non-Participant ordered to produce documents, information or testimony, may enter a protective order to designate as proprietary and protect the confidential, proprietary or trade secret nature of any data, information or studies, or any other information the public release of which may cause a security risk or harm to a Participant.

- b) The following types of information will be considered entitled to protection through a protective order: (i) confidential business and market information, including information that is proprietary, commercially valuable, or competitively sensitive; (ii) critical energy infrastructure information; (iii) information related to a Cybersecurity Incident; (iv) personnel information that identifies or could be used to identify a specific individual, or that reveals personnel, financial, medical or other personal information; (v) audit work papers; (vi) investigative files or documents that would disclose investigative techniques of Staff, any Compliance Enforcement Authority, the ERO or any federal, state or foreign regulatory authority. Nothing in this Subparagraph 1.5.10(b) shall require Staff to produce any documents it is entitled to withhold under Subparagraph 1.5.7(b).
- c) A motion for a protective order shall specify the proposed expiration date for the proprietary status of the data, documents or information, if any, and shall propose requirements or safeguards to be met for individuals participating in the proceeding to review the protected information while maintaining its proprietary status.
- d) A document submitted and marked as proprietary, or a statement made at a hearing and identified as proprietary, shall be afforded proprietary treatment pending the timely submission of a motion to protect the confidential, proprietary or trade secret nature of that document or statement and a ruling on such a motion by the Hearing Officer.
- e) The protective order shall identify the data, documents or information that will be accorded proprietary treatment; the individuals participating in the proceeding, by category or otherwise, entitled to view the proprietary information; and the requirements, conditions or safeguards that must be met before an individual may view the information.
- f) A public redacted version of each document and transcript that contains information that is protected pursuant to this Paragraph must be filed with the proprietary version and must be served on each Participant for distribution to those individuals participating in the proceeding who are not entitled to view the proprietary information.
- g) Should it be necessary to address proprietary information during a hearing, the Hearing Officer shall, while the information is being addressed, close the hearing to all individuals other than those entitled to view the proprietary information in accordance with the protective order.

1.5.11 Pre-Evidentiary Hearing Memorandum

The Hearing Officer or the [HEARING BODY] may request, as needed on a case by case basis due to the number or complexity of the issue(s), the submission of memoranda prior to the evidentiary hearing that outline each Participant's position on the issue(s) in dispute, the key

Compliance Monitoring and Enforcement Program

facts and arguments, and the applicable Reliability Standard, rules, orders or other authority. The purpose of such memoranda will be to aid the Hearing Officer and [HEARING BODY] in preparation for the evidentiary hearing. A Participant will not be deemed to have waived any issue, fact or argument that is not set forth in a pre-evidentiary hearing memorandum. The Hearing Officer may establish page limitations on such submissions.

1.6 Evidentiary Hearing Procedure

1.6.1 Evidentiary Hearings

The purpose of the evidentiary hearing shall be to admit the Participants' evidence into the record, and for each Participant to have the opportunity to cross-examine the other Participant's witnesses. A schedule for briefs, unless waived by the Participants, shall be set at the conclusion of the evidentiary hearing. The evidentiary hearing also may be used to address any other issue pending between the Participants.

1.6.2 Order of Receiving Evidence

In all proceedings Compliance Staff shall open and close.

1.6.3 Opening and Closing Statements

Opening and closing statements will not be made during the evidentiary hearing as a matter of course except that such statements may be allowed when requested by a Participant, and shall be required when requested by the Hearing Officer or the [HEARING BODY]. Any Participant's request for such statements, or a Hearing Officer or [HEARING BODY] notice requiring such statements, shall be made at least ten (10) days in advance of the start of the evidentiary hearing.

1.6.4 Right of Participant to Present Evidence

Subject to compliance with the requirements of these Hearing Procedures concerning the timing of submission of written testimony and other evidence, a Participant has the right to present such evidence, to make such objections and arguments, and to conduct such cross-examination as may be necessary to assure the true and full disclosure of the facts.

1.6.5 Exhibits

All material offered in evidence, except oral testimony allowed by the Hearing Officer or the testimony of a non-Participant pursuant to an order to produce or provide documents, information or testimony, shall be offered in the form of an exhibit. Each exhibit must be marked for identification. A Participant must provide the court reporter with two (2) copies of every exhibit that the Participant offers into evidence, and will provide copies of any exhibit not served in advance of the evidentiary hearing to the Participants and the Hearing Officer.

1.6.6 Witness Attendance at Evidentiary Hearing

Each witness shall attend the evidentiary hearing in person unless a Participant has been informed in advance of the evidentiary hearing that all other Participants waive cross-examination of the witness and neither the Hearing Officer nor the members of the [HEARING BODY] have any questions for the witness, in which event the witness does need not be present

Compliance Monitoring and Enforcement Program

at the evidentiary hearing. All testimony offered at the evidentiary hearing is to be under oath or affirmation. If a witness is not required to attend the evidentiary hearing, then the Participant on whose behalf the witness prepared testimony shall submit an affidavit of the witness attesting to the veracity of the witness' testimony, and the Participant shall be allowed to introduce the witness' testimony, and the exhibits, schedules and attachments thereto, into the evidentiary record based on such affidavit.

1.6.7 Admission of Evidence

Compliance Staff shall offer its exhibits into evidence first and the Registered Entity second, unless the Participants agree otherwise.

Except for witnesses who are not required to attend the evidentiary hearing, the Participants shall call each witness in turn. Following the witness' swearing in, the witness shall attest to the veracity of his or her written testimony. The witness may identify any language and/or figures in his or her written testimony or exhibits that the witness would like to change or correct. Subject to objection, such changes or corrections may be allowed at the Hearing Officer's discretion for the purpose of obtaining a full, accurate and complete record without imposing undue delay or prejudice on any Participant. The Participant whose witness has made changes or written corrections to written testimony and exhibits shall file corrected copies with the Clerk and provide corrected copies to the Hearing Officer and other Participant.

Once a witness has attested to the veracity of his or her testimony, the Participant on whose behalf the witness is testifying shall move for admission of the witness' testimony, including all exhibits, schedules and attachments thereto, into evidence. Other Participants may object to the introduction of the witness' testimony, or any part thereof, as set forth in Paragraph 1.6.11. Subject to the Hearing Officer's ruling on the objection, the witness' testimony shall be admitted into evidence. The witness shall then be turned over for cross-examination by other Participants, and for any questions by the Hearing Officer or any member of the [HEARING BODY], in accordance with Paragraph 1.6.14, and then for redirect examination in accordance with Paragraph 1.6.15. Witnesses shall be cross-examined on all previously-served testimony (direct, rebuttal or surrebuttal) when they first take the witness stand.

Except (i) in exceptional cases and upon a showing of good cause and (ii) witnesses testifying pursuant to an order to produce or provide documents, information or testimony issued to a non-Participant, no witness shall be allowed to testify during the evidentiary hearing unless a Participant has served the witness' written testimony in advance of the evidentiary hearing in accordance with the schedule established by the Hearing Officer. Due to the undue prejudice such surprise witness testimony would impose on other Participants, it is the Compliance Enforcement Authority's policy to discourage witness testimony at an evidentiary hearing when a Participant has not served the witness' written testimony in advance of the evidentiary hearing. If such testimony is allowed, sufficient procedural steps shall be taken by the Hearing Officer to provide the other Participants with a fair opportunity for response and cross-examination.

1.6.8 Evidence that is Part of a Book, Paper or Document

When relevant and material matter offered in evidence is embraced in a book, paper or document containing other matter that is not material or relevant, the Participant offering the same must plainly designate the matter offered as evidence, and segregate and exclude the material not

Compliance Monitoring and Enforcement Program

offered to the extent practicable. If the material not offered is in such volume as would unnecessarily encumber the record, such book, papers or document will not be received in evidence but may be marked for identification and, if properly authenticated, the relevant or material matter may be read into the record, or, if the Hearing Officer so directs, a separate copy of such matter in proper form shall be offered as an exhibit. All other Participants shall be afforded an opportunity to examine the book, paper or document and to offer in evidence in like manner other portions thereof if found to be material and relevant.

1.6.9 Stipulations

The Participants may stipulate to any relevant fact or the authenticity of any relevant document. Stipulations may be made in writing or entered orally in the record. Notwithstanding stipulation, the Hearing Officer may require evidence of the facts stipulated in order to provide a complete evidentiary record on which to base the final order.

1.6.10 Official Notice

Where relevant and material to the subject matter of the proceeding, the Hearing Officer may, upon request of a Participant, take official notice of any of the following:

- 1) Rules, regulations, administrative rulings and orders, written policies of governmental bodies, and rulings and orders of other Compliance Enforcement Authorities.
- 2) The orders, transcripts, exhibits, pleadings or any other matter contained in the record of other docketed proceedings of the Compliance Enforcement Authority.
- 3) State, provincial and federal statutes and municipal and local ordinances.
- 4) The decisions of state, provincial and federal courts.
- 5) Generally recognized scientific or technical facts within the specialized knowledge of the Compliance Enforcement Authority.
- 6) All other matters of which the courts of the United States may take judicial notice.

All requests to take official notice shall be submitted in advance of the evidentiary hearing in accordance with a schedule established by the Hearing Officer. Before ruling on a request to take official notice, the Hearing Officer shall afford the other Participant opportunity to object or to show the contrary to the matter for which official notice is requested. An accurate copy of any item officially noticed shall be introduced into the record in the form of an exhibit presented by the Participant requesting official notice unless waived by the Participants and approved by the Hearing Officer. Any information officially noticed and not presented as an exhibit shall be set forth in a statement on the record.

1.6.11 Admissibility of Evidence

Any evidence offered, including that included in a book, paper or document pursuant to Paragraph 1.6.8, shall be subject to appropriate and timely objections. Any Participant objecting to the admission or exclusion of evidence must state the grounds for objection.

Compliance Monitoring and Enforcement Program

The admission of evidence shall not be limited by the generally recognized rules of evidence as applied in the courts of the United States or of the states, although the Hearing Officer may take such rules of evidence into consideration in ruling on the admissibility of evidence. The Hearing Officer will exercise discretion in the admission of evidence based upon arguments advanced by the Participants, and shall admit evidence if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs. The Hearing Officer may only exclude material from the record in response to a motion or objection by a Participant.

Formal exception to a ruling on admissibility of evidence need not be taken to be preserved.

1.6.12 Offer of Proof

Any Participant who has had evidence excluded may make an offer of proof on the record. The offer of proof may consist of a statement made on the record of the substance of the evidence that the Participant claims would have been adduced, or any written or documentary exhibit that the Participant sought to introduce. Any such exhibit shall be retained as part of the record.

1.6.13 Reservation of Evidentiary Ruling

The Hearing Officer shall rule upon any objection to the admissibility of evidence at the time the objection is made; provided that the Hearing Officer has discretion to reserve such a ruling or to require the Participants to file written arguments in relation thereto. If the Hearing Officer reserves the ruling, appropriate steps shall be taken during the evidentiary hearing to ensure a full, complete and accurate record in relation to the objected to evidence in the event the objection to the evidence's admissibility is overruled.

1.6.14 Cross-Examination

Each witness shall be tendered for cross-examination subsequent to the admission of the witness' testimony into the evidentiary record. Each Participant shall have the right to cross-examine each witness of any other Participants. A Participant may waive cross-examination of any witness. The Hearing Officer and any member of the [HEARING BODY] may ask the witness questions following the conclusion of the witness' cross-examination by the other Participant, and prior to the witness' redirect examination pursuant to Paragraph 1.6.15. If a member of the [HEARING BODY] seeks to ask a witness questions, the member shall do so by submitting the question in writing to the Hearing Officer, and the Hearing Officer shall ask the question of the witness.

1.6.15 Redirect Examination

A Participant shall be entitled to conduct redirect examination of each of the Participant's witnesses who are subject to cross-examination or questions of the Hearing Officer or a member of the [HEARING BODY]. Any redirect examination shall be limited in scope to the witness' cross-examination and questions of the Hearing Officer and members of the [HEARING BODY]. If a member of the Hearing Body seeks to ask a witness questions, the member shall do so by submitting the question in written form to the Hearing Officer, and the Hearing Officer shall ask the question of the witness.

Compliance Monitoring and Enforcement Program

1.6.16 Examination of Adverse Participant

Any Participant may call any adverse Participant, or any employee or agent thereof, during the evidentiary hearing to provide oral testimony on the Participant's behalf, and may conduct such oral examination as though the witness were under cross-examination. If a Participant intends to call an adverse Participant for examination, it shall give notice to the Hearing Officer and all other Participants setting forth the grounds for such examination at least fourteen (14) days in advance of the evidentiary hearing, and the Participant who, or whose employee or agent, is sought to be called shall file any objection at least seven (7) days in advance of the evidentiary hearing. Any Participant may conduct oral examination of a witness testifying pursuant to an order to produce or provide documents, information or testimony issued to a non-Participant, as though the witness were under cross-examination.

1.6.17 Close of the Evidentiary Record

The Hearing Officer shall designate the time at which the evidentiary record will be closed, which will typically be at the conclusion of the evidentiary hearing. Evidence may not be added to the evidentiary record after it is closed, provided that the Hearing Officer may reopen the evidentiary record for good cause shown by any Participant.

1.7 Post- Evidentiary Hearing Procedure

1.7.1 Briefs

- a) At the close of the evidentiary hearing, Participants may file initial and reply briefs.
- b) Briefs shall be concise, and, if in excess of twenty (20) pages, excluding appendices, shall contain a table of contents. Statements of fact should be supported by record citations.
- c) The Hearing Officer will prescribe the time for filing briefs, giving due regard to the nature of the proceeding, the extent of the record, the number and complexity of the issues, and the objective of expedition.
- d) Unless the Hearing Officer prescribes otherwise, all Participants shall file initial and reply briefs simultaneously.
- e) Participants' reply briefs shall be limited in scope to responding to arguments and issues raised in other Participants' initial briefs.
- f) The Hearing Officer may, with the agreement of the Participants, allow oral closing statements to be made on the record in lieu of briefs.
- g) The Hearing Officer may establish reasonable page limitations applicable to briefs.

1.7.2 Other Pleadings

Post-hearing pleadings other than briefs are permitted, but, absent good cause shown, such pleadings may not seek to introduce additional evidence into the record.

Compliance Monitoring and Enforcement Program

1.7.3 Draft Initial Opinions

The Hearing Officer may permit or require Participants to file draft initial opinions that set forth the Participants' proposed findings of fact and conclusions.

1.7.4 Hearing Officer's Initial Opinion

Except as otherwise ordered by the [HEARING BODY], at the conclusion of the evidentiary hearing, and following the submission of initial and reply briefs and draft orders, if any, the Hearing Officer shall prepare an initial opinion for the [HEARING BODY]'s review and consideration. The initial opinion shall include a statement of each finding and conclusion, and the reasons or basis therefore, for all material issues of fact, law or discretion presented on the record. The initial opinion also shall contain the appropriate orders to dispose of the proceeding, including any Penalty, Mitigation Plan or Remedial Action Directive that the Hearing Officer proposes the [HEARING BODY] require. If the initial opinion proposes a Penalty, the initial opinion shall include a proposed notice of Penalty. The initial opinion shall note if the subject of the proceeding has been deemed to involve a Cybersecurity Incident, if any information in the proceeding was deemed to be Critical Energy Infrastructure Information, or if any information in the proceeding is the subject of a protective order pursuant to Paragraph 1.5.10.

1.7.5 Exceptions

- a) Within twenty-one (21) days after service of the initial opinion, or such other time as is fixed by the Hearing Officer, any Participant may file exceptions to the initial opinion in a brief designated "brief on exceptions" and, within fourteen (14) days after the time for filing briefs on exceptions or such other time as is set by the Hearing Officer, any Participant may file as a reply, a "brief in reply to exceptions."
- b) Exceptions and replies thereto with respect to statements, findings of fact or conclusion in the initial opinion must be specific and must be stated and numbered separately in the brief. With regard to each, the Participant must specify each error asserted, and include a concise discussion of any policy considerations applicable and any other arguments in support of the Participant's position. Suggested replacement language for all statements to which exception is taken must be provided. Exceptions and arguments may be filed (1) together in one brief; or (2) in two separate documents, one designated as the brief containing arguments, and the other designed "Exceptions," containing the suggested replacement language.
- c) Arguments in briefs on exceptions and replies thereto shall be concise and, if in excess of twenty (20) pages, shall contain a table of contents.
- d) Participants shall not raise arguments in their briefs in reply to exceptions that are not responsive to any argument raised in any other Participant's brief on exceptions.
- e) Statements of fact should be supported by citation to the record.
- f) The Hearing Officer may establish reasonable page limitations applicable to arguments included in briefs on exception and briefs in reply to exceptions. Such page limitations shall not apply to a Participant's proposed replacement language.

Compliance Monitoring and Enforcement Program

- g) Unless good cause is shown, if a Participant does not file a brief on exceptions, or if a Participant filed a brief on exceptions that does not object to a part of the initial opinion, the Participant shall be deemed to have waived any objection to the initial opinion in its entirety, or to the part of the initial opinion to which the Participant did not object, whichever applies. This provision shall not prohibit the Participant, in its brief in reply to exceptions, from responding to another Participant's exceptions to such part of the initial opinion or from proposing alternative replacement language to the replacement language proposed by the other Participant for such part of the initial opinion.

1.7.6 Oral Argument

The [HEARING BODY] may elect to hear oral argument. If oral argument is held without briefs having been filed, Participants will be given the opportunity to present argument on all issues. If oral argument is held where briefs have been filed, argument may be limited to issues identified by the [HEARING BODY]. The [HEARING BODY] will direct the Clerk to issue a notice of oral argument that identifies the date, time, place and issues for the argument.

The presentation of written materials or visual aids is permitted at oral argument. To the extent such materials or aids contain factual information, they shall be supported by the record, and shall contain accurate record citations. Such materials or aids may not contain new calculations or quantitative analyses not presented in the record, unless they are based on underlying data contained in the record. Copies of all written materials or visual aids to be presented at oral argument shall be served on all Participants not less than 48 hours prior to the time and date of oral argument.

1.7.7 Additional Hearings

After the evidentiary record has been closed but before issuance of an initial opinion, the Hearing Officer may reopen the evidentiary record and hold additional hearings. Such action may be taken on the Hearing Officer's or the [HEARING BODY]'s own motion if there is reason to believe that reopening is warranted by any changes in conditions, or by the need to compile a complete evidentiary record on which to base the final order. Any Participant may file a motion to reopen the record, which shall contain the reasons for reopening, including material changes in conditions or the identification of additional evidence that should be included in the record, and a brief statement of proposed additional evidence and an explanation why such evidence was not previously adduced.

1.7.8 [HEARING BODY] Final Order

Following the receipt of the initial opinion, any exceptions and replies thereto, and oral argument, if any, the [HEARING BODY] shall issue its final order. Issuance of a final order shall require (i) a quorum of the [HEARING BODY], which shall be (after any recusals, disqualifications and appointments of replacement members) at least fifty (50) percent of the number of members normally assigned to the [HEARING BODY], and (ii) majority vote of the members of the [HEARING BODY] voting on the final order (which number of members voting shall not be less than a quorum). The [HEARING BODY] shall strive, but shall not be required, to issue its final order within thirty (30) days following the last to occur of the initial opinion, exceptions or replies thereto, or oral argument. The final order may adopt, modify, amend or reject the initial opinion in its entirety or in part. The final order shall include a statement of

Compliance Monitoring and Enforcement Program

each finding and conclusion, and the reasons or basis therefore, for all material issues of fact, law or discretion presented on the record. The [HEARING BODY] will base its determinations in the final order on the record. The final order also shall contain the appropriate orders to dispose of the proceeding, including any Penalty, sanction, Remedial Action Directive or Mitigation Plan required. If the final order imposes a Penalty, it shall be entitled “Final Order and Notice of Penalty”. The final order shall note if the subject of the proceeding has been deemed to involve a Cybersecurity Incident, if any information in the proceeding was deemed to be Critical Energy Infrastructure Information, or if any information in the proceeding is the subject of a protective order issued pursuant to Paragraph 1.5.10. The [HEARING BODY] shall direct the Clerk to serve the final order on the Participants. The service of the final order shall include a notice informing the Participants of their appeal rights to the ERO or to FERC, as applicable.

1.7.9 The Record

The Clerk shall maintain the record for all dockets. The record shall include any of the following, including all attachments thereto and documents filed therewith, that exist in any docket:

- 1) Notice of Alleged Violation and Registered Entity’s response thereto;
- 2) Registered Entity’s proposed Mitigation Plan and Staff’s statement identifying its disagreement(s) therewith;
- 3) Remedial Action Directives and the Registered Entity’s notice contesting the Remedial Action Directive;
- 4) Registered Entity’s request for a hearing;
- 5) Participant filings, motions, and responses;
- 6) Notices, rulings, orders and other issuances of the Hearing Officer and [HEARING BODY];
- 7) Transcripts;
- 8) Evidence received;
- 9) Written comments submitted in lieu of written testimony;
- 10) Matters officially noticed;
- 11) Offers of proof, objections and rulings thereon, and any written or documentary evidence excluded from the evidentiary record;
- 12) Briefs, pre-evidentiary hearing memorandums, and draft opinions;
- 13) Post-hearing pleadings other than briefs;
- 14) The Hearing Officer’s initial opinion;

Compliance Monitoring and Enforcement Program

- 15) Exceptions to the Hearing Officer's initial opinion, and any replies thereto;
- 16) The [HEARING BODY]'s final order, any notice of Penalty issued therewith, and the Clerk's notice transmitting the final order to the Participants;
- 17) All notices of ex parte communications; and
- 18) Any notifications of recusal and motions for disqualification of a member of the [HEARING BODY] or Hearing Officer of Technical Advisor and any responses or replies thereto.

1.7.10 Appeal

A Final Order of the [HEARING BODY] may be appealed to NERC in accordance with NERC's Rules of Procedure, Section 410. The Clerk shall transmit to NERC the record of any docket that is the subject of an appealed final order.

1.8 Settlement

Settlements may be entered into at any time pursuant to Section 5.4 of the NERC Compliance Monitoring and Enforcement Program and the Compliance Enforcement Authority's settlement procedures.

1.9 Remedial Action Directives

1.9.1 Initiation of Remedial Action Directive Hearing

Staff] may issue a Remedial Action Directive to a Registered Entity at any time, including during any proceeding related to an alleged violation of a Reliability Standard. The Remedial Action Directive shall be delivered to the Registered Entity in accordance with Section 7.0 of the NERC Compliance Monitoring and Enforcement Program. The Compliance Enforcement Authority will notify NERC within two (2) days after its Staff issues a Remedial Action Directive.

The Registered Entity may contest the Remedial Action Directive by filing a written notice with the Clerk of the Compliance Enforcement Authority that states that the Registered Entity contests the Remedial Action Directive and that the Registered Entity requests a Remedial Action Directive hearing. The Registered Entity shall attach a copy of the Remedial Action Directive to its written notice. The Registered Entity must provide such notice within two (2) business days following the date of actual receipt (as defined in Section 7.0 of the NERC Compliance Monitoring and Enforcement Program) of the Remedial Action Directive. If the Registered Entity does not give written notice to the Compliance Enforcement Authority within the required time period, the Registered Entity shall be deemed to have waived its right to contest the Remedial Action Directive.

The Clerk shall assign a docket number, and issue a notice of hearing that sets forth the date, time and place at which the hearing will convene pursuant to Paragraph 1.4.1.

Compliance Monitoring and Enforcement Program

1.9.2 Remedial Action Directive Hearing Procedure

Hearings to address Remedial Action Directives shall be conducted only under the expedited hearing process set forth in this Paragraph 1.9.2. The full hearing procedures described in Sections 1.4 to 1.7 are applicable to the Remedial Action Directive hearing unless the context of a provision is inconsistent with or otherwise renders it inapplicable to the procedures set forth in this Paragraph.

The Remedial Action Directive hearing may be presided over by a Hearing Officer and will be conducted according to the following guidelines:

- a) The Hearing Officer or the [HEARING BODY] will hold a prehearing conference within two (2) business days after receipt of the Registered Entity's request for a hearing.
- b) An evidentiary hearing will be conducted on the matter, in person or by teleconference, within seven (7) business days after the prehearing conference.
- c) At the evidentiary hearing, Staff shall present oral witness testimony and evidence to show why the Remedial Action Directive should be complied with, and the Registered Entity shall present oral witness testimony and evidence to show why the Remedial Action Directive is not necessary or should be modified. All witness testimony shall be rendered under oath.
- d) At the evidentiary hearing, the Participants shall have the opportunity to make opening statements. In addition, the Participants shall have the opportunity to make closing arguments, and Staff shall have the opportunity to make a rebuttal to the Registered Entity's closing argument.
- e) The Participants may file initial briefs and reply briefs, and/or draft opinions, on an expedited schedule set by the Hearing Officer or the [HEARING BODY]. Oral argument shall not be held.
- f) The [HEARING BODY] shall issue a summary written decision within ten (10) days following the hearing, stating whether the Registered Entity shall or shall not be required to comply with the Remedial Action Directive and identifying any modifications to the Remedial Action Directive that it finds appropriate.

Within thirty (30) days following issuance of its summary written decision, the [HEARING BODY] shall issue a full written decision. The written decision shall state the conclusions of the [HEARING BODY] with respect to the Remedial Action Directive, and shall explain the reasons for the [HEARING BODY]'s conclusions.

Compliance Monitoring and Enforcement Program

COMPLIANCE MONITORING AND ENFORCEMENT PROGRAM

1.0 INTRODUCTION

This Compliance Monitoring and Enforcement Program (“Compliance Program”) is the program to be used by the North American Electric Reliability Corporation (“NERC”) and the Regional Entities to monitor, assess, and enforce compliance with Reliability Standards within the United States. This is accomplished through compliance monitoring and rigorous proactive Compliance Audits. Compliance monitoring and enforcement programs also will be implemented in Canada consistent with Canadian laws and agreements.

1.1 Definitions

- 1.1.1** Alleged Violation: A potential violation for which the Compliance Enforcement Authority has determined that evidence exists to indicate a Registered Entity has violated a Reliability Standard.
- 1.1.2** Annual Audit Plan: A plan developed annually by the Compliance Enforcement Authority that includes the Reliability Standards and Registered Entities to be audited, the schedule of Compliance Audits, and Compliance Audit Participant requirements for the calendar year.
- 1.1.3** Applicable Governmental Authority: The Federal Energy Regulatory Commission (“FERC”) within the United States and the appropriate governmental authority with subject matter jurisdiction over reliability in Canada and Mexico.
- 1.1.4** Complaint: An allegation that a Registered Entity violated a Reliability Standard.
- 1.1.5** Compliance Audit: A systematic, objective review and examination of records and activities to determine whether a Registered Entity meets the requirements of applicable Reliability Standards.
- 1.1.6** Compliance Audit Participants: Registered Entities scheduled to be audited and the audit team members.
- 1.1.7** Compliance Enforcement Authority: NERC or the Regional Entity in their respective roles of monitoring and enforcing compliance with the NERC Reliability Standards.
- 1.1.8** Compliance Violation Investigation: A comprehensive investigation, which may include an on-site visit with interviews of the appropriate personnel, to determine if a violation of a Reliability Standard has occurred.
- 1.1.9** Confirmed Violation: An Alleged Violation for which an entity has: 1) accepted the finding of the violation by a Regional Entity or NERC and

Compliance Monitoring and Enforcement Program

will not seek an appeal, 2) completed the appeals process within NERC, or 3) allowed the time for submitting an appeal to NERC to expire.

- 1.1.10 Exception Reporting:** Information provided to the Compliance Enforcement Authority by a Registered Entity indicating that a violation of a Reliability Standard has occurred (e.g., a system operating limit has been exceeded). Some Reliability Standards require Exception Reporting.
- 1.1.11 Mitigation Plan:** An action plan developed by a Registered Entity to (i) correct a violation of a Reliability Standard and (ii) prevent re-occurrence of the violation. A Mitigation Plan is required when a Registered Entity violates a Reliability Standard as determined by any means including Compliance Enforcement Authority decision, Settlement Agreement, or otherwise.
- 1.1.12 NERC Compliance Registry:** A compilation of the Regional Compliance Registries from each Regional Entity plus the entities for which NERC serves as the Compliance Enforcement Authority.
- 1.1.13 NERC Compliance Monitoring and Enforcement Program Implementation Plan or NERC Implementation Plan:** The annual NERC Compliance Monitoring and Enforcement Program Implementation Plan that specifies the Reliability Standards that are subject to reporting by Registered Entities to the Compliance Enforcement Authority in order to verify compliance and identifies the appropriate monitoring procedures and reporting schedules for each such Reliability Standard.
- 1.1.14 Periodic Data Submittals:** Modeling, studies, analyses, documents, procedures, methodologies, operating data, process information or other information to demonstrate compliance with Reliability Standards and provided by Registered Entities to the Compliance Enforcement Authority on a time frame required by a Reliability Standard or an ad hoc basis.
- 1.1.15 Regional Compliance Registry:** A list, pursuant to Section 500 of the NERC Rules of Procedure and the NERC *Statement of Compliance Registry Criteria* of the owners, operators or users of the bulk power system or the entities registered as their designees for the purpose of compliance within a Regional Entity's geographic footprint that perform one or more functions in support of reliability of the bulk power system. The Registry is used to determine the Reliability Standards applicable to the Registered Entity.
- 1.1.16 Regional Implementation Plan:** An annual plan, submitted by November 1 of each year to NERC for approval that, in accordance

Compliance Monitoring and Enforcement Program

with NERC Rule of Procedure Section 401.6 and the NERC Compliance Monitoring and Enforcement Program Implementation Plan, identifies (1) all Reliability Standards identified by NERC to be actively monitored during each year, (2) other Reliability Standards proposed for active monitoring by the Regional Entity, (3) the methods to be used by the Regional Entity for reporting, monitoring, evaluation, and assessment of performance criteria with each Reliability Standard, and (4) the Regional Entity's Annual Audit Plan.

- 1.1.17** Registered Entity: An owner, operator, or user of the bulk power system or the entities registered as their designees for the purpose of compliance that is included in the NERC and Regional Compliance Registry.
- 1.1.18** Remedial Action Directive: An action (other than a penalty or sanction) required by a Compliance Enforcement Authority that (1) is to bring a Registered Entity into compliance with a Reliability Standard or to avoid a Reliability Standard violation, and (2) is immediately necessary to protect the reliability of the bulk power system from an imminent threat.
- 1.1.19** Required Date: The date given a Registered Entity in a notice from the Compliance Enforcement Authority by which some action by the Registered Entity is required. Such date shall provide the Registered Entity a reasonable period of time in which to take the required action, given the circumstances and the action required.
- 1.1.20** Self-Certification: Attestation by a Registered Entity of compliance or non-compliance with Reliability Standards for which Self-Certification is required by the Compliance Enforcement Authority and that are included for monitoring in the Regional Implementation Plan.
- 1.1.21** Self-Reporting: A report by a Registered Entity of a violation of a Reliability Standard, based on its own assessment, in order to provide prompt reports of any Reliability Standard violation and the actions that were taken or will be taken to resolve the violation.
- 1.1.22** Spot Checking: A process in which the Compliance Enforcement Authority requests a Registered Entity to provide information to support the Registered Entity's Self-Certification, Self-Reporting, or Periodic Data Submittal and to assess whether the Registered Entity complies with Reliability Standards. Spot Checking may also be random or initiated in response to events, as described in the Reliability Standards, or by operating problems or system events. Spot Checking may require an on-site review to complete.

Compliance Monitoring and Enforcement Program

2.0 IDENTIFICATION OF ORGANIZATIONS RESPONSIBLE FOR COMPLYING WITH RELIABILITY STANDARDS

The Compliance Enforcement Authority shall register the organizations responsible for complying with Reliability Standards, in accordance with Section 500 of the NERC Rules of Procedure. The Compliance Enforcement Authority shall identify the owners, operators, and users of the bulk power system that meet the definition of Registered Entities within the Compliance Enforcement Authority's area of responsibility. Each Registered Entity shall inform the Compliance Enforcement Authority promptly of changes to its registration information. The Compliance Enforcement Authority shall inform each Registered Entity at the time of registration of the Reliability Standards that are applicable to the Registered Entity. The Compliance Enforcement Authority shall maintain on its website a current listing of Reliability Standards that are applicable to all Registered Entities.

The Compliance Enforcement Authority will designate a contact person(s) and require each Registered Entity to designate a contact person(s) responsible for sending and receiving all necessary information and communications concerning compliance matters. The Compliance Enforcement Authority will designate where Registered Entities are to send information, data, Mitigation Plans, or any other compliance-related correspondence.

Each Regional Entity shall develop, maintain, and provide to NERC a Regional Compliance Registry with updates as changes occur to the registry. NERC shall maintain the NERC Compliance Registry on its web site. NERC will provide FERC and Applicable Governmental Authorities monthly updates to the NERC Compliance Registry.

As provided for herein, during the course of compliance monitoring and enforcement activities relating to U.S. entities, NERC may obtain information that it will provide to FERC and, if the information pertains to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, to such other Applicable Governmental Authority. However, NERC will not provide non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosures and subject to such limitations as FERC may place on such disclosures. Similarly, during the course of compliance monitoring and enforcement activities relating to non-U.S. entities, NERC may obtain information that it will provide to the Applicable Governmental Authorities, including FERC, that have jurisdiction over the Registered Entity or the portion of the bulk power system to which the information pertains, but subject to any limitations placed on the disclosure of non-public, non-U.S. compliance information by the Applicable Governmental Authority with jurisdiction or by other law of the applicable jurisdiction. In any notice to, and request for permission to disclose compliance information from, FERC or another Applicable Governmental Authority pursuant to any provision of this Compliance Program, NERC will identify each Applicable Governmental Authority to which it proposes to disclose the information and the specific procedures that will be used for protecting from public disclosure any non-public compliance information that will be transferred to the other Applicable Governmental Authority or Authorities. The provisions of this paragraph do not apply to the provision by NERC to an Applicable Governmental Authority of information that is not directly related to a specific Registered Entity's compliance with a requirement of a Reliability Standard.

Compliance Monitoring and Enforcement Program

3.0 COMPLIANCE MONITORING AND ENFORCEMENT PROCESSES

The Compliance Enforcement Authority will monitor, assess, and enforce compliance with Reliability Standards using eight (8) monitoring processes to collect information in order to make assessments of compliance: (1) Compliance Audits, (2) Self-Certifications, (3) Spot Checking, (4) Compliance Violation Investigations, (5) Self-Reporting, (6) Periodic Data Submittals, (7) Exception Reporting, and (8) Complaints. These processes are described in Sections 3.1 through 3.8 below.

Enforcement actions taken by the Compliance Enforcement Authority through the Compliance Program may include the imposition of remedial actions, sanctions, and penalties, where applicable, which shall be based on the schedule of penalties and sanctions approved for implementation by FERC and other Applicable Governmental Authorities. The imposition and acceptance of sanctions and penalties shall not be considered an acceptable alternative to any Registered Entity's continuing obligation to comply with the Reliability Standards. Registered Entities found in violation of a Reliability Standard will be required to mitigate the violation regardless of any enforcement actions taken.

The Compliance Program requires timely data from Registered Entities to effectively monitor compliance with Reliability Standards. If data, information or other reports to determine compliance requested from a Registered Entity are not received by the Required Date, the Compliance Enforcement Authority may execute the steps described in **Attachment 1, Process for Non-submittal of Requested Data**.

Parties engaged in the process described in this section should consult with each other on the data and information that would be appropriate for effectively addressing this section's process requirements. If a party believes that a request for data or information is unreasonable, the party may request a written determination from the NERC compliance program officer.

Any report or other submission of information by a Registered Entity required by the Compliance Program shall be signed by an officer, employee, attorney or other authorized representative of the Registered Entity. Electronic signatures are permitted in accordance with processes established by NERC and the Regional Entity. NERC or the Compliance Enforcement Authority may require the signer to provide a statement of the basis of his or her authority to sign on behalf of the Registered Entity.

Figure 3.0 NERC Compliance Program Process depicts the overall process steps for the Compliance Program and each of the subsequent process diagrams are either inputs to the overall process or represent an expansion of a single process (e.g., hearing process) shown on this diagram.

Compliance Monitoring and Enforcement Program

NERC Compliance Monitoring and Enforcement Program Overview

Compliance Monitoring and Enforcement Program

3.1 Compliance Audits

All Registered Entities are subject to audit for compliance with all Reliability Standards applicable to the functions for which the Registered Entity is registered. Compliance Audits are conducted on the Registered Entity's site to the extent required by NERC Rule of Procedure 403.11.2. Compliance Audit processes for Compliance Audits conducted in the United States shall be based on professional auditing standards recognized in the U.S., including Generally Accepted Auditing Standards, Generally Accepted Government Auditing Standards and standards sanctioned by the Institute of Internal Auditors. Compliance Audit processes for Compliance Audits conducted outside the U.S. may be based on Canadian or other international standards. All Compliance Audits shall be conducted in accordance with audit guides established for the Reliability Standards included in the Compliance Audit, consistent with accepted auditing guidelines as approved by NERC. The audit guides will be posted on NERC's website.

3.1.1 Compliance Audit Process Steps

The process steps for a Compliance Audit are as follows and as shown on **Figure 3.1**:¹

- The Compliance Enforcement Authority distributes the Annual Audit Plan (developed in coordination with NERC) to the Compliance Audit Participants and NERC. The Compliance Enforcement Authority provides additional information to the Compliance Audit Participants, including audit materials, coordinating agendas and changes to the audit schedule as required. Prior to the Compliance Audit, the Compliance Enforcement Authority informs the Registered Entity of the Reliability Standards to be evaluated. NERC or the Regional Entity provides the audit schedules to FERC and to any other Applicable Governmental Authority based upon the agreements in place with the other Applicable Governmental Authority.
- At least two (2) months prior to commencement of a regularly scheduled Compliance Audit, the Compliance Enforcement Authority notifies the Registered Entity of the Compliance Audit, identifies the audit team members and their recent employment history, and requests data, including a completed NERC pre-audit questionnaire. If the audit team members change from the time of the original notification, the Compliance Enforcement Authority will promptly notify the Registered Entity of the change and will allow time for the Registered Entity to object to the member (see Section 3.1.5).
- The Registered Entity provides to the Compliance Enforcement Authority the required information in the format specified in the request.
- The audit team reviews the submitted information for conformance with the requirements of the Reliability Standards prior to performing the Compliance Audit. The audit team follows NERC audit guidelines in the implementation of the Compliance Audit. This shall include conducting an exit briefing with the Registered Entity, providing for a review of the audit report with the Registered Entity before it is finalized, and issuing an

¹This process normally completes within sixty (60) days of the completion of the on-site Compliance Audit work at the Registered Entity's site.

Compliance Monitoring and Enforcement Program

audit report, including an assessment of compliance with the Reliability Standards, to the Compliance Enforcement Authority.

- The Compliance Enforcement Authority reviews the report developed by the audit team and completes an assessment of any Alleged Violations with the Reliability Standards identified in the report.
- The Compliance Enforcement Authority provides the final audit report to the Registered Entity and to NERC.
- If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3 (Notice of Alleged Violation) of the Compliance Program Process shown in **Figure 3.0**.
- Regional Entities will notify NERC of any Alleged Violations as required by Section 8.0.

Compliance Monitoring and Enforcement Program

Figure 3.1 – Compliance Audit Process

Compliance Monitoring and Enforcement Program

3.1.2 Compliance Enforcement Authority Annual Audit Plan and Schedule

The Compliance Enforcement Authority shall develop an Annual Audit Plan. The Annual Audit Plan of Regional Entities will be included in the Regional Implementation Plans submitted to NERC for review and approval (see Section 4.2). NERC or the Regional Entity provides the Annual Audit Plans to FERC and to any other Applicable Governmental Authority consistent with the agreements in place with the Applicable Governmental Authority.

Prior to January 1 of the year covered by the Annual Audit Plan, the Compliance Enforcement Authority shall notify Registered Entities subject to Compliance Audits during the upcoming year, of the audit schedules, methods, and data requirements for the audit. The Compliance Enforcement Authority will give due consideration to any schedule changes requested by Registered Entities to avoid unnecessary burdens.

Revisions and additions to a Regional Entity Annual Audit Plan shall be approved by NERC and the Registered Entity shall be notified in a timely manner (normally 60 days in advance) of changes or revisions to scheduled audit dates.

3.1.3 Frequency of Compliance Audits

The Compliance Enforcement Authority will perform comprehensive Compliance Audits as required by the NERC Rules of Procedure based on criteria established by NERC. Additionally, an unscheduled Compliance Audit of any Registered Entity (i) may be initiated at any time by the Compliance Enforcement Authority if reasonably determined to be necessary to ensure the Registered Entities' compliance with Reliability Standards, and (ii) shall be initiated by the Compliance Enforcement Authority or by NERC if directed by FERC. Prior to or on the same date it notifies the Registered Entity that an unscheduled Compliance Audit is being initiated, the Compliance Enforcement Authority shall notify NERC and FERC that an unscheduled Compliance Audit is being initiated. The Registered Entity shall receive at least ten (10) business days advance notice that an unscheduled Compliance Audit is being initiated, which notice shall include identification of the members of the Compliance Audit team. The Registered Entity shall make any objections to the composition of the Compliance Audit team, which shall be based on failure to meet the criteria specified in Section 3.1.5, at least five (5) business days prior to the start of on-site audit work for the unscheduled Compliance Audit.

3.1.4 Scope of Compliance Audits

A Compliance Audit will include all Reliability Standards applicable to the Registered Entity monitored in the NERC Implementation Plans in the current and three previous years, and may include other Reliability Standards applicable to the Registered Entity. If a Reliability Standard does not require retention of data for the full period of the Compliance Audit, the Compliance Audit will be applicable to the data retention period specified in the Reliability Standard.

3.1.5 Conduct of Compliance Audits

The audit team shall be comprised of staff personnel from the Compliance Enforcement Authority and may include contractors and industry volunteers as determined by the Compliance Enforcement Authority to be appropriate to comprise a sufficient audit team. The audit team

Compliance Monitoring and Enforcement Program

leader shall be a staff member from the Compliance Enforcement Authority and is responsible for the conduct of the Compliance Audit and preparation of the audit report. At their discretion, NERC Compliance Staff may participate on any Regional Entity Compliance Audit team either as an observer or as an audit team member as determined by the Regional Entity. Additionally, FERC and other regulatory bodies with regulatory authority for the Registered Entity may participate on the audit team for any Compliance Audit of a Registered Entity.

Each audit team member must:

- Be free of conflicts of interests. For example, employees or contractors of the Registered Entity being audited shall not be allowed to participate as auditors in the Compliance Audit of the Registered Entity.
- Comply with the NERC Antitrust Compliance Guidelines and shall have either signed appropriate confidentiality agreements or acknowledgments that the confidentiality agreement signed by the Compliance Enforcement Authority is applicable.
- Successfully complete all NERC or NERC-approved Regional Entity auditor training applicable to the Compliance Audit. As a transitional matter, for Compliance Audits conducted prior to January 1, 2008, at least a majority of audit team members must have successfully completed such training.

Prior to the Compliance Audit, copies of executed confidentiality agreements or acknowledgements will be provided to the Registered Entity.

A Registered Entity subject to a Compliance Audit may object to any member of the audit team on grounds of a conflict of interest or the existence of other circumstances that could interfere with the team member's impartial performance of his or her duties. Such objections must be provided in writing to the Compliance Enforcement Authority no later than fifteen (15) days prior to the start of on-site audit work. This fifteen (15) day requirement shall not apply (i) where an audit team member has been appointed less than twenty (20) days prior to the start of on-site audit work, in which case the Registered Entity must provide any objections to the Compliance Enforcement Authority within five (5) business days after receiving notice of the appointment of the Compliance Audit team member; and (ii) in the case of an unscheduled Compliance Audit pursuant to Section 3.1.3, in which case the Registered Entity must provide any objections to the Compliance Enforcement Authority at least five (5) business days prior to the start of start of on-site audit work for the unscheduled Compliance Audit. The Compliance Enforcement Authority will make a final determination on whether the member will participate in the Compliance Audit of the Registered Entity. Nothing in this paragraph shall be read to limit the participation of NERC or FERC staff in the Compliance Audit.

3.1.6 Compliance Audit Reports

The audit team shall develop a draft audit report that shall include a description of the objective, scope, and methodology of the Compliance Audit; identify any Alleged Violations of Reliability Standards; identify any Mitigation Plans or Remedial Action Directives, which have been completed or pending in the year of the Compliance Audit; and identify the nature of any confidential information redacted. A separate document may be prepared that contains

Compliance Monitoring and Enforcement Program

recommendations of the audit team. Any recommendations contained in that document will be considered non-binding. The draft report will be provided to the Registered Entity for comment.

The audit team will consider corrections based on comments of the Registered Entity and provide the final audit report to the Compliance Enforcement Authority who will review the report and assess compliance with the Reliability Standards and provide the Registered Entity with a copy of the final report. Regional Entities will provide the final report to NERC, which will in turn provide the report to FERC if the report pertains to a Registered Entity or to a portion of the bulk power system over which FERC has jurisdiction and/or to another Applicable Governmental Authority if the report pertains to a Registered Entity or to a portion of the bulk power system over which the other Applicable Governmental Authority has jurisdiction. Provided, that NERC will not disclose non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosure and subject to such limitations as FERC may place on such disclosure; and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission for such disclosure from the Applicable Governmental Authority with jurisdiction over the Registered Entity or the portion of the bulk power system to which such non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction. The Registered Entity shall receive the final audit report at least five (5) business days prior to the release of the report to the public. Work papers and other documentation associated with the audit shall be maintained by the Compliance Enforcement Authority in accordance with NERC requirements.

In the event the audit report identifies Alleged Violations, the final audit report, or pertinent part thereof identifying the Alleged Violation(s) and any proposed penalty or sanction(s), shall not be released to the public by NERC or the Compliance Enforcement Authority until (i) NERC submits a notice of penalty to FERC, or (ii) such Alleged Violation(s) have been admitted by the Registered Entity or resolved by a settlement with the Compliance Enforcement Authority pursuant to the provisions of Section 5.0.

Information deemed by a Compliance Enforcement Authority or the Registered Entity as critical energy infrastructure information or confidential information (as defined in Section 1501 of the NERC Rules of Procedure) shall be redacted from any public reports.

3.2 Self-Certification

The Compliance Enforcement Authority may require Registered Entities to self-certify their compliance with Reliability Standards.

If a Self-Certification accurately identifies a violation of a Reliability Standard, an identification of the same violation in a subsequent Compliance Audit or Spot Check will not subject the Registered Entity to an escalated penalty as a result of the Compliance Audit process unless the severity of the violation is found to be greater than reported by the Registered Entity in the Self-Certification.

Compliance Monitoring and Enforcement Program

3.2.1 Self-Certification Process Steps

The process steps for the Self-Certification process are as follows and as shown in **Figure 3.2.1**:²

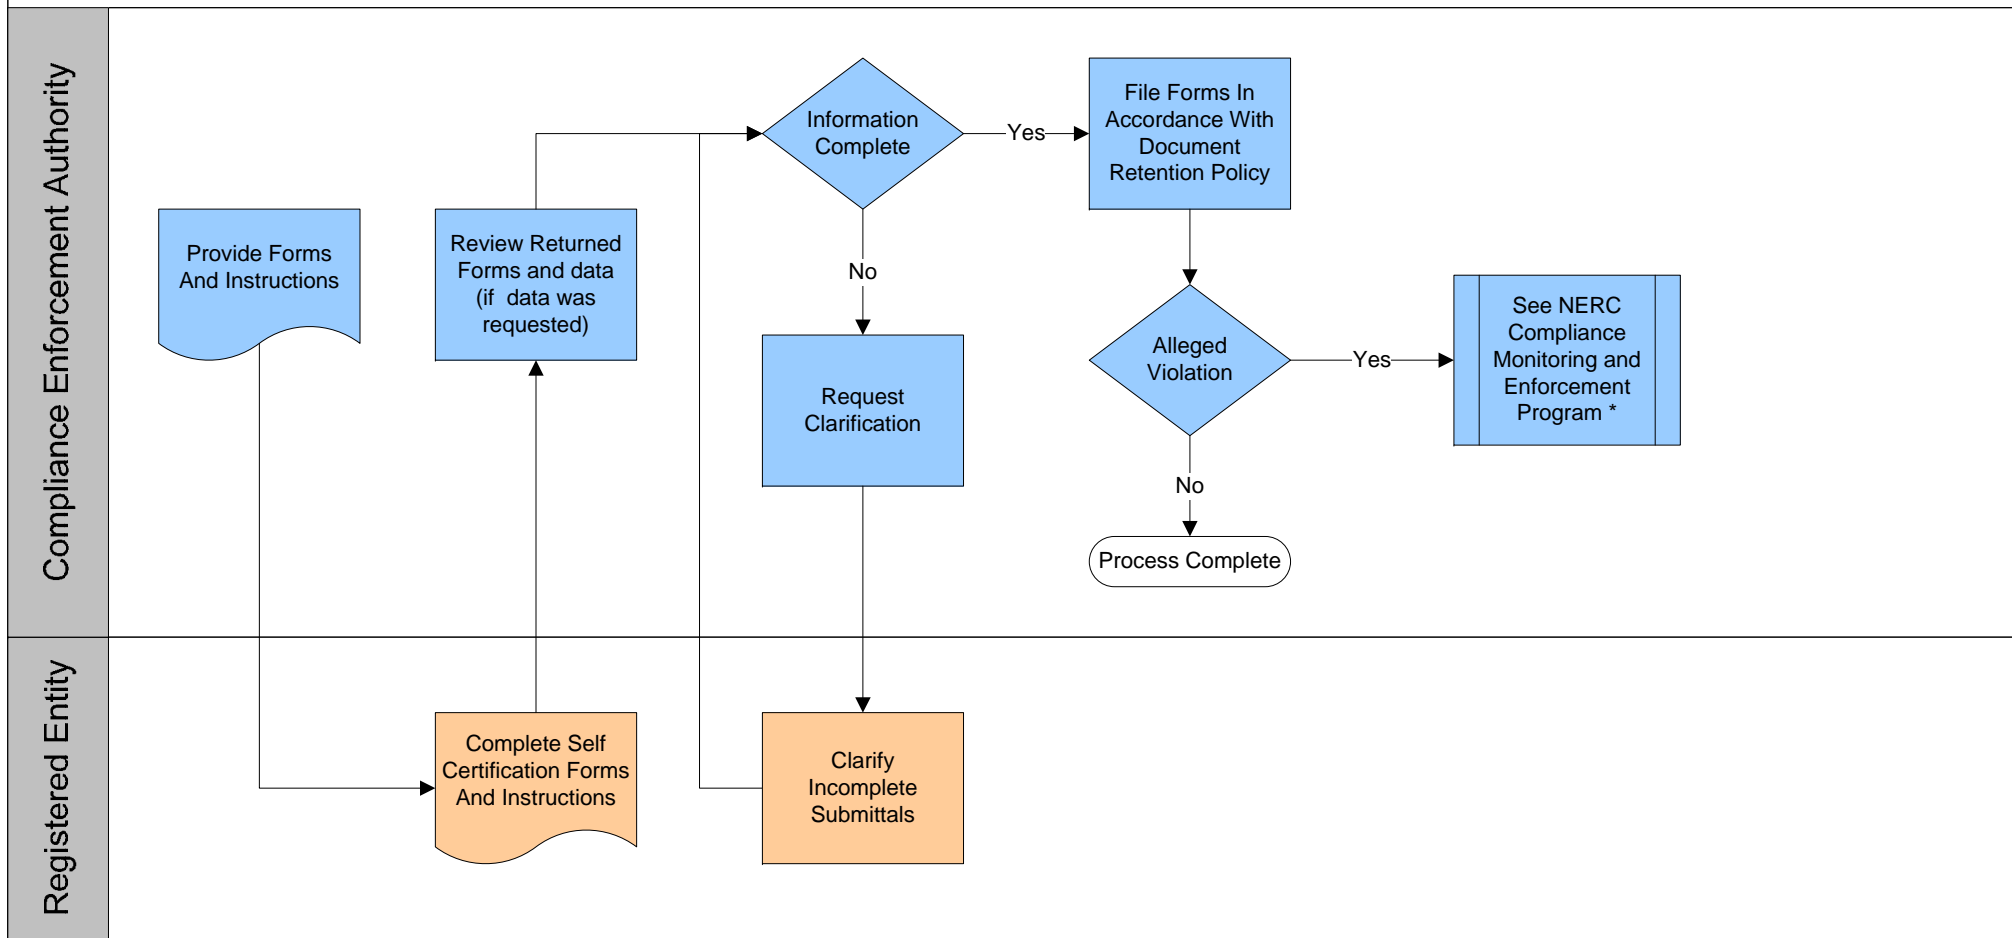

- The Compliance Enforcement Authority posts and updates the reporting schedule and informs Registered Entities. The Compliance Enforcement Authority ensures that the appropriate Reliability Standards, compliance procedures, and required submittal forms for the Reliability Standards being evaluated are maintained and available electronically.
- The Compliance Enforcement Authority requests the Registered Entity to make a Self-Certification within the advance notice period specified by the Reliability Standard. If the Reliability Standard does not specify the advance notice period, this request will be issued in a timely manner (normally thirty (30) days advance notice).
- The Registered Entity provides the required information to the Compliance Enforcement Authority.
- The Compliance Enforcement Authority reviews information to determine compliance with the Reliability Standards and may request additional data and/or information if necessary.
- The Compliance Enforcement Authority completes the assessment of the Registered Entity for compliance with the Reliability Standard (and with the Registered Entity's Mitigation Plan, if applicable). If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3 (Notice of Alleged Violation) of the Compliance Program Process shown in **Figure 3.0**
- Regional Entities will notify NERC of any Alleged Violations as required by Section 8.0.

²If no non-compliances are found, this process normally completes within sixty (60) days of the Compliance Enforcement Authority's receipt of data.

Compliance Monitoring and Enforcement Program

3.3 Spot Checking

Spot Checking will be conducted by the Compliance Enforcement Authority. Spot Checking may be initiated by the Compliance Enforcement Authority at any time to verify or confirm Self-Certifications, Self Reporting, and Periodic Data Submittals. Spot Checking may also be random or may be initiated in response to events, as described in the Reliability Standards, or by operating problems, or system events. The Compliance Enforcement Authority then reviews the information submitted to verify the Registered Entity's compliance with the Reliability Standard. Compliance auditors may be assigned by the Compliance Enforcement Authority as necessary.

3.3.1 Spot Checking Process Steps

The process steps for Spot Checking are as follows and as shown in **Figure 3.3.1**:³

- The Compliance Enforcement Authority notifies the Registered Entity that Spot Checking will be performed and the reason for the spot check within the advance notice period specified by the Reliability Standard. If the Reliability Standard does not specify the advance notice period, any information submittal request made by the Compliance Enforcement Authority will allow at least twenty (20) days for the information to be submitted or available for review.
- The Compliance Enforcement Authority, during the advance notice period, notifies the Registered Entity of the names and employment histories of the persons who will be conducting the Spot Checking. The Registered Entity may object to inclusion of any individual on the Spot Checking team in accordance with Section 3.1.5. Any such objections must be submitted by the later of (i) five (5) business days before the information being requested by the Compliance Enforcement Authority is submitted and (ii) five (5) business days after the Registered Entity is notified of the persons on the Spot Checking team. Nothing in this step shall be read to limit the participation of NERC or FERC staff on the Spot Checking Team.
- The spot check may require submission of data, documentation, or possibly an on-site review.
- The Registered Entity provides required information to the Compliance Enforcement Authority in the format specified in the request.
- The Compliance Enforcement Authority reviews information to determine compliance with the Reliability Standards and may request the additional data and/or information if necessary for a complete assessment of compliance.
- The Compliance Enforcement Authority reviews its draft assessment of the Registered Entity's compliance with the Registered Entity and provides an opportunity for the Registered Entity to comment on the draft assessment.

³If no alleged violations are found, this process normally completes within ninety (90) days of the Compliance Enforcement Authority's receipt of data.

Compliance Monitoring and Enforcement Program

- The Compliance Enforcement Authority completes and documents the assessment of the Registered Entity for compliance with the Reliability Standard and provides a report to the Registered Entity indicating the results of the spot check.
- If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3 (Notice of Alleged Violation) of the Compliance Program Process shown in **Figure 3.0**
- Regional Entities will notify NERC of any Alleged Violations as required by Section 8.0.

Compliance Monitoring and Enforcement Program

Figure 3.3.1 Spot Checking Process

Compliance Monitoring and Enforcement Program

3.4 Compliance Violation Investigations

A Compliance Violation Investigation may be initiated at any time by the Compliance Enforcement Authority or NERC in response to a system disturbance, Complaint, or possible violation of a Reliability Standard identified by any other means.

Compliance Violation Investigations will generally be led by the Regional Entity's staff. NERC reserves the right to assume the leadership of a Compliance Violation Investigation.⁴ The Regional Entity shall not be entitled to appeal NERC's decision to lead a Compliance Violation Investigation.

Compliance Violation Investigations are confidential, unless FERC directs that a Compliance Violation Investigation should be public or that certain information obtained in the Compliance Violation Investigation should be publicly disclosed. Confirmed Violations resulting from a Compliance Violation Investigation will be made public.

FERC or another Applicable Governmental Authority may initiate an investigation at any time in response to a system disturbance, Complaint, or possible violation of a Reliability Standard identified by any other means, or for any other purpose authorized by law. Investigations initiated by FERC or another Applicable Governmental Authority shall be governed by and conducted pursuant to the statutory authority and rules of the Applicable Governmental Authority and not the procedures set forth herein. If an Applicable Governmental Authority other than FERC initiates an investigation of a U.S.-related matter, NERC shall provide notice to FERC of the investigation prior to disclosure of any non-public U.S.-related compliance information regarding the matter to be investigated to the other Applicable Governmental Authority. NERC's notice to FERC shall identify the other Applicable Governmental Authority, shall describe the nature of the proposed disclosures to the other Applicable Governmental Authority, and shall state the procedures NERC will utilize in connection with the Compliance Violation Investigation to ensure compliance with the requirements of 18 C.F.R. §39.7(b)(4) concerning nondisclosure of violations and Alleged Violations. If FERC initiates an investigation of a non-U.S.-related matter, NERC shall provide notice of the investigation to the Applicable Governmental Authority having jurisdiction over the Registered Entity or the portion of the bulk power system that is the subject of the investigation prior to disclosure to FERC of any non-public non-U.S.-related compliance information regarding the matter to be investigated. NERC's notice to the other Applicable Governmental Authority shall describe the nature of the proposed disclosures to FERC and shall state the procedures NERC will utilize in connection with the investigation to ensure compliance with regulations of the other Applicable Governmental Authority or other law of the applicable jurisdiction concerning disclosure of non-public compliance information.

⁴Examples of situations in which NERC may decide to lead a Compliance Violation Investigation include: (i) to assure consistency in investigative processes, (ii) to coordinate Compliance Violation Investigations into matters that may cross Regional Entity boundaries, (iii) where the possible violation is related to the Regional Entity or one of its affiliates, divisions, committees or subordinate structures, or (iv) where the Regional Entity determines it cannot conduct the Compliance Violation Investigation.

Compliance Monitoring and Enforcement Program

3.4.1 Compliance Violation Investigation Process Steps

The process steps for a Compliance Violation Investigation are as follows and as shown in **Figure 3.4.1**:⁵

- The Compliance Enforcement Authority is notified or becomes aware of circumstances indicating a possible violation of a Reliability Standard and determines whether a Compliance Violation Investigation is warranted. Within two (2) business days of the decision to initiate a Compliance Violation Investigation, the Compliance Enforcement Authority: (i) notifies the Registered Entity of the initiation and initial scope of the Compliance Violation Investigation, the requirements to preserve all records and information relevant to the Compliance Violation Investigation and, where appropriate, the reasons for the Compliance Violation Investigation, and (ii) notifies NERC of the initiation of and the reasons for the Compliance Violation Investigation. While the Compliance Enforcement Authority may, at its discretion, notify the Registered Entity of the reasons for its Compliance Violation Investigation, the Compliance Violation Investigation, as it unfolds, need not be limited to this scope.
- NERC assigns a NERC staff member to the Compliance Violation Investigation and to serve as a single point of contact for communications with NERC. Within two (2) business days after NERC is notified of the decision to initiate a Compliance Violation Investigation, NERC will notify each Applicable Governmental Authority having jurisdiction over a Registered Entity or a portion of the bulk power system to which the Compliance Violation Investigation relates. Provided, that NERC will not disclose non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to an Applicable Governmental Authority other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction.
- The Compliance Enforcement Authority requests data or documentation and provides a list of individuals on the Compliance Violation Investigation team and their recent employment history. The Registered Entity may object to any individual on the Compliance Violation Investigation team in accordance with Section 3.1.5; however, the Registered Entity may not object to participation by NERC, by FERC staff or by staff of another Applicable Governmental Authority on the Compliance Violation Investigation team. If the Reliability Standard does not specify the advance notice period, a request is normally issued with no less than twenty (20) days advance notice.
- Within ten (10) business days of receiving the notification of a Compliance Violation Investigation, a Registered Entity subject to a Compliance Violation Investigation may

⁵If no alleged violation(s) are found, this process normally completes within sixty (60) days following the decision to initiate a Compliance Violation Investigation.

Compliance Monitoring and Enforcement Program

object to any member of the Compliance Violation Investigation team on grounds of a conflict of interest or the existence of other circumstances that could interfere with the team member's impartial performance of his or her duties. Such objections must be provided in writing to the Compliance Enforcement Authority within such ten (10) business day period. The Compliance Enforcement Authority will make a final determination as to whether the individual will participate in the Compliance Violation Investigation of the Registered Entity.

- If necessary, the Compliance Violation Investigation may include an on-site visit with interviews of the appropriate personnel and review of data.
- The Registered Entity provides the required information to the Compliance Enforcement Authority in the format as specified in the request.
- The Compliance Enforcement Authority reviews information to determine compliance with the Reliability Standards. The Compliance Enforcement Authority may request additional data and/or information if necessary for a complete assessment or to demonstrate compliance.
- The Compliance Enforcement Authority may require the Registered Entity (i) to provide a verification under oath by an officer, employee, attorney or other authorized representative of the Registered Entity attesting to the accuracy, completeness and truth of the Registered Entity's responses to the Compliance Enforcement Authority's requests for documents and information; and (ii) to produce one or more officers, employees or other authorized representatives of the Registered Entity who are familiar with the subject matter of the Compliance Violation Investigation to provide testimony under oath concerning the matters under investigation.
- The Compliance Enforcement Authority completes the assessment of compliance with the Reliability Standard and/or approval of the applicable Mitigation Plan, writes and distributes the report, and notifies the Registered Entity.
- If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3 (Notice of Alleged Violation) of the Compliance Program Process shown in **Figure 3.0**
- Regional Entities will notify NERC of any Alleged Violations as required by Section 8.0.
- If the Compliance Enforcement Authority determines that no violation occurred, it shall send the Registered Entity and NERC a notice that the Compliance Violation Investigation has been completed. NERC will in turn notify FERC and, if the Compliance Violation Investigation pertained to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, will also notify such other Applicable Governmental Authority. Provided, however, that NERC will not disclose non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosure and subject to

Compliance Monitoring and Enforcement Program

any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction.

Compliance Monitoring and Enforcement Program

3.5 Self-Reporting

Self-Reporting is encouraged at the time a Registered Entity becomes aware (i) of a violation of a Reliability Standard, or (ii) a change in the violation severity level of a previously reported violation. Self-Reporting of a violation of a Reliability Standard is encouraged regardless of whether the Reliability Standard requires reporting on a pre-defined schedule in the Compliance Program and the violation is determined outside the pre-defined reporting schedule.

3.5.1 Self-Reporting Process Steps

The process steps for Self-Reporting are as follows and as shown in **Figure 3.5.1**:⁶

- The Compliance Enforcement Authority posts the Self-Reporting submittal forms and ensures they are maintained and available on its Web site.
- The Registered Entity provides the Self-Reporting information to the Compliance Enforcement Authority.
- The Compliance Enforcement Authority reviews the information to determine compliance with the Reliability Standards and may request the Registered Entity to provide clarification or additional data and/or information.
- The Compliance Enforcement Authority completes the assessment of the Registered Entity for compliance with the Reliability Standards and any Mitigation Plan, if applicable, and notifies the Registered Entity.
- If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3, Notice of Alleged Violation, of the Compliance Program Process shown in **Figure 3.0**.
- Regional Entities notify NERC of any Alleged Violations as required by Section 8.0.

⁶This process normally completes within sixty (60) days following the Compliance Enforcement Authority's receipt of data.

3.6 Periodic Data Submittals

The Compliance Enforcement Authority requires Periodic Data Submittals in accordance with the schedule stated in the applicable Reliability Standard, established by the Compliance Enforcement Authority, or on an as-needed basis. Requests for data submittals will be issued by the Compliance Enforcement Authority to Registered Entities with at least the minimum advance notice period specified by the applicable Reliability Standard. If the Reliability Standard does not specify an advance notice period, the request will normally be issued with no less than twenty (20) days advance notice.

3.6.1 Periodic Data Submittals Process Steps

The process steps for Periodic Data Submittal are as follows and as shown in **Figure 3.6.1**:⁷

- The Compliance Enforcement Authority posts the current data reporting schedule on its web site and keeps Registered Entities informed of changes and/or updates. The Compliance Enforcement Authority ensures that the appropriate Reliability Standard compliance procedures and the required submittal forms for the Reliability Standards being evaluated are maintained and available via its web site.
- The Compliance Enforcement Authority makes a request for a Periodic Data Submittal.
- The Registered Entity provides the required information to the Compliance Enforcement Authority in the format as specified in the request.
- The Compliance Enforcement Authority reviews the data submittal to determine compliance with the Reliability Standards and may request additional data and/or information for a complete assessment or to demonstrate compliance.
- The Compliance Enforcement Authority reviews its draft assessment of the Registered Entity's compliance with the Reliability Standard and provides an opportunity for the Registered Entity to comment on the assessment before it is finalized.
- The Compliance Enforcement Authority completes the assessment of the Registered Entity for compliance with the Reliability Standard and notifies the Registered Entity.
- If the Compliance Enforcement Authority concludes that a reasonable basis exists for believing a violation of a Reliability Standard has occurred, it shall send the Registered Entity a notice containing the information set forth in Section 5.1 and the process moves to step 3 (Notice of Alleged Violation) of the Compliance Program Process shown in **Figure 3.0**
- Regional Entities notify NERC of any Alleged Violations as required by Section 8.0.

⁷If no violation(s) are found, this process generally completes within ten (10) business days of the Compliance Enforcement Authority's receipt of data.
[Month, Day], 2009

3.7 Exception Reporting

Some Reliability Standards require reporting of exceptions to compliance with the Reliability Standard as a form of compliance monitoring. The Compliance Enforcement Authority shall require Registered Entities to provide reports identifying any exceptions to the extent required by any Reliability Standard.

The Compliance Enforcement Authority shall also require Registered Entities to confirm the number of exceptions that have occurred in a given time period identified by NERC, even if the number of exceptions is zero.

3.8 Complaints

Either NERC or Regional Entities may receive Complaints alleging violations of a Reliability Standard. A Regional Entity will conduct a review of each Complaint it receives to determine if the Complaint provides sufficient basis for a Compliance Violation Investigation, except that NERC will review any Complaint (1) that is related to a Regional Entity or its affiliates, divisions, committees or subordinate structures, (2) where the Regional Entity determines it cannot conduct the review, or (3) if the complainant wishes to remain anonymous or specifically requests NERC to conduct the review of the Complaint.

If the Complaint is submitted to NERC, NERC will forward the information to the Regional Entity, as appropriate.

All anonymous Complaints will be reviewed and any resulting Compliance Violation Investigations conducted by NERC will be conducted in accordance with Section 3.8.2 to prevent disclosure of the identity of the complainant.

The Compliance Enforcement Authority conducting the review will determine if the Complaint may be closed as a result of the initial review and assessment of the Complaint to determine if it provides sufficient basis for a Compliance Violation Investigation. The Regional Entity will report the results of its review of the Complaint to NERC. If, as a result of the initial review of the Complaint, the Compliance Enforcement Authority determines that a Compliance Violation Investigation is warranted, a Compliance Violation Investigation will be conducted in accordance with Section 3.4.

3.8.1 Complaint Process Steps

The detailed process steps for the Complaint process are as follows and as shown in **Figure 3.8.1**.⁸

- The complainant notifies NERC or a Regional Entity using the NERC compliance hotline, submitting a NERC Complaint reporting form, or by other means. A link to the Complaint reporting form will be posted on the NERC and Regional Entity Web sites.

⁸If no violations are found, this process normally completes within sixty (60) days following receipt of the Complaint.

Compliance Monitoring and Enforcement Program

The Complaint should include sufficient information to enable NERC or the Regional Entity to make an assessment of whether the initiation of a Compliance Violation Investigation is warranted. NERC or the Regional Entity may not act on a Complaint if the Complaint is incomplete and does not include sufficient information.

- If the Compliance Enforcement Authority determines that a Compliance Violation Investigation is warranted, it initiates the Compliance Violation Investigation in accordance with Section 3.4; otherwise it takes no further action. The Compliance Enforcement Authority notifies the complainant, the Registered Entity, and NERC of the Compliance Violation Investigation. If the Compliance Enforcement Authority determines that a Compliance Violation Investigation is not warranted, it will notify the complainant, NERC, and the Registered Entity that no further action will be taken.
- The Compliance Enforcement Authority fully documents the Complaint and the Complaint review, whether a Compliance Violation Investigation is initiated or not.

Compliance Monitoring and Enforcement Program

3.8.2 Anonymous Complainant Notification Procedure

An anonymous complainant who believes, or has information indicating, there has been a violation of a Reliability Standard, can report the possible violation and request that the complainant's identity not be disclosed.⁹ All Complaints lodged by a person or entity requesting that the complainant's identity not be disclosed shall be investigated by NERC following the procedural steps described in Section 3.8.1. Anonymous Complaints received by a Regional Entity will either be directed to NERC or the Regional Entity will collect and forward the information to NERC, at the Regional Entity's discretion. Neither NERC nor the Regional Entity shall disclose the identity of any person or entity reporting possible violations to NERC or to a Regional Entity that requests that his/her/its identity not be revealed. The identity of the complainant will only be known by NERC and in the case where a Regional Entity collects the information, by NERC and the Regional Entity. If the Compliance Enforcement Authority determines that a Compliance Violation Investigation is not warranted, it will notify the complainant, NERC, and the Registered Entity that no further action will be taken.

4.0 ANNUAL IMPLEMENTATION PLANS

4.1 NERC Compliance Monitoring and Enforcement Program Implementation Plan

NERC will maintain and update the NERC Implementation Plan, to be carried out by Compliance Enforcement Authorities in the performance of their responsibilities and duties in implementing the NERC Compliance Monitoring and Enforcement Program. The NERC Implementation Plan will be provided to the Regional Entities by October 1 of each year and will specify the Reliability Standards requiring reporting by Registered Entities to the Compliance Enforcement Authority to provide verification of compliance through one of the monitoring methods described in this Compliance Plan document. The NERC Implementation Plan will be posted on the NERC web site.

4.2 Regional Entity Implementation Plan

By November 1 of each year, Regional Entities will submit a Regional Implementation Plan for the following calendar year to NERC for approval. The Regional Implementation Plan and the Regional Entity's other relevant Compliance Program documents shall be posted on the Regional Entity's Web site.

5.0 ENFORCEMENT ACTIONS

The Compliance Enforcement Authority shall determine (i) whether there have been violations of Reliability Standards by Registered Entities within the Compliance Enforcement Authority's area of responsibility, and (ii) if so, the appropriate remedial actions, and penalties and sanctions, as prescribed in the NERC *Sanction Guidelines* (Appendix 4B to the NERC Rules of Procedure). NERC will work to achieve consistency in the application of the *Sanction Guidelines* by Regional Entities by direct oversight and review of penalties and sanctions, and each Regional

⁹NERC has established a Compliance Hotline that may be used for the submission of Complaints by persons or entities that do not want his/her/its identity disclosed (see www.nerc.com for additional information).

Compliance Monitoring and Enforcement Program

Entity shall provide to NERC such information as is requested by NERC concerning any penalty, sanction, or remedial actions imposed by the Regional Entity.

Parties engaged in the process described in this section should consult with each other on the data and information that would be appropriate for effectively addressing this section's process requirements. If a party believes that a request for data or information is unreasonable, the party may request a written determination from the NERC compliance program officer.

5.1 Notification to Registered Entity of Alleged Violation

If the Compliance Enforcement Authority alleges that a Registered Entity has violated a Reliability Standard, the Compliance Enforcement Authority shall provide written notice of Alleged Violation and sanction (signed by an officer or designee) to the Registered Entity (CEO or equivalent and compliance contact) and NERC. The Compliance Enforcement Authority may also issue an initial notice of Alleged Violation, without specifying the proposed penalty or sanction, to the Registered Entity. The notice of Alleged Violation and sanction shall contain, at a minimum:

- (i) the Reliability Standard and requirement(s) thereof the Registered Entity has allegedly violated,
- (ii) the date and time the Alleged Violation occurred (or is occurring),
- (iii) the facts the Compliance Enforcement Authority believes demonstrate or constitute the Alleged Violation,
- (iv) the proposed penalty or sanction, if any, determined by the Compliance Enforcement Authority to be applicable to the Alleged Violation in accordance with the NERC Sanction Guidelines, including an explanation of the basis on which the particular penalty or sanction was determined to be applicable,
- (v) notice that the Registered Entity shall, within thirty (30) days, elect one of the following options or the Compliance Enforcement Authority will deem the Registered Entity to have accepted the determination of violation and proposed penalty or sanction:
 - 1. agree with the Alleged Violation and proposed penalty or sanction, and agree to submit and implement a Mitigation Plan to correct the violation and its underlying causes, and may provide a response in accordance with Section 5.2, or
 - 2. agree to the Alleged Violation and agree to submit and implement a Mitigation Plan to eliminate the violation and its underlying causes, but contest the proposed penalty or sanction, and may provide a response in accordance with Section 5.2, or
 - 3. contest both the Alleged Violation and proposed penalty or sanction,
- (vi) notice that the Registered Entity may elect to submit a Mitigation Plan while contesting the Alleged Violation and/or the proposed penalty or sanction, and that

Compliance Monitoring and Enforcement Program

submission of a Mitigation Plan will not waive the Registered Entity's right to contest the Alleged Violation and/or the proposed penalty or sanction;

- (vii) notice that if the Registered Entity elects to contest the Alleged Violation and/or the proposed penalty or sanction, the Registered Entity may elect to have a hearing conducted pursuant to either (i) the short-form procedure in Section 1.3.2, or (ii) the full hearing procedure, in **Attachment 2, Hearing Procedures**, and
- (viii) required procedures to submit the Registered Entity's Mitigation Plan.

NERC shall forward a copy of the notice of Alleged Violation to FERC and, if the Alleged Violation pertains to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, to such other Applicable Governmental Authority, within two (2) business days of receipt from the Compliance Enforcement Authority, provided, that NERC will not disclose non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction.

Upon acceptance of the Alleged Violation and proposed penalty or sanction, the notice of the penalty or sanction or other enforcement action will then be processed and issued to the Registered Entity.

5.2 Registered Entity Response

If the Registered Entity does not contest or does not respond to the notice of Alleged Violation within thirty (30) days, it shall be deemed to have accepted the Compliance Enforcement Authority's determination of violation and sanction (if applicable), in which case the Compliance Enforcement Authority shall issue to the Registered Entity and NERC a final report of Confirmed Violation. A Registered Entity may provide a written explanatory statement to accompany the final report.

If the Registered Entity contests the Alleged Violation or the proposed sanction, the Registered Entity shall submit to the Compliance Enforcement Authority a response explaining its position, signed by an officer, employee, attorney or other authorized representative together with any supporting information and documents. The Compliance Enforcement Authority shall schedule a conference with the Registered Entity within ten (10) business days after receipt of the response. If the Compliance Enforcement Authority and the Registered Entity are unable to resolve all issues within forty (40) days after the Registered Entity's response, the Registered Entity may request a hearing. If no hearing request is made the violation will become a Confirmed Violation when filed by NERC with FERC or other Applicable Governmental Authority.

Compliance Monitoring and Enforcement Program

If a hearing is requested the Compliance Enforcement Authority shall initiate the hearing process by convening a hearing body and issuing a written notice of hearing to the Registered Entity and the hearing body and identifying the Compliance Enforcement Authority's designated hearing representative.¹⁰

5.3 Hearing Process for Compliance Hearings

The Compliance Enforcement Authority hearing process is set forth in **Attachment 2**.

5.4 Settlement Process

Settlement negotiations may occur at any time, including prior to the issuance of a notice of Alleged Violation and sanction until a notice of penalty is filed with FERC or another Applicable Governmental Authority. All settlement negotiations will be confidential until such time as the settlement is approved by NERC. For all settlement discussions, the Compliance Enforcement Authority shall require the Registered Entity to designate an individual(s) authorized to negotiate on its behalf. All settlement agreements must conform to the requirements of NERC Rule of Procedure 403.19 and, if approved, must provide for waiver of the Registered Entity's right to further hearings and appeal.

The Compliance Enforcement Authority will issue a letter setting forth the final settlement terms including all penalties, sanctions and mitigation requirements provided for in the final settlement.

The Regional Entity shall report the terms of all settlements of compliance matters to NERC. NERC will review the settlement for the purpose of evaluating its consistency with other settlements entered into for similar violations or under other, similar circumstances. Based on this review, NERC will either approve the settlement or reject the settlement and notify the Regional Entity and the Registered Entity of changes to the settlement that would result in approval. If NERC rejects the settlement, the Regional Entity will attempt to negotiate a revised settlement agreement with the Registered Entity including any changes to the settlement specified by NERC.

NERC will report the approved settlement of the violation to FERC and, if the settlement relates to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, to such other Applicable Governmental Authority, provided, that NERC will not disclose non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction. NERC will also publicly post the violation settled

¹⁰If the dispute involves a proposed Mitigation Plan, which has not been accepted by the Compliance Enforcement Authority, the Registered Entity may file a request for hearing with the Compliance Enforcement Authority.

Compliance Monitoring and Enforcement Program

(regardless of whether the settlement includes or does not include an admission of a violation) and the resulting penalty or sanction provided for in the settlement. This posting shall include a copy of the settlement or a description of the terms of the settlement, and a copy of any Mitigation Plan that is agreed to as part of the settlement. The Compliance Enforcement Authority will issue a letter setting forth the final settlement terms including all penalties, sanctions and mitigation requirements provided for in the final settlement. Postings of Confirmed Violations are addressed in Section 8.0.

5.5 NERC Appeal Process

The Registered Entity may appeal the hearing body's decision to NERC, as provided for in NERC Rules of Procedure, Sections 407.3 and 410. The steps for the NERC appeals process are as shown in **Figure 5.5**:¹¹

On appeal, NERC shall either affirm the Regional Entity decision or remand to the Regional Entity with reasons for its remand, which may include a direction to the Regional Entity to revise the decision. If NERC directs the Regional Entity to revise its decision, the Registered Entity that was the subject of the decision or the Compliance Staff of the Regional Entity whose interests are adversely affected by the directed revision may reopen the proceeding on any issue whose resolution is affected by NERC's directive, irrespective of whether the issue was previously litigated, settled or unopposed.

¹¹This process generally completes within ninety (90) days of NERC's receipt of request for appeal.

Compliance Monitoring and Enforcement Program

Figure 5.5 – NERC Appeal Process

Compliance Monitoring and Enforcement Program

5.6 Notice of Penalty

If the Registered Entity does not dispute the notice of Alleged Violation and the penalty and sanction or a decision has been entered finding a violation and all appeals have been concluded, NERC shall file a notice of penalty with FERC and, if the Alleged Violation pertains to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, to such other Applicable Governmental Authority; provided, that NERC will not disclose any non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to Applicable Governmental Authorities other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction. NERC will include with the notice of penalty any statement provided by the Registered Entity as set forth in Section 8.0. NERC may direct the Regional Entity to revise a penalty determination, in which case the Registered Entity subject to the penalty, or the Compliance Staff of the Regional Entity, may reopen the proceedings on any issue on which the penalty was based, irrespective of whether the issue was previously litigated, settled or unopposed.

The penalty or sanction will be effective upon expiration of the thirty (30) day period following filing with FERC of the notice of penalty or, if FERC decides to review the penalty or sanction, upon final determination by FERC.

6.0 MITIGATION OF VIOLATIONS OF RELIABILITY STANDARDS

Parties engaged in the process described in this section should consult with each other on the data and information that would be appropriate for effectively addressing this section's process requirements. If a party believes that a request for data or information is unreasonable, the party may request a written determination from the NERC compliance program officer.

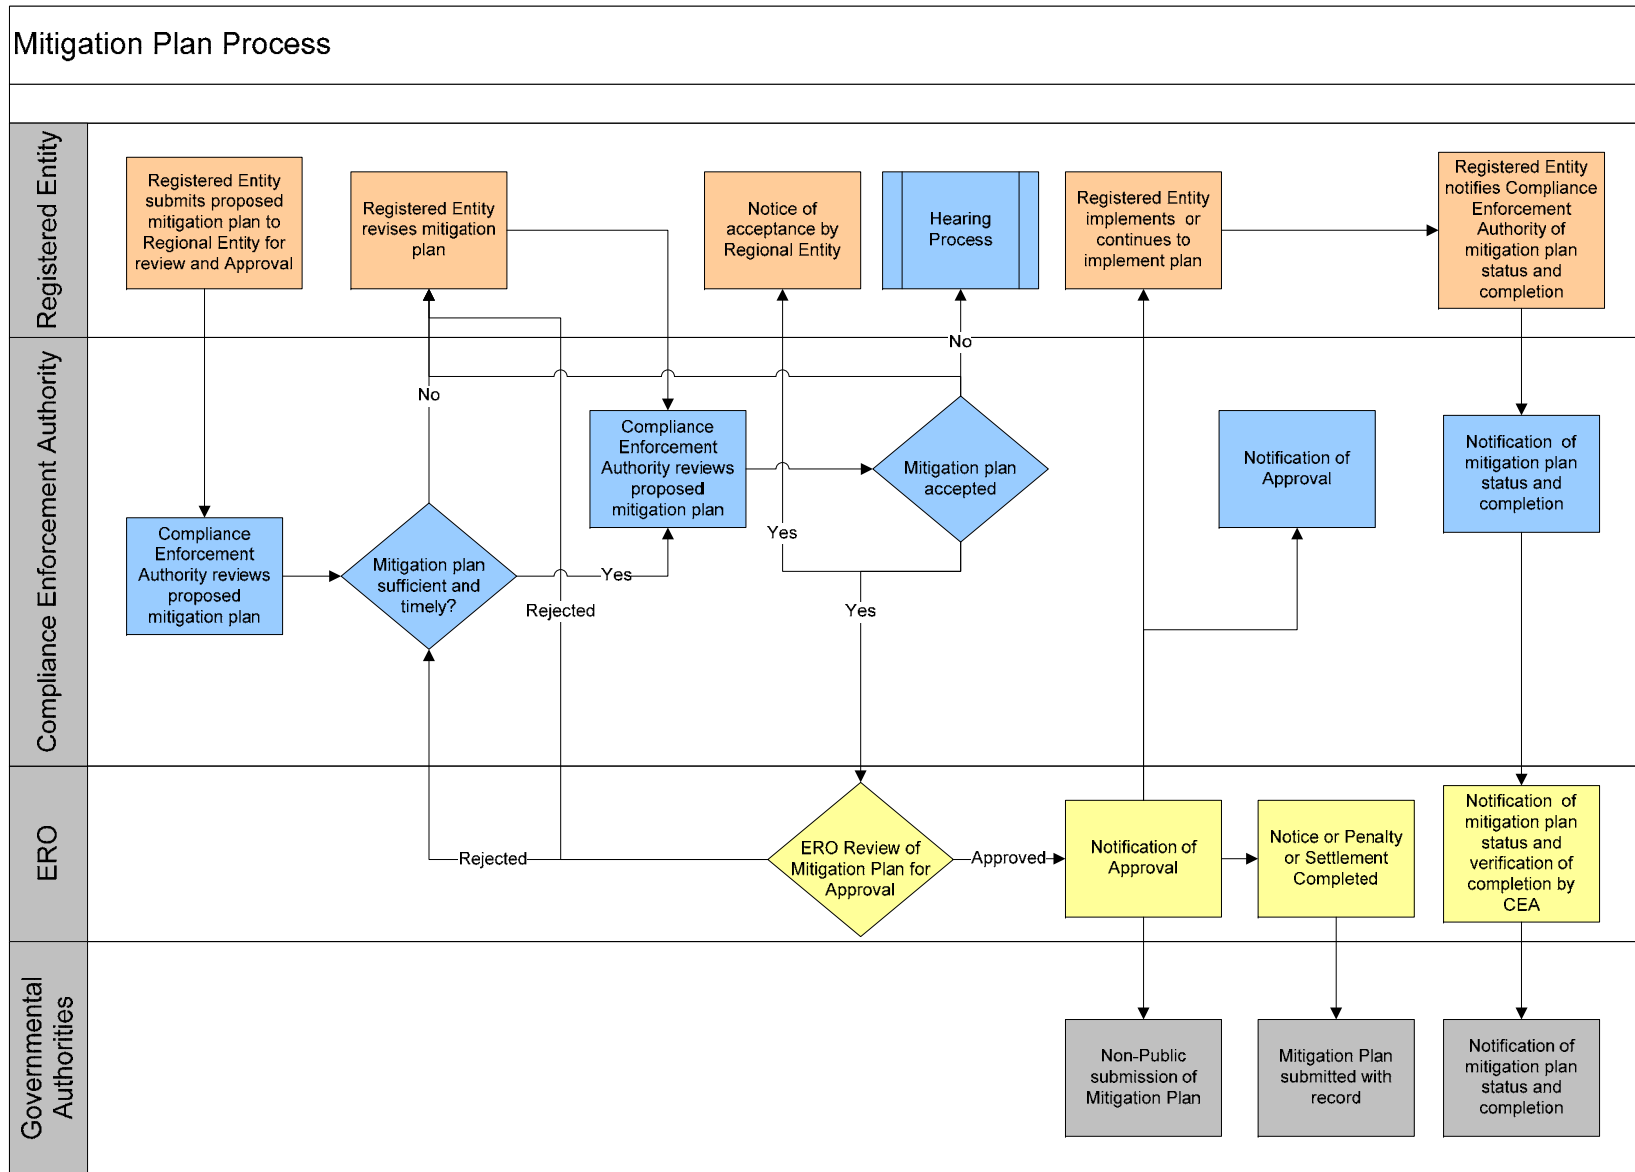

6.1 Requirement for Submission of Mitigation Plans

A Registered Entity found to be in violation of a Reliability Standard shall file with the Compliance Enforcement Authority (i) a proposed Mitigation Plan to correct the violation, or (ii) a description of how the violation has been mitigated, and any requests for extensions of Mitigation Plans or a report of completed mitigation.

Figure 6.1 shows the process steps for Mitigation Plans.

Compliance Monitoring and Enforcement Program

Figure 6.1 – Mitigation Plan Process

Compliance Monitoring and Enforcement Program

6.2 Contents of Mitigation Plans

A Mitigation Plan shall include the following information:

- The Registered Entity's point of contact for the Mitigation Plan, who shall be a person (i) responsible for filing the Mitigation Plan, (ii) technically knowledgeable regarding the Mitigation Plan, and (iii) authorized and competent to respond to questions regarding the status of the Mitigation Plan. This person may be the Registered Entity's point of contact described in Section 2.0.
- The Alleged or Confirmed Violation(s) of Reliability Standard(s) the Mitigation Plan will correct.
- The cause of the Alleged or Confirmed Violation(s).
- The Registered Entity's action plan to correct the Alleged or Confirmed Violation(s).
- The Registered Entity's action plan to prevent recurrence of the Alleged or Confirmed Violation(s).
- The anticipated impact of the Mitigation Plan on the bulk power system reliability and an action plan to mitigate any increased risk to the reliability of the bulk power-system while the Mitigation Plan is being implemented.
- A timetable for completion of the Mitigation Plan including the completion date by which the Mitigation Plan will be fully implemented and the Alleged or Confirmed Violation(s) corrected.
- Implementation milestones no more than three (3) months apart for Mitigation Plans with expected completion dates more than three (3) months from the date of submission. Additional violations could be determined for not completing work associated with accepted milestones.
- Any other information deemed necessary or appropriate

The Mitigation Plan shall be signed by an officer, employee, attorney or other authorized representative of the Registered Entity, which if applicable, shall be the person that signed the Self-Certification or Self Reporting submittals.

6.3 Timetable for Completion of Mitigation Plans

The Mitigation Plan shall be completed in time to have a reasonable potential to correct all of the violation(s) prior to the next applicable compliance reporting/assessment period after occurrence of the violation for which the Mitigation Plan is submitted. In all cases the Mitigation Plan should be completed without delay. The Compliance Enforcement Authority will expect full compliance with the Reliability Standard to which the Mitigation Plan is applicable at the next report or assessment of the Registered Entity. At the Compliance Enforcement Authority's discretion, the completion deadline may be extended for good cause including: (i) short

Compliance Monitoring and Enforcement Program

assessment periods (i.e., event driven or monthly assessments), and (ii) construction requirements in the Mitigation Plan that extend beyond the next assessment period or other extenuating circumstances. If the Mitigation Plan extends beyond the next applicable reporting/assessment period, sanctions for any violation of the applicable Reliability Standard(s) occurring during the implementation period will be held in abeyance and will be waived if the Mitigation Plan is satisfactorily completed.

Any violations assessed during the period of time the accepted Mitigation Plan is being implemented will be recorded by the Compliance Enforcement Authority with associated sanctions or penalties. Regional Entities will report any findings of violations recorded during this time period to NERC with the notation that the Registered Entity is working under an accepted Mitigation Plan with an extended completion date with penalties and sanctions held in abeyance until completion of the Mitigation Plan. Upon completion of the accepted Mitigation Plan in accordance with Section 6.6, the Compliance Enforcement Authority will notify the Registered Entity that any findings of violations of the applicable Reliability Standard during the period that the accepted Mitigation Plan was being implemented have been waived and no penalties or sanctions will apply. Regional Entities will also notify NERC of any such waivers of violations of Reliability Standards.

A request for an extension of any milestone or the completion date of the accepted Mitigation Plan by a Registered Entity must be received by the Compliance Enforcement Authority at least five (5) business days before the original milestone or completion date. The Compliance Enforcement Authority may accept a request for an extension or modification of a Mitigation Plan if the Compliance Enforcement Authority determines the request is justified, and shall notify NERC of the extension or modification within five (5) business days.

If a Mitigation Plan submitted by a Registered Entity is rejected by the Regional Entity acting as Compliance Enforcement Authority or the hearing body in accordance with Section 6.5, the Registered Entity shall be subject to any findings of violation of the applicable Reliability Standards during the period the Mitigation Plan was under consideration and to imposition of any penalties or sanctions imposed for such violations.

6.4 Submission of Mitigation Plans

A Mitigation Plan may be submitted at any time but shall have been submitted by the Registered Entity within thirty (30) days after being served the notice of Alleged Violation and penalty or sanction, if the Registered Entity does not contest the violation and penalty or sanction. If the Registered Entity disputes the notice of Alleged Violation or penalty or sanction, the Registered Entity shall submit its Mitigation Plan within ten (10) business days following issuance of the written decision of the hearing body, unless the Registered Entity elects to appeal the hearing body's determination to NERC. The Registered Entity may choose to submit a Mitigation Plan while it contests an Alleged Violation or penalty or sanction; such submission shall not be deemed an admission of a violation or the appropriateness of a penalty or sanction. If the Registered Entity has not yet submitted a Mitigation Plan, or the Registered Entity submits a Mitigation Plan but it is rejected by the Regional Entity acting as Compliance Enforcement Authority or the hearing body in accordance with Section 6.5, any subsequent violations of the Reliability Standard identified by the Compliance Enforcement Authority before the hearing

Compliance Monitoring and Enforcement Program

body renders its decision will not be held in abeyance and will be considered as repeat violations of the Reliability Standard.

6.5 Review and Acceptance or Rejection of Proposed Mitigation Plans

Unless extended by the Compliance Enforcement Authority, it will complete its review of the Mitigation Plan, and will issue a written statement accepting or rejecting the Mitigation Plan, within thirty (30) days of receipt; otherwise the Mitigation Plan will be deemed accepted. In order to extend the initial or an extended period for review of the Mitigation Plan, the Compliance Enforcement Authority shall, within the initial or extended review period, notify the Registered Entity (and NERC if NERC is not the Compliance Enforcement Authority) that the review period is being extended and identify the date by which the Compliance Enforcement Authority will complete its review of the Mitigation Plan. The Compliance Enforcement Authority's extension notice shall also state that if the Compliance Enforcement Authority has not issued a notice by the end of the extended review period either stating that the Compliance Enforcement Authority accepts or rejects the proposed Mitigation Plan or further extending the Compliance Enforcement Authority's period for review of the Mitigation Plan, the Mitigation Plan will be deemed accepted.

If the Compliance Enforcement Authority rejects a Mitigation Plan, the Compliance Enforcement Authority will provide the Registered Entity with a written statement describing the reasons for the rejection, and will require the Registered Entity to submit a revised Mitigation Plan by the Required Date. The Compliance Enforcement Authority will notify the Registered Entity within ten (10) business days after receipt of a revised Mitigation Plan whether the Compliance Enforcement Authority will accept or reject the revised Mitigation Plan and provide a written statement describing the reasons for rejection and the Required Date for the second revised Mitigation Plan. If the second review results in rejection of the Mitigation Plan, the Registered Entity may request a hearing in accordance with the Hearing Procedures, by submitting to the Compliance Enforcement Authority a written request for hearing including an explanation of why the Mitigation Plan should be accepted. After the hearing is completed, the Compliance Enforcement Authority will issue a written statement accepting a Mitigation Plan it deems as appropriate.

Within five (5) business days after a Regional Entity accepts a Mitigation Plan, the Regional Entities Entity (i) will notify NERC and the Registered Entity ~~within (5) five business days~~ of the acceptance of ~~thea~~ Mitigation Plan and (ii) will provide the accepted Mitigation Plan to NERC. NERC will review the accepted Mitigation Plan and, within thirty (30) days following its receipt of the Mitigation Plan from the Regional Entity, will notify the Regional Entity and the Registered Entity, on a contemporaneous basis, as to whether the Mitigation Plan is approved or disapproved by NERC. If NERC disapproves a Mitigation Plan that was accepted by the Regional Entity, NERC shall state its reasons for the rejection, and may state the changes to the Mitigation Plan that would result in approval by NERC. The Registered Entity shall not be subject to findings of violations of the specific requirements of Reliability Standards that are the subject of the Mitigation Plan or to imposition of penalties or sanctions for such violations with respect to the period of time the Mitigation Plan was under consideration by NERC and for a reasonable period following NERC's disapproval of the Mitigation Plan, so long as the Registered Entity promptly submits a modified Mitigation Plan that addresses the concerns identified by NERC.

Compliance Monitoring and Enforcement Program

NERC will submit to FERC, as non-public information, an approved Mitigation Plan relating to violations of Reliability Standards within seven (7) business days after NERC approves the Mitigation Plan. NERC shall publicly post the approved Mitigation Plan as part of the public posting of the report of the related Confirmed Violation in accordance with Section 8.0 or as part of the public posting of a settlement in which the Registered Entity neither admits or denies that it violated a Reliability Standard in accordance with Section 5.4.

6.6 Completion/Confirmation of Implementation of Mitigation Plans

The Registered Entity shall provide updates at least quarterly to the Compliance Enforcement Authority on the progress of the Mitigation Plan. The Compliance Enforcement Authority will track the Mitigation Plan to completion and may conduct on-site visits and review status during audits to monitor Mitigation Plan implementation.

Upon completion of the Mitigation Plan, the Registered Entity shall provide to the Compliance Enforcement Authority certification, signed by an officer, employee, attorney or other authorized representative of the Registered Entity, that all required actions described in the Mitigation Plan have been completed and shall include data or information sufficient for the Compliance Enforcement Authority to verify completion. The Compliance Enforcement Authority shall request such data or information and conduct follow-up assessments, on-site or other Spot Checking, or Compliance Audits as it deems necessary to verify that all required actions in the Mitigation Plan have been completed and the Registered Entity is in compliance with the subject Reliability Standard.

In the event all required actions in the Mitigation Plan are not completed within the applicable deadline including any extensions of the original deadline granted under Section 6.3, any violation(s) of a Reliability Standard subject to the Mitigation Plan that occurred during the originally scheduled time period for completion will be enforced immediately and a new Mitigation Plan must be submitted for acceptance by the Compliance Enforcement Authority. In addition, the Compliance Enforcement Authority may conduct a Compliance Audit of, or issue a Remedial Action Directive to, the Registered Entity.

Regional Entities will provide to NERC the quarterly status reports and such other information as NERC requests, and will notify NERC when each Mitigation Plan is verified to have been completed.

6.7 Recordkeeping

The Compliance Enforcement Authority will maintain a record containing the following information for each Mitigation Plan:

- Name of Registered Entity.
- The date of the violation.
- Monitoring method by which the violation was detected, i.e., Self-Certification, Self-Reporting, Compliance Audit, Compliance Violation Investigation, Complaint, etc.

Compliance Monitoring and Enforcement Program

- Date of notification of violation and sanction.
- Expected and actual completion date of the Mitigation Plan and major milestones.
- Expected and actual completion date for each required action.
- Accepted changes to milestones, completion dates, or scope of Mitigation Plan.
- Registered Entity's completion notice and data submitted as evidence of completion.

7.0 REMEDIAL ACTION DIRECTIVES

The Compliance Enforcement Authority may issue a Remedial Action Directive when such action is immediately necessary to protect the reliability of the bulk power system from an imminent threat. A Remedial Action Directive may include, but is not limited to, any of the following: specifying operating or planning criteria, limits, or limitations; requiring specific system studies; defining operating practices or guidelines; requiring confirmation of data, practices, or procedures through inspection testing or other methods; requiring specific training for personnel; requiring development of specific operating plans; directing a Registered Entity to develop and comply with a plan to remediate a violation; imposing increased auditing or additional training requirements; and requiring a Registered Entity to cease an activity that may constitute a violation of a Reliability Standard.

A Remedial Action Directive may be issued to a Registered Entity at any time, including during any procedures relating to an Alleged Violation of a Reliability Standard. The Compliance Enforcement Authority will specify if a Remedial Action Directive obviates the need for a Mitigation Plan.

Prior to issuing a Remedial Action Directive, the Regional Entity shall consult the Reliability Coordinator for the Registered Entity, if applicable, to ensure that the Remedial Action Directive is not in conflict with directives issued by the Reliability Coordinator.

Any Remedial Action Directive must be provided in a notice to the Registered Entity and shall include: (i) a list of the violations or possible violations of Reliability Standards that are the basis for issuance of the Remedial Action Directive; (ii) a discussion of the factual basis for the Remedial Action Directive; (iii) a deadline for compliance and (iv) notice to the Registered Entity that failure to comply with the directive by the Required Date may result in further Remedial Action Directives or significantly increased sanctions. The Compliance Enforcement Authority will cause the notice of the Remedial Action Directive to be delivered to the Registered Entity by (i) electronic means to the Registered Entity's designated contact person and (ii) by a recognized express courier service that provides tracking and verification of delivery to the recipient. The date of delivery as specified by the express courier service's verification of delivery shall be the date of actual receipt of the Remedial Action Directive. The Compliance Enforcement Authority will monitor implementation of Remedial Action Directives as necessary to verify compliance.

The Regional Entity will notify NERC within two (2) business days after issuing a Remedial Action Directive.

Compliance Monitoring and Enforcement Program

Once the Compliance Enforcement Authority has given the Registered Entity notice of the Remedial Action Directive, the Registered Entity may contest the Remedial Action Directive by giving written notice to the Compliance Enforcement Authority within two (2) business days following the date of actual receipt of notice of the Remedial Action Directive. Due to the urgency of resolving any objections to a Remedial Action Directive, the hearing shall be conducted under the expedited hearing process set forth in Section 1.9 of **Attachment 2, Hearing Procedures**. Notice to contest the Remedial Action Directive and participation in the hearing process set forth in Section 1.9 of **Attachment 2, Hearing Procedures** shall constitute the Registered Entity's right to appeal the Remedial Action Directive. The Registered Entity may elect not to implement the Remedial Action Directive until the hearing process is completed, or may proceed with implementing the Remedial Action Directive even if it is contesting the Remedial Action Directive.

Figure 7.0 shows the process steps for a Remedial Action Directive.

8.0 REPORTING AND DISCLOSURE

Regional Entities shall prepare and submit to NERC all required reports (including those required by NERC Rules of Procedure, Sections 403.15, 403.17 and 403.19), containing current information concerning (1) Registered Entity compliance with Reliability Standards, (2) all Alleged and Confirmed Violations of Reliability Standards by Registered Entities, (3) the status of Alleged Violations, (4) sanctions and penalties, (5) Remedial Action Directives imposed, and (6) Mitigation Plan(s) accepted including dates for all required actions and for completion.

Regional Entities shall report to NERC, on a confidential basis, any allegations or evidence of violations of Reliability Standards regardless of significance, whether verified or still under investigation, that are received or obtained by the Regional Entity through any means within five (5) business days, unless the violation indicated or alleged has resulted in or has the potential to result in, a reduced level of reliability to the bulk power system (as provided in Section 408 of the NERC Rules of Procedure), in which cases the Regional Entity shall notify NERC within forty-eight (48) hours. NERC shall notify FERC and, where the report pertains to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, shall also notify such other Applicable Governmental Authority, within two (2) business days of receiving such a report from the Regional Entity; provided, that NERC will not disclose any non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to an Applicable Governmental Authority other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction. Such reports shall include information regarding the nature of the violation indicated or alleged and its potential impact on the reliability of the bulk power system, the name of the Registered Entity involved, the status and timetable of any compliance violation assessment, and the name of a Regional Entity staff person knowledgeable about the information to serve as a point of contact, as required by Section 408 of the NERC Rules of Procedure and 18 C.F.R. §39.7(b).

Regional Entities shall report to NERC at least quarterly the status of violations of Reliability Standards, regardless of significance, that have not yet resulted in a final determination of violation or have not completed the hearing process, or for which mitigation activities (including activities being carried out pursuant to a settlement) have not been completed. Regional Entities will ensure the information is current when these reports are provided.

Regional Entities shall report to NERC all Confirmed Violations of Reliability Standards by Registered Entities including all penalties, sanctions, Mitigation Plans and schedules, and settlements, within ten (10) business days of each determination. At the same time, Regional Entities will provide the report to the affected Registered Entity, accompanied by a notice that the Registered Entity may provide a statement to NERC to accompany the report when posted by NERC. The Registered Entity's statement must include the name, title, and signature of an officer, employee, attorney or other authorized representative of the Registered Entity.

Compliance Monitoring and Enforcement Program

NERC will publicly post each report of a Confirmed Violation, together with any statement submitted by the Registered Entity, no sooner than five (5) business days after the report is provided by the Regional Entity to NERC and the Registered Entity.

NERC will provide reports quarterly to FERC and, where a report contains information pertaining to a Registered Entity or to a portion of the bulk power system over which another Applicable Governmental Authority has jurisdiction, to such other Applicable Governmental Authority, on the status of all Alleged and Confirmed Violations for which mitigation activities have not been completed; provided, that NERC will not disclose any non-public U.S. compliance information that is subject to 18 C.F.R. §39.7(b)(4) to an Applicable Governmental Authority other than FERC without first obtaining permission from FERC for such disclosure and subject to any limitations placed by FERC on such disclosure, and NERC will not disclose non-public non-U.S. compliance information to an Applicable Governmental Authority (including FERC) without first obtaining permission from the Applicable Governmental Authority that has jurisdiction over the Registered Entity or portion of the bulk power system to which the non-public information pertains and subject to any limitations placed on such disclosure by such Applicable Governmental Authority or by other law of the applicable jurisdiction. NERC will publish public reports quarterly on its Web site of all Confirmed Violations of Reliability Standards during the quarter just completed, with the identity of the violator.

9.0 DATA RETENTION AND CONFIDENTIALITY

9.1 Records Management

The Compliance Enforcement Authority records management policy shall provide for a routine and orderly process for the retention and disposal of electronic and paper records related to the Compliance Program, ensure verification of compliance with appropriate business, regulatory, and legal requirements and at a minimum conform to the data retention requirements of the Reliability Standards. The policy shall allow for the maintenance of records as required to implement the Compliance Program.

9.2 Retention Requirements

The Compliance Enforcement Authority records management policy will require that information and data generated or received pursuant to Compliance Program activities, including Compliance Audits, Self-Certifications, Spot Checking, Compliance Violation Investigations, Self-Reporting, Periodic Data Submittals, Exception Reporting, and Complaints, as well as a hearing process, will be retained for the longer of (i) five (5) years or (ii) any retention period specified in a Reliability Standard or by FERC or another Applicable Governmental Authority. The obligation to retain information and data commences upon the initiation of the Compliance Program activity that produces the data or information. If the information or data is material to the resolution of a controversy, the retention period for such data shall not commence until after the controversy is resolved.

Upon request from NERC, Regional Entities will provide to NERC copies of such information and data. NERC will retain the information and data in order to maintain a record of activity under the Compliance Program. In providing the information and data to NERC, the Regional Entity shall preserve any mark of confidentiality.

9.3 Confidentiality and Critical Energy Infrastructure Information

9.3.1 Definitions

Information or data generated or received pursuant to Compliance Program activities, including a hearing process, shall be treated in a confidential manner pursuant to the provisions of Section 1500 of the NERC Rules of Procedure. The terms “confidential information,” “confidential business and market information,” “critical energy infrastructure information,” and “critical infrastructure” shall have the meanings stated in Section 1501 of the NERC Rules of Procedure.

9.3.2 Protection of Confidential Information

The Compliance Enforcement Authority personnel (including any contractors, consultants and industry volunteers) and committee members, and participants in Compliance Program activities shall be informed of, and agree to comply with, Section 1500 of the NERC Rules of Procedure concerning confidential information.

9.3.3 Critical Energy Infrastructure Information

The Compliance Enforcement Authority will keep confidential all critical energy infrastructure information in accordance with Section 1500 of the NERC Rules of Procedures. Information deemed to be critical energy infrastructure information shall be redacted and shall not be released publicly.

PROCESS FOR NON-SUBMITTAL OF REQUESTED DATA

If data, information, or other reports (including Mitigation Plans) requested from a Registered Entity are not received by the Required Date, the Compliance Enforcement Authority may sequentially execute the following steps for each Reliability Standard for which the Compliance Enforcement Authority has requested data, information, or other reports. The Compliance Enforcement Authority however will afford the Registered Entity reasonable opportunity to resolve a difficulty submitting data due to time or format issues.

Step 1: The Compliance Enforcement Authority will issue a follow-up notification to the Registered Entity's designated contact.

Step 2: The Compliance Enforcement Authority will issue a follow-up notification to the Registered Entity's vice president or equivalent responsible for compliance (with a copy to NERC and the Registered Entity's designated contact).

Step 3: The Compliance Enforcement Authority will issue a follow-up notification to the Registered Entity's chief executive officer or equivalent (with a copy to NERC, the Registered Entity's vice president or equivalent responsible for compliance and the Registered Entity's designated contact).

A full Compliance Audit may be scheduled at this step.

Step 4: Thirty (30) days after the Required Date, a Reliability Standard violation may be applied at the Severe Violation Severity Level.

Step 4 does not apply to Compliance Audits and Mitigation Plan tracking requests.

Compliance Monitoring and Enforcement Program

ATTACHMENT 2 - HEARING PROCEDURES

1.1 Applicability, Definitions and Interpretation

1.1.1 Procedure Governed

The provisions set forth in this **Attachment 2** (“Hearing Procedures”) shall apply to and govern practice and procedure before the Compliance Enforcement Authority in hearings in the United States conducted into (i) whether Registered Entities within the Compliance Enforcement Authority’s area of responsibility have violated Reliability Standards, and (ii) if so, to determine the appropriate Mitigation Plans as well as any remedial actions, penalties or sanctions in accordance with the NERC *ERO Sanction Guidelines* and other applicable penalty guidelines approved by FERC pursuant to 18 C.F.R. Section 39.7(g)(2). Any hearing conducted pursuant to these Hearing Procedures shall be conducted before a [HEARING BODY] established by the Compliance Enforcement Authority. The composition of the [HEARING BODY], after any recusals or disqualifications, shall be such that no two industry segments may control, and no single industry segment may veto, any decision by the [HEARING BODY] on any matter brought before it for decision.

The standard of proof in any proceeding under these Hearing Procedures shall be by a preponderance of the evidence. The burden of persuasion on the merits of the proceedings shall rest upon the Compliance Staff alleging noncompliance with a Reliability Standard, proposing a penalty, opposing a Registered Entity’s Mitigation Plan, or requiring compliance with a Remedial Action Directive.

1.1.2 Deviation

To the extent permitted by law, any provision in these Hearing Procedures may be waived, suspended or modified by the Hearing Officer, as defined in Paragraph 1.1.5, or the [HEARING BODY], for good cause shown, either upon the Hearing Officer’s or the [HEARING BODY]’s own motion or upon the motion of any Participant.

1.1.3 Standards for Discretion

The Compliance Enforcement Authority’s discretion under these Hearing Procedures shall be exercised to accomplish the following goals:

- a) Integrity of the Fact-Finding Process - The principal goal of the hearing process is to assemble a complete factual record to serve as a basis for a correct and legally sustainable ruling, decision or order.
- b) Fairness - Persons appearing in Compliance Enforcement Authority proceedings should be treated fairly. To this end, Participants should be given fair notice and opportunity to present explanations, factual information, documentation and legal argument. Action shall be taken as necessary to eliminate any disadvantage or prejudice to a Participant that would otherwise result from another Participant’s failure to act diligently and in good faith.
- c) Independence - The hearing process should be tailored to protect against undue influence from any Person, Participant or interest group.

Compliance Monitoring and Enforcement Program

- d) **Balanced Decision-Making** - Decisions should be based solely on the facts and arguments of record in a proceeding and by individuals who satisfy the Compliance Enforcement Authority's conflict of interest policy.
- e) **Impartiality** - Persons appearing before the [HEARING BODY] should not be subject to discriminatory or preferential treatment. Registered Entities should be treated consistently unless a reasonable basis is shown in any particular proceeding to depart from prior rulings, decisions or orders.
- f) **Expedition** - Proceedings shall be brought to a conclusion as swiftly as is possible in keeping with the other goals of the hearing process.

1.1.4 Interpretation

- a) These Hearing Procedures shall be interpreted in such a manner as will aid in effectuating the Standards for Discretion set forth in Paragraph 1.1.3, and so as to require that all practices in connection with the hearings shall be just and reasonable.
- b) Unless the context otherwise requires, the singular of a term used herein shall include the plural and the plural of a term shall include the singular.
- c) To the extent that the text of a rule is inconsistent with its caption, the text of the rule shall control.

1.1.5 Definitions

Unless otherwise defined, as used in these Hearing Procedures (i) definitions in Section 1.1 of the NERC Compliance Monitoring and Enforcement Program shall apply, and (ii) the following terms shall have the following meanings:

“Bulk-Power System,” for the purposes of these Hearing Procedures, has the identical meaning as the definition of “Bulk Electric System” under the NERC Glossary.

“Clerk,” as designated by the Compliance Enforcement Authority.

“Compliance Enforcement Authority’s area of responsibility” means the Compliance Enforcement Authority’s corporate region. If a Regional Entity is the Compliance Enforcement Authority, the Compliance Enforcement Authority’s area of responsibility is shown in Exhibit A to the delegation agreement between the Regional Entity and NERC.

“Critical Energy Infrastructure Information” means specific engineering, vulnerability, or detailed design information about proposed or existing critical infrastructure that: (i) relates details about the production, generation, transportation, transmission, or distribution of energy; (ii) could be useful to a person in planning an attack on critical infrastructure; and (iii) does not simply give the location of the critical infrastructure.

“Critical infrastructure” means existing and proposed systems and assets, whether physical or virtual, the incapacity or destruction of which would negatively affect security, economic security, public health or safety, or any combination of those matters.

Compliance Monitoring and Enforcement Program

“Cybersecurity Incident” means a malicious act or suspicious event that disrupts, or was an attempt to disrupt, the operation of those programmable electronic devices and communications networks including hardware, software and data that are essential to the Reliable Operation of the Bulk-Power System.

“Director of Compliance” means the Director of Compliance of the Compliance Enforcement Authority, who is responsible for the management and supervision of Compliance Staff.

“Document” means, in addition to the commonly understood meaning of the term as information written or printed on paper, any electronically stored information, including writings, drawings, graphs, charts, photographs, sound recordings, images and other data or data compilations stored in any medium from which information can be obtained, and shall be translated by the producing party into reasonably usable form.

“ERO” means the Electric Reliability Organization, currently the North American Electric Reliability Corporation, or any successor organization, certified by FERC pursuant to 18 C.F.R. Section 39.3.

“FERC” means the Federal Energy Regulatory Commission.

“Hearing Officer” means an individual employed or contracted by the Compliance Enforcement Authority and designated by the Compliance Enforcement Authority to preside over hearings conducted pursuant to these Hearing Procedures.

“Participant” means a Respondent and any other Person who is allowed or required by FERC to participate as an intervenor in a proceeding conducted pursuant to these Hearing Procedures, and as used herein shall include the members of the Compliance Staff of the Compliance Enforcement Authority that participate in a proceeding.

“Penalty” as used herein includes all penalties and sanctions, including but not limited to a monetary or non-monetary penalty; a limitation on an activity, function, operation or other appropriate sanction; or the addition of the Registered Entity to a reliability watch list composed of major violators. Penalties must be within the range set forth in the NERC *ERO Sanction Guidelines* approved by FERC pursuant to 18 C.F.R. Section 39.7(g)(2), and shall bear a reasonable relation to the seriousness of a Registered Entity’s violation and take into consideration any timely efforts made by the Registered Entity to remedy the violation.

“Person” means any individual, partnership, corporation, limited liability company, governmental body, association, joint stock company, public trust, organized group of persons, whether incorporated or not, or any other legal entity.

“Reliable Operation” has the meaning set forth in Section 215 of the Federal Power Act.

“Reliability Standards” means standards approved by FERC pursuant to Section 215 of the Federal Power Act and 18 C.F.R. Section 39.5, as such standards are authorized and in effect from time to time.

Compliance Monitoring and Enforcement Program

“Respondent” means the Registered Entity who is the subject of the Notice of Alleged Violation, contested Mitigation Plan or contested Remedial Action Directive that is the basis for the proceeding, whichever is applicable.

“Staff” or “Compliance Staff” means individuals employed or contracted by the Compliance Enforcement Authority who have the authority to make initial determinations of compliance or violation with Reliability Standards by Registered Entities and associated Penalties and Mitigation Plans.

“Technical Advisor” means any Staff member, third-party contractor, or industry stakeholder who satisfies the Compliance Enforcement Authority’s conflict of interest policy and is selected to assist in a proceeding by providing technical advice to the Hearing Officer and/or the [HEARING BODY].

1.2 General Provisions including Filing, Service, Transcription and Participation

1.2.1 Contents of Filings

All filings made with [HEARING BODY] must contain:

- a) A caption that sets forth the title of the proceeding and the designated docket number or, if the filing initiates a proceeding, a space for the docket number;
- b) A heading that describes the filing and the Participant on whose behalf the filing is made;
- c) The full name, address, telephone number and email address of the Participant or the representative of the Participant making the filing;
- d) A plain and concise statement of any facts upon which the filing is based, which facts shall be supported by citations to the record of the hearing, if available, or other documents; and
- e) The specific relief sought, which may be in the alternative, and the authority that provides for or otherwise allows the relief sought.

1.2.2 Form of Filings

- a) All filings shall be typewritten, printed, reproduced or prepared using a computer or other word or data processing equipment on white paper 8½ inches by 11 inches with inside text margins of not less than one inch. Page numbers shall be centered and have a bottom margin of not less than ½ inch. Line numbers, if any, shall have a left-hand margin of not less than ½ inch. The impression shall be on one side of the paper only and shall be double spaced; footnotes may be single spaced and quotations may be single spaced and indented.
- b) All pleadings shall be composed in either Arial or Times New Roman font, black type on white background. The text of pleadings or documents shall be at least 12-point. Footnotes shall be at least 10-point. Other material not in the body of the text, such as schedules, attachments and exhibits, shall be at least 8-point.

Compliance Monitoring and Enforcement Program

- c) Reproductions may be by any process provided that all copies are clear and permanently legible.
- d) Testimony prepared for the purpose of being entered into evidence shall include line numbers on the left-hand side of each page of text. Line numbers shall be continuous.
- e) Filings may include schedules, attachments or exhibits of a numerical or documentary nature which shall, whenever practical, conform to these requirements; however, any log, graph, map, drawing, chart or other such document will be accepted on paper larger than prescribed in subparagraph (a) if it cannot be provided legibly on letter size paper.

1.2.3 Submission of Documents

a) Where to File

Filings shall be made with the Clerk of the Compliance Enforcement Authority located at its principal office. The office will be open from [*Compliance Enforcement Authority business hours*] local time each day except Saturday, Sunday, legal holidays and any other day declared by the Compliance Enforcement Authority.

b) When to File

Filings shall be made within the time limits set forth in these Hearing Procedures or as otherwise directed by the Hearing Officer or the [HEARING BODY]. Filings will be considered made when they are date stamped received by the Clerk. To be timely, filings must be received no later than [*Compliance Enforcement Authority close of business*] local time on the date specified.

c) How to File

Filings may be made by personal delivery, mailing documents that are properly addressed with first class postage prepaid, or depositing properly addressed documents with a private express courier service with charges prepaid or payment arrangements made. Alternatively, filing by electronic means will be acceptable upon implementation of a suitable and secure system by the Compliance Enforcement Authority.

d) Number of Copies to File

One original and five exact copies of any document shall be filed. The Clerk will provide each member of the [HEARING BODY] with a copy of each filing.

e) Signature

The original of every filing shall be signed by the Participant on whose behalf the filing is made, either by an attorney of the Participant or, by the individual if the Participant is an individual, by an Officer of the Participant if the Participant is not an individual, or if the Participant is Staff, by a designee authorized to act on behalf of Staff. The signature on a filing constitutes a certificate that the signer has read the filing and knows its contents, and that the contents are true to the best of the signer's knowledge and belief.

Compliance Monitoring and Enforcement Program

f) Verification

The facts alleged in a filing need not be verified unless required by these Hearing Procedures, the Hearing Officer or the [HEARING BODY]. If verification is required, it must be under oath by a person having knowledge of the matters set forth in the filing. If any verification is made by an individual other than the signer, a statement must be included in or attached to the verification explaining why a person other than the signer is providing verification.

g) Certificate of Service

Filings shall be accompanied by a certificate of service stating the name of the individuals served, the Participants whose interests the served individuals represent, the date on which service is made, the method of service and the addresses to which service is made. The certificate shall be executed by the individual who caused the service to be made.

1.2.4 Service

a) Service List

For each proceeding, the Clerk shall prepare and maintain a list showing the name, address, telephone number, and facsimile number and email address, if available, of each individual designated for service. The Hearing Officer, Director of Compliance and the Registered Entity's designated agent for service [as registered with the Compliance Enforcement Authority] shall automatically be included on the service list. Participants shall identify all other individuals whom they would like to designate for service in a particular proceeding in their appearances or other filings. Participants may change the individuals designated for service in any proceeding by filing a notice of change in service list in the proceeding. Participants are required to update their service lists to ensure accurate service throughout the course of the proceeding. Copies of the service list may be obtained from the Clerk.

b) By Participants

Any Participant filing a document in a proceeding must serve a copy of the document on each individual whose name is on the service list for the proceeding. Unless otherwise provided, service may be made by personal delivery, email, deposit in the United States mail properly addressed with first class postage prepaid, registered mail properly addressed with postage prepaid or deposit with a private express courier service properly addressed with charges prepaid or payment arrangements made.

c) By the Clerk

The Clerk shall serve all issuances of the Hearing Officer and [HEARING BODY] upon the members of the [HEARING BODY] and each individual whose name is on the service list for the proceeding. Service may be made by personal delivery, email, deposit in the United States mail properly addressed with first class postage prepaid, registered mail properly addressed with postage prepaid or deposit with a private express courier service properly addressed with charges prepaid or payment arrangements made. The Clerk shall transmit a copy of the record of a proceeding to the ERO at the time it serves the ERO with either (1) a notice of penalty, or (2) a [HEARING BODY] final order that includes a notice of penalty.

Compliance Monitoring and Enforcement Program

d) Effective Date of Service

Service by personal delivery or email is effective immediately. Service by mail or registered mail is effective upon mailing; service by a private express courier service is effective upon delivery to the private express courier service. Unless otherwise provided, whenever a Participant has the right or is required to do some act within a prescribed period after the service of a document upon the Participant, four (4) days shall be added to the prescribed period when the document is served upon the Participant by mail or registered mail.

1.2.5 Computation of Time

The time in which any action is required to be done shall be computed by excluding the day of the act or event from which the time period begins to run, and by including the last day of the time period, unless the last day is a Saturday, Sunday, legal holiday or any other day upon which the office of the Compliance Enforcement Authority is closed, in which event it also shall be excluded and the date upon which the action is required shall be the first succeeding day that is not a Saturday, Sunday, legal holiday, or day upon which the office of the Compliance Enforcement Authority is closed.

1.2.6 Extensions of Time

Except as otherwise provided by law, the time by which a Participant is required or allowed to act may be extended by the Hearing Officer or [HEARING BODY] for good cause upon a motion made before the expiration of the period prescribed. If any motion for extension of time is made after the expiration of the period prescribed, the Hearing Officer or [HEARING BODY] may permit performance of the act if the movant shows circumstances sufficient to justify the failure to act in a timely manner.

1.2.7 Amendments

Amendments to any documents filed in a proceeding may be allowed by the Hearing Officer or the [HEARING BODY] upon motion made at any time on such terms and conditions as are deemed to be just and reasonable.

1.2.8 Transcripts

A full and complete record of all hearings, including any oral argument, shall be transcribed verbatim by a certified court reporter, except that the Hearing Officer may allow off-the-record discussion of any matter provided the Hearing Officer states the ruling on any such matter, and the Participants state their positions or agreement in relation thereto, on the record. Unless otherwise prescribed by the Hearing Officer, a Participant may file and serve suggested corrections to any portion of the transcript within thirty-five (35) days from the date on which the relevant portion of the transcript was taken, and any responses shall be filed within ten (10) days after service of the suggested corrections. The Hearing Officer shall determine what changes, if any, shall be made, and shall only allow changes that conform the transcript to the truth and ensure the accuracy of the record.

The Compliance Enforcement Authority will pay for transcription services, for a copy of the transcript for the record and for a copy of the transcript for Staff. Any other Participant shall pay

Compliance Monitoring and Enforcement Program

for its own copy of the transcript if it chooses to obtain one and, should any Participant seek to obtain a copy of the transcript on an expedited basis, it shall pay for the expedited transcription services.

1.2.9 Rulings, Notices, Orders and Other Issuances

Any action taken by the Hearing Officer or the [HEARING BODY] shall be recorded in a ruling, notice, order or other applicable issuance, or stated on the record for recordation in the transcript, and is effective upon the date of issuance unless otherwise specified by the Hearing Officer or the [HEARING BODY]. All notices of hearings shall set forth the date, time and place of hearing.

1.2.10 Location of Hearings and Conferences

All hearings and oral arguments shall be held at the principal office of the Compliance Enforcement Authority unless the Hearing Officer or [HEARING BODY] designates a different location.

1.2.11 Participant Participation

Participants may appear at any hearing via teleconference subject to the approval of the Hearing Officer and, in the event of oral argument, the [HEARING BODY], except that witnesses shall personally appear at the evidentiary hearing if required by Paragraph 1.6.6. Staff may participate and be represented by counsel in hearings, and shall have the rights and duties of any Participant.

1.2.12 Interventions Are Not Permitted

The Respondent(s) and Staff shall be Participants to the proceeding. Unless otherwise authorized by FERC, no other Persons shall be permitted to intervene or otherwise become a Participant to the proceeding.

1.2.13 Proceedings Closed to the Public

No hearing, oral argument or meeting of the [HEARING BODY] shall be open to the public, and no notice, ruling, order or any other issuance of the Hearing Officer or [HEARING BODY], or any transcript, made in any proceeding shall be publicly released unless the ERO (within the U.S., in accordance with the authorization previously granted by FERC to release information about a non-public proceeding) or FERC (in the case of U.S.-related information) or another Applicable Governmental Authority (in the case of non-U.S.-related information) determine that public release is appropriate. Only the members of the [HEARING BODY], the Participants, the Hearing Officer and the Technical Advisors, if any, shall be allowed to participate in or obtain information relating to a proceeding.

1.2.14 Docketing System

The Clerk shall maintain a system for docketing proceedings. A docketed proceeding shall be created upon the issuance of a notice of Alleged Violation. Unless NERC provides a different docketing system that will be used uniformly by the Compliance Enforcement Authorities, docket numbers shall be assigned sequentially beginning with a two digit number that relates to the last two digits of the year in which the docket is initiated, followed by a dash (“-”), followed

Compliance Monitoring and Enforcement Program

by the letters “[RE]”, followed by a dash (“-“), followed by a four digit number that will be “0001” on January 1 of each calendar year and ascend sequentially until December 31 of the same calendar year.

1.2.15 Hold Harmless

A condition of a Participant invoking these Hearing Procedures and participating in a hearing is that the Participant agrees that the Compliance Enforcement Authority, including without limitation its members, board of directors or trustees, compliance committee, any other committees or subcommittees, Staff, contracted employees, [HEARING BODY] members, Hearing Officers and Technical Advisors, shall not be liable, and shall be held harmless against the consequences of, or any action or inaction arising out of, the hearing process, or of any agreement reached in resolution of a dispute or any failure to reach agreement as a result of a proceeding. This “hold harmless” provision does not extend to matters constituting gross negligence, intentional misconduct or breach of confidentiality.

1.3 Initiation of the Hearing Process

1.3.1 Registered Entity’s Option to Request a Hearing

Except when contesting a Remedial Action Directive pursuant to section 1.9 of these Hearing Procedures, a Registered Entity may file a statement with the Compliance Enforcement Authority requesting a hearing if either:

- a) The Registered Entity files a response to a notice of Alleged Violation that contests either the alleged violation, the proposed Penalty, or both; or
- b) The Compliance Staff submits to the Registered Entity a statement rejecting the Registered Entity’s proposed revised Mitigation Plan submitted after Compliance Staff rejected the Registered Entity’s initial proposed Mitigation Plan.

A Registered Entity must file its hearing request within forty (40) days after (i) the Registered Entity files its response to the notice of Alleged Violation; or (ii) the Compliance Staff submits to the Registered Entity its statement identifying a disagreement with the Registered Entity’s proposed Mitigation Plan, whichever is applicable. If the Registered Entity does not file a hearing request within the time period set forth in this Paragraph, then the Registered Entity will be deemed to have agreed and waived any objection to the proposed Penalty, the Alleged Violation or the Compliance Staff’s rejection of the revised Mitigation Plan, whichever is applicable.

Either a notice of Alleged Violation issued to a Registered Entity or a Staff statement setting forth its rejection of a Registered Entity’s proposed revised Mitigation Plan shall clearly state that the Registered Entity has the option to contest the Alleged Violation, proposed Penalty, or both, or the Compliance Staff’s rejection of the proposed revised Mitigation Plan, using either the shortened hearing procedure pursuant to Paragraph 1.3.2 or the full hearing procedure described in Sections 1.4 to 1.7. If the Registered Entity files a hearing request within the requisite time period, it shall state within its hearing request whether it requests the shortened hearing procedure pursuant to Paragraph 1.3.2 or the full hearing procedure described in Sections 1.4 to 1.7. If the Registered Entity (or any Respondent if there are more than one Respondent)

Compliance Monitoring and Enforcement Program

requests the full hearing procedure, the full hearing procedure shall apply. If the Registered Entity (or all Respondents if there are more than one Respondent) requests the shortened hearing procedure, Compliance Staff and any other Participant shall submit a filing within five (5) days of the Registered Entity's hearing request that states whether Staff or such other Participant agrees to use the shortened hearing procedure. If Staff or another Participant makes a filing requesting the full hearing procedure, then the full hearing procedure shall apply; otherwise the shortened hearing procedure requested by the Registered Entity or Entities shall be used. Once either the full or shortened hearing procedure has been selected, the Participants shall not be allowed to revert to the non-selected hearing procedure unless the Participants mutually agree.

A Registered Entity shall attach to a request for hearing whichever of the following are applicable:

- a) The Registered Entity's Self-Reporting of a violation;
- b) The notice of Alleged Violation and the Registered Entity's response thereto; and/or
- c) The Registered Entity's proposed revised Mitigation Plan and the Compliance Staff's statement rejecting the proposed revised Mitigation Plan.

1.3.2 Shortened Hearing Procedure

The shortened hearing procedure shall be as set forth in this Paragraph. The rules applicable to the full hearing procedure shall apply to the shortened hearing procedure unless the context of such a rule is inconsistent with the procedure set forth in this Paragraph or otherwise renders it inapplicable to the shortened hearing procedure. The rules concerning ex parte communications in Paragraph 1.4.7 are hereby expressly made applicable to the shortened hearing procedure under this Paragraph.

The [HEARING BODY] may utilize a Hearing Officer to preside over the shortened hearing procedure in accordance with Paragraph 1.4.2. But, no evidentiary hearing will be held in the shortened hearing procedure and the Participants will not present witness testimony or file briefs, except that briefs on exceptions and briefs in reply to exceptions may be allowed pursuant to Subparagraph (g). Instead, the following events shall take place within the following periods:

- a) The Prehearing Conference shall be held within seven (7) days after the date on which the notice of hearing is issued. In addition to any other matters set forth in Paragraph 1.5.2 that may apply, the prehearing conference will be used to develop a schedule for the preparation and submission of comments in accordance with Subparagraphs (c) through (e).
- b) Within five (5) days after the date on which the notice of hearing is issued, Staff shall make documents available to the Registered Entity for inspection and copying pursuant to Paragraph 1.5.7.
- c) Within twenty-one (21) days after the prehearing conference, the Staff shall file:
 - 1) initial comments stating Staff's position on all issues and the rationale in support of its position, including all factual and legal argument;

Compliance Monitoring and Enforcement Program

- 2) all documents that Staff seeks to introduce in support of its position that have not already been submitted in the proceeding; and
 - 3) a verification attesting to the truthfulness of the facts alleged in the filing.
- d) Within fourteen (14) days of Staff's initial comment filing pursuant to Subparagraph (c), the Registered Entity shall file:
- 1) responsive comments stating the Registered Entity's position on all issues and the rationale in support of its position, including all factual and legal argument, which comment also may respond to Staff's initial comments;
 - 2) all documents that the Registered Entity seeks to introduce in support of its position that have not already been submitted in the proceeding; and
 - 3) a verification attesting to the truthfulness of the facts alleged in the filing.
- e) Within seven (7) days after the Registered Entity's responsive comment filing pursuant to Subparagraph (d), Staff shall file reply comments that shall be limited in scope to responding to the Registered Entity's responsive comments and be supported by a verification attesting to the truthfulness of the facts alleged in the filing. Staff shall not submit any additional documents in support of its position as part of this filing except upon motion and good cause shown. If Staff is allowed to file additional documents in support of its position based upon such a motion, the Registered Entity shall have the right to file additional documents in support of its position that are responsive to the additional documents that Staff is allowed to file provided that any additional Registered Entity filing also shall be verified.
- f) The Hearing Officer shall issue an initial opinion within twenty-one (21) days after the Staff's reply comments filing or any additional filing by the Registered Entity pursuant to Subparagraph (e).
- g) If either Participant requests, the Hearing Officer shall allow each Participant to file, within seven (7) days after the Hearing Officer's initial opinion, exceptions to the Hearing Officer's initial opinion in a brief designated "brief on exceptions" in accordance with Paragraph 1.7.5 and within seven (7) days thereafter, a reply brief designated "Brief in Reply to Exceptions."
- h) The [HEARING BODY] shall strive, but is not required, to issue a final order within ninety (90) days of the notice of hearing.

The Hearing Officer or [HEARING BODY] may modify any time period set forth within this Paragraph as warranted by the circumstances but it will be the objective of the [HEARING BODY] to issue the final order within ninety (90) days of the notice of hearing.

Compliance Monitoring and Enforcement Program

1.4 General Hearing Procedure

1.4.1 Notice of Hearing

Within seven (7) days of a Registered Entity requesting a hearing pursuant to Paragraph 1.3, the Clerk shall issue a notice of hearing in the docket. The notice of hearing shall identify the Hearing Officer, if designated at that time, and the date, time, and place for the prehearing conference, which should occur no later than fourteen (14) days after the notice of hearing is issued.

1.4.2 Hearing Officer

The Compliance Enforcement Authority may utilize a Hearing Officer to preside over each hearing conducted pursuant to these Hearing Procedures, provided that the Hearing Officer's actions shall be subject to the authority of the [HEARING BODY] as set forth in Paragraph 1.4.3. Members of the [HEARING BODY] may attend any aspect of the hearing.

The [HEARING BODY] may delegate to the Hearing Officer authority over the conduct of the hearing, including administering the hearing from the prehearing conference through the issuance of the initial opinion and any administrative hearing functions thereafter, and the responsibility for submission of the matter to the [HEARING BODY] for final decision through the presentation to the [HEARING BODY] of an initial opinion. The Hearing Officer shall have those duties and powers necessary to those ends, consistent with and as further enumerated in these Hearing Procedures, including the following:

- 1) To administer oaths and affirmations;
- 2) To schedule and otherwise regulate the course of the hearing, including the ability to call to recess, reconvene, postpone or adjourn a hearing;
- 3) Consistent with any timing or deadline requirements imposed by these Hearing Procedures or by applicable law, to separate any issue or group of issues from other issues in a proceeding and treat such issue(s) as a separate phase of the proceeding;
- 4) Consistent with any timing or deadline requirements imposed by these Hearing Procedures or by applicable law, to modify any time period, if such modification is in the interest of justice and will result in no undue prejudice to any other Participant;
- 5) To supervise and issue orders concerning discovery;
- 6) To conduct prehearing conferences, status hearings and evidentiary hearings;
- 7) To rule upon all objections, motions and other requests that do not result in the final determination of the proceeding;
- 8) To rule on and receive evidence;

Compliance Monitoring and Enforcement Program

- 9) To call upon a Participant to produce further evidence that is material and relevant to any issue;
- 10) To issue protective orders pursuant to Paragraph 1.5.10;
- 11) To issue initial opinions; and
- 12) To ensure that hearings are conducted in a full, fair and impartial manner, that order is maintained and that unnecessary delay is avoided in the disposition of the proceedings.

If the [HEARING BODY] uses a Hearing Officer to preside over a hearing, the [HEARING BODY] shall disclose the identity, employment history and professional affiliations of the Hearing Officer within two (2) days of the Hearing Officer's assignment to the proceeding, and Participants to the hearing may raise objections to the Hearing Officer's participation in accordance with Paragraph 1.4.5.

1.4.3 [HEARING BODY]

The [HEARING BODY] is vested with the authority to issue a final order resolving the issue(s) in all cases. To that end:

- 1) The [HEARING BODY] shall receive all filings in a hearing, including but not limited to all issuances of the Hearing Officer, all motions and responses thereto, and all written comments, testimony and evidence. The Hearing Body shall not receive documents made available by Staff for inspection and copying by the Respondent, or other responses to discovery between the Participants, unless such documents are placed into the record pursuant to Paragraph 1.6.7.
- 2) The [HEARING BODY] or any individual member thereof may, but is not required to, attend any prehearing conference, status hearing or evidentiary hearing, and/or to submit questions to the Hearing Officer to submit to a Participant or any witness at any such hearing.
- 3) The [HEARING BODY] shall have the same authority as the Hearing Officer, as set forth in these Hearing Procedures, to require the Participants or any individual Participant to: (i) address a specific issue in testimony, evidence or briefs; (ii) present oral argument on an issue; (iii) file pre-evidentiary hearing memorandums; or (iv) produce further evidence that is material and relevant to any issue. To this end, the [HEARING BODY] shall be entitled to issue questions or requests for information to any Participant or any witness at any time until the issuance of a final order.
- 4) To the extent that the [HEARING BODY] disagrees with any issuance or ruling of the Hearing Officer, it may, on its own motion or upon petition for interlocutory review meeting the requirements of Paragraph 1.4.4, reverse or modify the issuance or ruling in whole or in part, or take any other action as may be appropriate.

Compliance Monitoring and Enforcement Program

- 5) The [HEARING BODY] shall resolve the issue(s) in every hearing through the issuance of a final order. In issuing a final order, the [HEARING BODY] shall consider the Hearing Officer's initial opinion but shall have the authority to reject, modify or approve the initial opinion in whole or in part.

1.4.4 Interlocutory Review

A Participant shall be allowed to seek interlocutory review by the [HEARING BODY] of any ruling of the Hearing Officer where the ruling for which interlocutory review is sought presents an extraordinary circumstance which makes prompt review necessary to prevent prejudice to a Participant's ability to present its position in the proceeding. Failure to seek such review shall not operate as a waiver of any objection to such ruling. Unless good cause is shown or unless otherwise ordered by the Hearing Officer or the [HEARING BODY], the Participant seeking review shall file a petition for interlocutory review within fourteen (14) days after the date of the action that is the subject of the petition. The petition shall contain, in a separately identified section, a demonstration that the ruling for which interlocutory review is sought presents an extraordinary circumstance which makes prompt review necessary to prevent prejudice to the Participant's ability to present its position in the proceeding. The petition shall be filed with any offer of proof and supported by affidavit if based on facts that do not appear of record. Responses to petitions for interlocutory review shall be filed within seven (7) days after service of the petition. No replies to responses are allowed.

The Hearing Officer shall file a report to the [HEARING BODY] within fourteen (14) days from the filing of the petition. The Hearing Officer's report shall set forth the relevant facts and other background information relating to the ruling on which interlocutory review is sought, the basis for the Hearing Officer's ruling, a summary of the Participants' arguments on the petition for interlocutory review, and the recommendation of the Hearing Officer for the disposition of the petition by the [HEARING BODY].

On review of a Hearing Officer's ruling, the [HEARING BODY] may affirm or reverse the ruling in whole or in part, and may take any other just and reasonable action with respect to the ruling, such as declining to act on an interlocutory basis. The [HEARING BODY] may reject the petition for interlocutory review on the grounds that the ruling for which review is sought does not present an extraordinary circumstance which makes prompt review necessary to prevent prejudice to a Participant's ability to present its position in the proceeding, without considering or ruling on the substance of the petitioner's arguments. Issuance of a ruling on a petition for interlocutory review shall require (i) a quorum (as defined in Paragraph 1.7.8) of the [HEARING BODY], and (ii) majority vote of the members of the [HEARING BODY] voting on the final order (which number of members voting shall not be less than a quorum). Petitions to rehear or reconsider the [HEARING BODY'S] action taken on interlocutory review shall not be allowed. Filing and disposition of a petition for interlocutory review of a ruling of the Hearing Officer shall not suspend or otherwise delay a hearing or any other scheduled dates in the proceeding except as authorized by the Hearing Officer or the [HEARING BODY] based on a finding of exceptional circumstances.

A non-Participant that has been ordered by the Hearing Officer pursuant to paragraph 1.5.8 to produce or provide documents, information or testimony, and has failed to obtain the relief sought from the Hearing Officer through filing objections to or a motion to quash the order, shall also be entitled to seek interlocutory review by the [HEARING BODY] of the Hearing Officer's

Compliance Monitoring and Enforcement Program

order, with respect to (i) whether the non-Participant is within the class of Persons subject to such orders pursuant to paragraph 1.5.8, and (ii) the reasonableness of the Hearing Officer's order to produce or provide document, information or testimony.

1.4.5 Disqualification

A Hearing Officer, Technical Advisor or member of the [HEARING BODY] shall recuse himself or herself from a proceeding if participation would violate the Compliance Enforcement Authority's applicable conflict of interest policy.

Any Participant may file a motion to disqualify or for recusal of a Hearing Officer, Technical Advisor or member of the [HEARING BODY] from a proceeding on grounds of a conflict of interest, an ex parte communication prohibited by section 1.4.7, or the existence of other circumstances that could interfere with the impartial performance of his or her duties. The Participant shall set forth and support its alleged grounds for disqualification by affidavit. A motion for disqualification shall be filed within fifteen (15) days after the later of: (1) the time when the Participant learns of the facts believed to constitute the basis for disqualification; or (2) the time when the Participant is notified of the assignment of the Hearing Officer or Technical Advisor.

The Hearing Officer shall issue a proposed ruling for the [HEARING BODY]'s consideration upon the filing of a motion for disqualification unless the Hearing Officer is the subject of the motion. The [HEARING BODY], without the participation of any member who is the subject of the motion, shall issue a final ruling on the motion. If the Hearing Officer is recused or disqualified, the [HEARING BODY] will appoint a replacement Hearing Officer. To ensure fairness to the Participants and expedite completion of the proceeding when a replacement Hearing Officer is appointed after a hearing has commenced, the replacement Hearing Officer may recall any witness or may certify familiarity with any part or all of the record.

If a quorum (as defined in Paragraph 1.7.8) of the [HEARING BODY] does not remain after any recusals and rulings on motions for disqualification, then the Compliance Enforcement Authority shall appoint a new member(s) to the [HEARING BODY] to create a quorum, which new member(s) shall serve on the [HEARING BODY] through the conclusion of the proceeding but not thereafter. The Compliance Enforcement Authority shall only appoint the number of new members as are necessary to create a quorum. Any new member of the [HEARING BODY] shall be subject to the provisions applicable herein to all [HEARING BODY] members.

1.4.6 Technical Advisor

The Hearing Officer and/or the [HEARING BODY] may elect to use one or more Technical Advisors to assist in any proceeding. Such an election may be made at any time during the course of a proceeding. Any Staff member who serves as a Technical Advisor shall not have been involved in or consulted at any time in regard to any Compliance Staff investigation, initial determination of Alleged Violation or Penalty, or assessment of a Registered Entity's proposed Mitigation Plan that resulted in the proceeding in which technical advice would be rendered, and shall not be a member of Staff participating in the proceeding on which such technical advice would be rendered.

Compliance Monitoring and Enforcement Program

If the Hearing Officer or [HEARING BODY] uses a Technical Advisor to assist in any hearing, the Hearing Officer or [HEARING BODY] shall disclose the identity, employment history and professional affiliations of the Technical Advisor within two (2) days of the Technical Advisor's assignment to the proceeding, and Participants to the hearing may raise objections to the Technical Advisor's participation in accordance with Paragraph 1.4.5.

1.4.7 No Ex Parte Communications

- a) Once a Registered Entity requests a hearing pursuant to Paragraph 1.3:
 - 1) neither the [HEARING BODY], the Hearing Officer, nor the Technical Advisor(s), if any, may communicate either directly or indirectly with any Person concerning any issue in the proceeding outside of the hearing process; except that
 - 2) the [HEARING BODY], the Hearing Officer, and the Technical Advisor(s), if any, may communicate outside of the hearing process either directly or indirectly with a Participant or a Participant's representative:
 - A) in writing if the writing is simultaneously provided to all Participants; or
 - B) orally if a representative for every Participant is present in person or by telephone;
 - C) subject to the requirement that the substance of any ruling on any issue discussed shall be memorialized on the record or by the issuance of a notice or ruling, and that any Participant objecting to the ruling shall have the opportunity to state its objection on the record.
- b) The proscription in Subparagraph (a)(1) does not prohibit members of the Compliance Staff from communicating with the Registered Entity, and representatives, agents or employees thereof on any topic, provided that any member of the Compliance Staff involved in any such communication relating to the subject matter of the proceeding may not be, and may not subsequently serve as, a Technical Advisor.
- c) The proscription in Subparagraph (a)(1) also does not prohibit communications between members of the [HEARING BODY], the Hearing Officer and any Technical Advisor.
- d) Any member of the [HEARING BODY], the Hearing Officer or any Technical Advisor who receives or who makes or knowingly causes to be made a communication prohibited by this Paragraph shall, within seven (7) days of the communication, file and serve on the Participants in the proceeding a notice of ex parte communication setting forth the date, time and place of communication, a summary of the substance and nature of the communication and all responses thereto, and a list of each person who made or received the communication and, if the communication or any response thereto was in writing, a copy of the written communication shall be attached.

1.4.8 Appearances

Participants shall file written appearances within seven (7) days after the notice of hearing is issued. A Participant's written appearance shall identify the name(s) of each individual

Compliance Monitoring and Enforcement Program

authorized to represent the Participant in the proceeding exclusive of witnesses. An individual may appear on his or her own behalf. A corporation, limited liability company, association, partnership or governmental body may appear by any bona fide officer or designee who has the authority to act on behalf of the Participant. A Participant also may appear by an attorney.

A Participant's written appearance shall state, with respect to each individual that the Participant identifies for service, the individual's name, address, telephone number, and facsimile number and email address, if available, where service shall be made.

A Participant may withdraw any individual from the Participant's representation or otherwise change the identity of individuals authorized to represent the Participant in a proceeding by filing a notice of a change in service list.

Any attorney appearing on behalf of a Participant shall be licensed to practice and in good standing before the Supreme Court of the United States or the highest court of any State, territory of the United States or the District of Columbia.

Individuals representing Participants in any hearing also shall enter their appearances at the beginning of the hearing by stating their names, addresses, telephone numbers and email addresses orally on the record.

1.4.9 Failure to Appear or Exercise Diligence

The failure of any Participant to appear during any hearing without good cause and without notification may be grounds for dismissal or deciding against the interests of such Participant.

1.4.10 Consolidation of Proceedings

In the event that more than one Registered Entity receives a Notice of Alleged Violation for the same event or transaction, and each Registered Entity selects the full hearing procedure described in Sections 1.4 to 1.7, the Hearing Body on its own motion may exercise its discretion to examine the actions of all Registered Entities in a single proceeding as long as an initial opinion has not been rendered by the Hearing Officer pursuant to Section 1.7.4 in any proceeding to be consolidated.

A Participant may file a motion pursuant to Paragraph 1.5.5 to consolidate into a single proceeding allegations of violations of different Reliability Standards against a single Respondent, and related contests of Penalties or Mitigation Plans, arising out of the same event or transaction. Such consolidation may be allowed in the discretion of the Hearing Officer or [HEARING BODY], as applicable.

1.5 Prehearing Procedure

1.5.1 [Intentionally left blank]

1.5.2 Prehearing Conference

The purpose of the prehearing conference shall be to:

- 1) Preliminarily identify the issues;

Compliance Monitoring and Enforcement Program

- 2) Discuss a schedule for any discovery to be conducted and address any discovery issues that are raised at that time;
- 3) Explore the possibility of obtaining admissions of fact and of the genuineness of documents that would avoid unnecessary proof;
- 4) Develop a schedule for the preparation and submission of evidence and witness testimony in advance of the evidentiary hearing;
- 5) Schedule a date(s) for the evidentiary hearing; and
- 6) Address such other matters as may aid in the simplification of the evidence and disposition of the proceeding.

1.5.3 Summary Disposition

A Hearing Officer, on the Hearing Officer's own motion or on the motion of a Participant, may issue an initial opinion granting, in whole or in part, summary disposition if it appears that there are no issues of material fact. If the Hearing Officer is considering summary disposition in the absence of a Participant motion, the Hearing Officer shall request the Participants to identify in writing any issues of material fact and to comment on the proposed disposition. Factual information in the Participants' comments shall be supported by affidavit. Following review of the Participants' comments, if it still appears to the Hearing Officer that there are no genuine issues of material fact, the Hearing Officer may proceed without an evidentiary hearing. The Hearing Officer shall, however, allow the Participants the opportunity to file briefs. When the Hearing Officer issues an initial opinion granting a motion for summary disposition in whole or in part, the ruling shall set forth the rationale for the grant. An initial opinion of the Hearing Officer granting summary disposition shall be confirmed, rejected or modified in a final order issued by the [HEARING BODY].

1.5.4 Status Hearings

Any Participant may request, and the Hearing Officer may call, a status hearing at any time subsequent to the prehearing conference to address issues that have arisen between the Participants. Such issues may include, but are not limited to, discovery disputes and scheduling matters. The Hearing Officer shall direct the Clerk to issue a notice of status hearing that sets forth the date, time and place for the hearing, and identifies the matters to be addressed at the hearing.

1.5.5 Motions

Unless otherwise provided, a Participant may file a motion at any time requesting any relief as may be appropriate. Unless a Hearing Officer allows a motion to be made orally on the record, motions shall be filed in writing. Motions based on facts that do not appear of record shall be supported by affidavit. Unless otherwise specified by the Hearing Officer, responses to motions shall be filed within fourteen (14) days after service of the motion, and replies to responses shall be filed within seven (7) days after service of the responses; however, a Hearing Officer may deny dilatory, repetitive, or frivolous motions without awaiting a response. Unless otherwise

Compliance Monitoring and Enforcement Program

ordered by a Hearing Officer, the filing of a motion does not stay the proceeding or extend any scheduled dates in the proceeding.

1.5.6 Experts

A Participant may employ an expert(s) to testify or consult in a proceeding. Any expert utilized in either capacity shall sign an agreement evidencing the expert's understanding and acknowledgement of the non-public nature of the proceeding and that unauthorized public disclosure of information obtained in connection with the expert's participation in the proceeding is prohibited. The Participant employing the expert shall propose the agreement for approval via a motion, and its approval shall be subject, in addition to consideration of any objections by other Participants, to ensuring that appropriate safeguards are maintained to protect the confidentiality of the proceeding and the information disclosed therein.

1.5.7 Inspection and Copying of Documents in Possession of Staff

(a) Documents to be Available for Inspection and Copying

(1) Within five (5) days after issuance of the notice of hearing, Staff shall make available for inspection and copying by the Respondent, all documents prepared or obtained by Staff through or in connection with any compliance monitoring process(es) that led to the institution of proceedings. Such documents shall include but are not limited to:

(A) requests for information to the Respondent;

(B) every written request, including e-mail, directed to persons not employed by the Compliance Enforcement Authority to provide information or documents or to be interviewed;

(C) the documents provided in response to any such requests described in (A) and (B) above;

(D) all transcripts of testimony recorded during the Staff investigation and all exhibits to the transcript;

(E) all other documents obtained from the Respondent; and

(F) all other documents obtained from persons not employed by the Compliance Enforcement Authority.

The sole bases pursuant to which Staff shall be authorized to withhold documents from inspection and copying shall be the bases set forth in Paragraph 1.5.7(b); provided, however, that the documents made available for inspection and copying need not include (i) exact copies of documents the Respondent previously provided to Staff, and (ii) any documents provided to the Respondent with or as part of the notice of Alleged Violation, notice of Penalty, assessment of proposed Mitigation Plan or Remedial Action Directive.

(2) Where there are Participants in a proceeding in addition to a single Respondent and Compliance Staff, the Hearing Officer or [HEARING BODY] shall oversee the Staff's

Compliance Monitoring and Enforcement Program

designation of documents to be produced to such other Participants and the development, execution and enforcement of any protective order deemed necessary.

(3) Staff shall promptly inform the Hearing Officer and each other Respondent if, after the issuance of a notice of hearing, requests for information are issued by Staff related to the same compliance monitoring process(es) that led to the institution of the proceeding. If Staff receives documents pursuant to a request for information after documents have been made available to a Respondent for inspection and copying as set forth in Subparagraph (a), the additional documents shall be made available to the Respondent not later than fourteen (14) days after Staff receives such documents. If a date for the evidentiary hearing has been scheduled, Staff shall make the additional documents available to the Respondent not less than ten (10) days before the hearing. If Staff receives such documents ten or fewer days before the hearing is scheduled to begin or after the hearing begins, Staff shall make the additional documents available immediately to the Respondent.

(4) Nothing in subparagraph (a)(1) shall limit the discretion of the Compliance Enforcement Authority to make any other document available to the Respondent or the authority of the Hearing Officer to order the production of any other documents or information by any Participant.

(b) Documents That May Be Withheld by Staff

(1) Staff may withhold a document from inspection and copying by the Respondent if:

(A) the document is privileged to Staff or constitutes attorney work product of Staff's counsel (in applying this provision, the attorney-client privilege shall be recognized as absolute and any demand for production of attorney work product shall be granted only after a showing of substantial need by the Respondent);

(B) the document is an examination or inspection report, an internal memorandum, or other note or writing prepared by a Staff member that shall not be offered in evidence;

(C) the document would disclose (i) an examination, investigatory or enforcement technique or guideline of the Compliance Enforcement Authority, a federal, state, or foreign regulatory authority, or a self-regulatory organization; (ii) the identity of a source, including a federal, state, or foreign regulatory authority or a self-regulatory organization, that furnished information or was furnished information on a confidential basis regarding an investigation, an examination, an enforcement proceeding, or any other type of civil or criminal enforcement action; or (iii) an examination, an investigation, an enforcement proceeding, or any other type of civil or criminal enforcement action under consideration by, or initiated by, the Compliance Enforcement Authority, a federal, state, or foreign regulatory authority, or a self-regulatory organization; or

(D) the Hearing Officer grants leave to withhold a document or category of documents as not relevant to the subject matter of the proceeding, or for other good cause shown.

Compliance Monitoring and Enforcement Program

Provided, that where a document contains information of the type listed in Subparagraphs (A), (B), (C) or (D) that is capable of being redacted, Staff shall make the document available for inspection and copying by Respondent in redacted form.

(2) Nothing in Subparagraph (b)(1)(B), (C) or (D) authorizes Staff to withhold a document, or a part thereof, that contains exculpatory evidence. Nothing in Subparagraph (b)(1) requires Staff to withhold a document from disclosure.

(c) Withheld Document List

At the time it is required to make documents available for inspection and copying, Staff shall also provide to the Hearing Officer, the Respondent and any other Participant to which documents are being made available, a list of documents withheld by Staff pursuant to Subparagraph (b)(1). Upon review, the Hearing Officer may order Staff to make any document withheld available to the Respondent(s) for inspection and copying.

(d) Timing of Inspection and Copying

Except as set forth in this Paragraph, the Hearing Officer shall determine the schedule of production of documents for inspection and copying, provided that the Hearing Officer may modify any time period for production set forth in this Paragraph as warranted by the circumstances.

(e) Place and Time of Inspection and Copying

Documents subject to inspection and copying pursuant to this Paragraph shall be made available to the Respondent for inspection and copying at the Compliance Enforcement Authority office where the documents are ordinarily maintained, or at such other office as the Hearing Officer, in his or her discretion, shall designate, or as the Participants otherwise agree. A Respondent shall be given access to the documents at the Compliance Enforcement Authority's offices during normal business hours. A Respondent shall not be given custody of the documents or be permitted to remove the documents from the Compliance Enforcement Authority's offices.

(f) Copying Costs

A Respondent may obtain a photocopy of all documents made available for inspection. A Respondent shall be responsible for the cost of photocopying. Unless otherwise ordered by the Hearing Officer, charges for copies made at the request of a Respondent shall be at a rate to be established by the Compliance Enforcement Authority.

(g) Failure to Make Documents Available — Harmless Error

In the event that a document required to be made available to a Respondent pursuant to this Paragraph is not made available by Staff, no rehearing or amended decision of a proceeding already heard or decided shall be required where the failure to make the document available was harmless error. Should a dispute arise as to whether a rehearing or amended decision is required due to the failure of Staff to produce a document, the burden shall be on Staff to show that such

Compliance Monitoring and Enforcement Program

failure was harmless error. The Hearing Officer, or, upon review, the [HEARING BODY] shall determine whether the failure to make the document available was harmless error.

1.5.8 Other Discovery Procedures

In addition to the production of documents by Staff for inspection and copying by Respondent pursuant to Paragraph 1.5.7, the Participants shall be entitled to utilize all other discovery methods provided for in Rules 402 through 409 of the FERC Rules of Practice and Procedure, 18 C.F.R. §385.402 through 385.409, including data requests, written interrogatories and requests for production of documents or things, depositions by oral examination, requests for inspection of documents and other property, requests for admissions, and requests for issuance of orders to one or more Registered Entities to produce documents for inspection and copying or at the hearing or to provide testimony by an authorized representative in deposition or at the hearing. Unless otherwise directed by the Hearing Officer or [HEARING BODY] upon motion by a Participant or by the Hearing Officer, or by the [HEARING BODY] on its own motion, such discovery, and the resolution of any disputes concerning such discovery, shall be conducted in accordance with the provisions of Rules 402 through 410 and 510(e) of the FERC Rules of Practice and Procedure, 18 C.F.R. §385.402 through 385.410 and 385.510(e), which are hereby incorporated by reference into these Hearing Procedures, subject to the following limitations and modifications to such Rules:

- (a) The provisions of Subparagraphs (d), (e) and (f) of Paragraph 1.5.7 shall apply to any such discovery.
- (b) Rule 403(b)(2) (18 C.F.R. §385.403(b)(2)) and Rule 410(d)(2) (18 C.F.R. §385.410(b)(2)) shall not be applicable.
- (c) The Hearing Officer and the [HEARING BODY] have the authority to issue orders to compel the appearance by or production of documents or information by, only a Person that (i) is a Participant or (ii) is a Registered Entity (including an authorized representative thereof) that is not a Participant. The Hearing Officer and the [HEARING BODY] do not have authority to require a United States marshal or deputy marshal to serve an order to produce or provide documents, information or testimony.
- (d) References to “subpoena” in Rules 404, 409, 410 and 510(e) shall be deemed to be to an order to a non-Participant Registered Entity to produce or provide documents, information or testimony.
- (e) References to the “Commission” in Rules 402 through 410 and 510(e) shall be to FERC except as follows: (i) the references in Rules 402(a), 404(b)(1) and 405(b), the second reference in Rule 410(d), and the references in Rule 510(e)(1) and (2) shall be deemed to be to the [HEARING BODY], (ii) the reference in Rule 385.406(b)(4) to “Commission trial staff” shall be deemed to be to Compliance Staff, and (iii) the reference in Rule 510(e)(3) shall be deemed to be to the Hearing Officer or [HEARING BODY].

Compliance Monitoring and Enforcement Program

- (f) Unless otherwise ordered by the Hearing Officer or [HEARING BODY], a data request, set of interrogatories, request for production of documents or things, request for inspection of documents or other property, request for admissions, or order to produce or provide documents, information or testimony, shall not specify a due date or response date that is fewer than 21 days from the date of service of the request or date of the order.
- (g) A list of withheld documents, if any, shall be provided by any Participant required to produce documents, at the time the documents are required to be produced, to the Hearing Officer and to each Participant entitled to receive production of the documents. Upon review, the Hearing Officer may order the Participant to make any document withheld available to any other Participant or Participants for inspection and copying.
- (h) In the event a document or information required to be produced or provided by a Participant pursuant to discovery is not produced or provided by the Participant, no rehearing or amended decision of a proceeding already heard or decided shall be required where the failure to produce or provide the document or information was harmless error. Should a dispute arise as to whether a rehearing or amended decision is required due to the failure of a Participant to produce or provide a document or information, the burden shall be on the Participant that failed to produce or provide the document or information to show that such failure was harmless error. The Hearing Officer or, upon review, the [HEARING BODY] shall determine whether the failure to make the document available was harmless error.
- (i) Unless otherwise ordered by the Hearing Officer or [HEARING BODY], all such discovery shall be requested, scheduled and conducted so as to be completed within six (6) months following the date of the initial prehearing conference held pursuant to Paragraphs 1.4.1 and 1.5.2.
- (j) Notwithstanding (f) and (i), however, if the shortened hearing procedure in Paragraph 1.3.2 is used in a proceeding, the Hearing Officer, on his or her own motion or on motion of a Participant, shall establish a schedule for discovery, including response periods for responding to discovery requests, that are consistent with the expedited nature of the proceeding contemplated by the shortened hearing procedure.

The Hearing Officer's ruling on all motions relating to disputes concerning such discovery shall consider the following objectives: (i) full disclosure of all relevant documents and information; (ii) the exercise of due diligence in the conduct of discovery by a Participant; and (iii) disallowing use of discovery as a means to delay the proceeding or to harass or burden any other Participant.

1.5.9 Pre-Evidentiary Hearing Submission of Testimony and Evidence

Unless the Hearing Officer orders otherwise and with the exception of (i) any adverse Participant examination pursuant to Paragraph 1.6.16 and (ii) the testimony and documents of a non-

Compliance Monitoring and Enforcement Program

Participant provided pursuant to an order to produce or provide documents, information or testimony, all witness testimony in a hearing must be prepared in written form, may have exhibits, schedules and attachments thereto, and shall be filed in advance of the evidentiary hearing pursuant to a schedule determined by the Hearing Officer, as it may be amended. Where a Participant intends to use a document or other demonstrative evidence that has not been filed as part of written testimony in the conduct of cross-examination (other than documents that are to be produced by a non-Participant at the hearing pursuant to an order to produce documents), the Participant intending to use such document or demonstrative evidence shall provide it to the other Participants and the Hearing Officer at least three (3) business days prior to the date at which the witness will be cross-examined at the evidentiary hearing.

Compliance Staff shall file the documents it intends to offer into evidence as its direct case, including the written testimony of its witnesses along with exhibits, schedules and attachments thereto, first. The Registered Entity shall file the documents it intends to offer into evidence as its direct case, which also may be responsive to Staff's direct case, including the written testimony of its witnesses along with exhibits, schedules and attachments thereto, second. Staff shall file as its rebuttal case the documents it intends to offer into evidence in response to the Registered Entity's direct case, including the written testimony of its witnesses along with exhibits, schedules and attachments thereto, third.

If appropriate due to the number and/or complexity of the issues, the Hearing Officer may allow for the Registered Entity to submit a rebuttal case that responds to Staff's rebuttal case, in which event the Hearing Officer shall also allow Staff to submit a surrebuttal case that responds to the Registered Entity's rebuttal case.

Each round of evidence shall be limited in scope to responding to the preceding round of evidence, except that the Registered Entity's direct case may exceed the scope of Staff's direct case if necessary for the Registered Entity to set forth its direct case fully.

The Participants shall file the documents they intend to offer into evidence in accordance with the Hearing Officer's schedule, as it may be amended. Such filings of written testimony and other evidence in advance of the evidentiary hearing shall not entitle the documents to be admitted into the evidentiary record. The Participants must offer their witnesses' testimony and other proposed evidence for admission into the evidentiary record during the evidentiary hearing.

Any Participant who fails, without good cause shown, to comply with the Hearing Officer's schedule for the filing of written testimony and other evidence in advance of the evidentiary hearing may be limited in the presentation of its evidence during the evidentiary hearing or have its participation in the evidentiary hearing otherwise restricted by the Hearing Officer to avoid undue prejudice and delay.

1.5.10 Protective Orders

- a) All proceedings conducted pursuant to these Hearing Procedures, and any written testimony, exhibits, other evidence, transcripts, comments, briefs, rulings and other issuances, shall be non-public and shall be held in confidence by all Participants, except as the ERO (within the U.S., in accordance with the authorization previously granted by FERC to release information about a non-public proceeding) or FERC (in the case of U.S.-related information) or another Applicable Governmental Authority (in the case of

Compliance Monitoring and Enforcement Program

non-U.S.-related information) authorizes or directs public disclosure of any portion of the record. In addition to this general proscription, at any time during a proceeding, the Hearing Officer, on his or her own motion or on the motion of any Participant or of any non-Participant ordered to produce documents, information or testimony, may enter a protective order to designate as proprietary and protect the confidential, proprietary or trade secret nature of any data, information or studies, or any other information the public release of which may cause a security risk or harm to a Participant.

- b) The following types of information will be considered entitled to protection through a protective order: (i) confidential business and market information, including information that is proprietary, commercially valuable, or competitively sensitive; (ii) critical energy infrastructure information; (iii) information related to a Cybersecurity Incident; (iv) personnel information that identifies or could be used to identify a specific individual, or that reveals personnel, financial, medical or other personal information; (v) audit work papers; (vi) investigative files or documents that would disclose investigative techniques of Staff, any Compliance Enforcement Authority, the ERO or any federal, state or foreign regulatory authority. Nothing in this Subparagraph 1.5.10(b) shall require Staff to produce any documents it is entitled to withhold under Subparagraph 1.5.7(b).
- c) A motion for a protective order shall specify the proposed expiration date for the proprietary status of the data, documents or information, if any, and shall propose requirements or safeguards to be met for individuals participating in the proceeding to review the protected information while maintaining its proprietary status.
- d) A document submitted and marked as proprietary, or a statement made at a hearing and identified as proprietary, shall be afforded proprietary treatment pending the timely submission of a motion to protect the confidential, proprietary or trade secret nature of that document or statement and a ruling on such a motion by the Hearing Officer.
- e) The protective order shall identify the data, documents or information that will be accorded proprietary treatment; the individuals participating in the proceeding, by category or otherwise, entitled to view the proprietary information; and the requirements, conditions or safeguards that must be met before an individual may view the information.
- f) A public redacted version of each document and transcript that contains information that is protected pursuant to this Paragraph must be filed with the proprietary version and must be served on each Participant for distribution to those individuals participating in the proceeding who are not entitled to view the proprietary information.
- g) Should it be necessary to address proprietary information during a hearing, the Hearing Officer shall, while the information is being addressed, close the hearing to all individuals other than those entitled to view the proprietary information in accordance with the protective order.

1.5.11 Pre-Evidentiary Hearing Memorandum

The Hearing Officer or the [HEARING BODY] may request, as needed on a case by case basis due to the number or complexity of the issue(s), the submission of memoranda prior to the evidentiary hearing that outline each Participant's position on the issue(s) in dispute, the key

Compliance Monitoring and Enforcement Program

facts and arguments, and the applicable Reliability Standard, rules, orders or other authority. The purpose of such memoranda will be to aid the Hearing Officer and [HEARING BODY] in preparation for the evidentiary hearing. A Participant will not be deemed to have waived any issue, fact or argument that is not set forth in a pre-evidentiary hearing memorandum. The Hearing Officer may establish page limitations on such submissions.

1.6 Evidentiary Hearing Procedure

1.6.1 Evidentiary Hearings

The purpose of the evidentiary hearing shall be to admit the Participants' evidence into the record, and for each Participant to have the opportunity to cross-examine the other Participant's witnesses. A schedule for briefs, unless waived by the Participants, shall be set at the conclusion of the evidentiary hearing. The evidentiary hearing also may be used to address any other issue pending between the Participants.

1.6.2 Order of Receiving Evidence

In all proceedings Compliance Staff shall open and close.

1.6.3 Opening and Closing Statements

Opening and closing statements will not be made during the evidentiary hearing as a matter of course except that such statements may be allowed when requested by a Participant, and shall be required when requested by the Hearing Officer or the [HEARING BODY]. Any Participant's request for such statements, or a Hearing Officer or [HEARING BODY] notice requiring such statements, shall be made at least ten (10) days in advance of the start of the evidentiary hearing.

1.6.4 Right of Participant to Present Evidence

Subject to compliance with the requirements of these Hearing Procedures concerning the timing of submission of written testimony and other evidence, a Participant has the right to present such evidence, to make such objections and arguments, and to conduct such cross-examination as may be necessary to assure the true and full disclosure of the facts.

1.6.5 Exhibits

All material offered in evidence, except oral testimony allowed by the Hearing Officer or the testimony of a non-Participant pursuant to an order to produce or provide documents, information or testimony, shall be offered in the form of an exhibit. Each exhibit must be marked for identification. A Participant must provide the court reporter with two (2) copies of every exhibit that the Participant offers into evidence, and will provide copies of any exhibit not served in advance of the evidentiary hearing to the Participants and the Hearing Officer.

1.6.6 Witness Attendance at Evidentiary Hearing

Each witness shall attend the evidentiary hearing in person unless a Participant has been informed in advance of the evidentiary hearing that all other Participants waive cross-examination of the witness and neither the Hearing Officer nor the members of the [HEARING BODY] have any questions for the witness, in which event the witness does need not be present

Compliance Monitoring and Enforcement Program

at the evidentiary hearing. All testimony offered at the evidentiary hearing is to be under oath or affirmation. If a witness is not required to attend the evidentiary hearing, then the Participant on whose behalf the witness prepared testimony shall submit an affidavit of the witness attesting to the veracity of the witness' testimony, and the Participant shall be allowed to introduce the witness' testimony, and the exhibits, schedules and attachments thereto, into the evidentiary record based on such affidavit.

1.6.7 Admission of Evidence

Compliance Staff shall offer its exhibits into evidence first and the Registered Entity second, unless the Participants agree otherwise.

Except for witnesses who are not required to attend the evidentiary hearing, the Participants shall call each witness in turn. Following the witness' swearing in, the witness shall attest to the veracity of his or her written testimony. The witness may identify any language and/or figures in his or her written testimony or exhibits that the witness would like to change or correct. Subject to objection, such changes or corrections may be allowed at the Hearing Officer's discretion for the purpose of obtaining a full, accurate and complete record without imposing undue delay or prejudice on any Participant. The Participant whose witness has made changes or written corrections to written testimony and exhibits shall file corrected copies with the Clerk and provide corrected copies to the Hearing Officer and other Participant.

Once a witness has attested to the veracity of his or her testimony, the Participant on whose behalf the witness is testifying shall move for admission of the witness' testimony, including all exhibits, schedules and attachments thereto, into evidence. Other Participants may object to the introduction of the witness' testimony, or any part thereof, as set forth in Paragraph 1.6.11. Subject to the Hearing Officer's ruling on the objection, the witness' testimony shall be admitted into evidence. The witness shall then be turned over for cross-examination by other Participants, and for any questions by the Hearing Officer or any member of the [HEARING BODY], in accordance with Paragraph 1.6.14, and then for redirect examination in accordance with Paragraph 1.6.15. Witnesses shall be cross-examined on all previously-served testimony (direct, rebuttal or surrebuttal) when they first take the witness stand.

Except (i) in exceptional cases and upon a showing of good cause and (ii) witnesses testifying pursuant to an order to produce or provide documents, information or testimony issued to a non-Participant, no witness shall be allowed to testify during the evidentiary hearing unless a Participant has served the witness' written testimony in advance of the evidentiary hearing in accordance with the schedule established by the Hearing Officer. Due to the undue prejudice such surprise witness testimony would impose on other Participants, it is the Compliance Enforcement Authority's policy to discourage witness testimony at an evidentiary hearing when a Participant has not served the witness' written testimony in advance of the evidentiary hearing. If such testimony is allowed, sufficient procedural steps shall be taken by the Hearing Officer to provide the other Participants with a fair opportunity for response and cross-examination.

1.6.8 Evidence that is Part of a Book, Paper or Document

When relevant and material matter offered in evidence is embraced in a book, paper or document containing other matter that is not material or relevant, the Participant offering the same must plainly designate the matter offered as evidence, and segregate and exclude the material not

Compliance Monitoring and Enforcement Program

offered to the extent practicable. If the material not offered is in such volume as would unnecessarily encumber the record, such book, papers or document will not be received in evidence but may be marked for identification and, if properly authenticated, the relevant or material matter may be read into the record, or, if the Hearing Officer so directs, a separate copy of such matter in proper form shall be offered as an exhibit. All other Participants shall be afforded an opportunity to examine the book, paper or document and to offer in evidence in like manner other portions thereof if found to be material and relevant.

1.6.9 Stipulations

The Participants may stipulate to any relevant fact or the authenticity of any relevant document. Stipulations may be made in writing or entered orally in the record. Notwithstanding stipulation, the Hearing Officer may require evidence of the facts stipulated in order to provide a complete evidentiary record on which to base the final order.

1.6.10 Official Notice

Where relevant and material to the subject matter of the proceeding, the Hearing Officer may, upon request of a Participant, take official notice of any of the following:

- 1) Rules, regulations, administrative rulings and orders, written policies of governmental bodies, and rulings and orders of other Compliance Enforcement Authorities.
- 2) The orders, transcripts, exhibits, pleadings or any other matter contained in the record of other docketed proceedings of the Compliance Enforcement Authority.
- 3) State, provincial and federal statutes and municipal and local ordinances.
- 4) The decisions of state, provincial and federal courts.
- 5) Generally recognized scientific or technical facts within the specialized knowledge of the Compliance Enforcement Authority.
- 6) All other matters of which the courts of the United States may take judicial notice.

All requests to take official notice shall be submitted in advance of the evidentiary hearing in accordance with a schedule established by the Hearing Officer. Before ruling on a request to take official notice, the Hearing Officer shall afford the other Participant opportunity to object or to show the contrary to the matter for which official notice is requested. An accurate copy of any item officially noticed shall be introduced into the record in the form of an exhibit presented by the Participant requesting official notice unless waived by the Participants and approved by the Hearing Officer. Any information officially noticed and not presented as an exhibit shall be set forth in a statement on the record.

1.6.11 Admissibility of Evidence

Any evidence offered, including that included in a book, paper or document pursuant to Paragraph 1.6.8, shall be subject to appropriate and timely objections. Any Participant objecting to the admission or exclusion of evidence must state the grounds for objection.

Compliance Monitoring and Enforcement Program

The admission of evidence shall not be limited by the generally recognized rules of evidence as applied in the courts of the United States or of the states, although the Hearing Officer may take such rules of evidence into consideration in ruling on the admissibility of evidence. The Hearing Officer will exercise discretion in the admission of evidence based upon arguments advanced by the Participants, and shall admit evidence if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs. The Hearing Officer may only exclude material from the record in response to a motion or objection by a Participant.

Formal exception to a ruling on admissibility of evidence need not be taken to be preserved.

1.6.12 Offer of Proof

Any Participant who has had evidence excluded may make an offer of proof on the record. The offer of proof may consist of a statement made on the record of the substance of the evidence that the Participant claims would have been adduced, or any written or documentary exhibit that the Participant sought to introduce. Any such exhibit shall be retained as part of the record.

1.6.13 Reservation of Evidentiary Ruling

The Hearing Officer shall rule upon any objection to the admissibility of evidence at the time the objection is made; provided that the Hearing Officer has discretion to reserve such a ruling or to require the Participants to file written arguments in relation thereto. If the Hearing Officer reserves the ruling, appropriate steps shall be taken during the evidentiary hearing to ensure a full, complete and accurate record in relation to the objected to evidence in the event the objection to the evidence's admissibility is overruled.

1.6.14 Cross-Examination

Each witness shall be tendered for cross-examination subsequent to the admission of the witness' testimony into the evidentiary record. Each Participant shall have the right to cross-examine each witness of any other Participants. A Participant may waive cross-examination of any witness. The Hearing Officer and any member of the [HEARING BODY] may ask the witness questions following the conclusion of the witness' cross-examination by the other Participant, and prior to the witness' redirect examination pursuant to Paragraph 1.6.15. If a member of the [HEARING BODY] seeks to ask a witness questions, the member shall do so by submitting the question in writing to the Hearing Officer, and the Hearing Officer shall ask the question of the witness.

1.6.15 Redirect Examination

A Participant shall be entitled to conduct redirect examination of each of the Participant's witnesses who are subject to cross-examination or questions of the Hearing Officer or a member of the [HEARING BODY]. Any redirect examination shall be limited in scope to the witness' cross-examination and questions of the Hearing Officer and members of the [HEARING BODY]. If a member of the Hearing Body seeks to ask a witness questions, the member shall do so by submitting the question in written form to the Hearing Officer, and the Hearing Officer shall ask the question of the witness.

Compliance Monitoring and Enforcement Program

1.6.16 Examination of Adverse Participant

Any Participant may call any adverse Participant, or any employee or agent thereof, during the evidentiary hearing to provide oral testimony on the Participant's behalf, and may conduct such oral examination as though the witness were under cross-examination. If a Participant intends to call an adverse Participant for examination, it shall give notice to the Hearing Officer and all other Participants setting forth the grounds for such examination at least fourteen (14) days in advance of the evidentiary hearing, and the Participant who, or whose employee or agent, is sought to be called shall file any objection at least seven (7) days in advance of the evidentiary hearing. Any Participant may conduct oral examination of a witness testifying pursuant to an order to produce or provide documents, information or testimony issued to a non-Participant, as though the witness were under cross-examination.

1.6.17 Close of the Evidentiary Record

The Hearing Officer shall designate the time at which the evidentiary record will be closed, which will typically be at the conclusion of the evidentiary hearing. Evidence may not be added to the evidentiary record after it is closed, provided that the Hearing Officer may reopen the evidentiary record for good cause shown by any Participant.

1.7 Post- Evidentiary Hearing Procedure

1.7.1 Briefs

- a) At the close of the evidentiary hearing, Participants may file initial and reply briefs.
- b) Briefs shall be concise, and, if in excess of twenty (20) pages, excluding appendices, shall contain a table of contents. Statements of fact should be supported by record citations.
- c) The Hearing Officer will prescribe the time for filing briefs, giving due regard to the nature of the proceeding, the extent of the record, the number and complexity of the issues, and the objective of expedition.
- d) Unless the Hearing Officer prescribes otherwise, all Participants shall file initial and reply briefs simultaneously.
- e) Participants' reply briefs shall be limited in scope to responding to arguments and issues raised in other Participants' initial briefs.
- f) The Hearing Officer may, with the agreement of the Participants, allow oral closing statements to be made on the record in lieu of briefs.
- g) The Hearing Officer may establish reasonable page limitations applicable to briefs.

1.7.2 Other Pleadings

Post-hearing pleadings other than briefs are permitted, but, absent good cause shown, such pleadings may not seek to introduce additional evidence into the record.

Compliance Monitoring and Enforcement Program

1.7.3 Draft Initial Opinions

The Hearing Officer may permit or require Participants to file draft initial opinions that set forth the Participants' proposed findings of fact and conclusions.

1.7.4 Hearing Officer's Initial Opinion

Except as otherwise ordered by the [HEARING BODY], at the conclusion of the evidentiary hearing, and following the submission of initial and reply briefs and draft orders, if any, the Hearing Officer shall prepare an initial opinion for the [HEARING BODY]'s review and consideration. The initial opinion shall include a statement of each finding and conclusion, and the reasons or basis therefore, for all material issues of fact, law or discretion presented on the record. The initial opinion also shall contain the appropriate orders to dispose of the proceeding, including any Penalty, Mitigation Plan or Remedial Action Directive that the Hearing Officer proposes the [HEARING BODY] require. If the initial opinion proposes a Penalty, the initial opinion shall include a proposed notice of Penalty. The initial opinion shall note if the subject of the proceeding has been deemed to involve a Cybersecurity Incident, if any information in the proceeding was deemed to be Critical Energy Infrastructure Information, or if any information in the proceeding is the subject of a protective order pursuant to Paragraph 1.5.10.

1.7.5 Exceptions

- a) Within twenty-one (21) days after service of the initial opinion, or such other time as is fixed by the Hearing Officer, any Participant may file exceptions to the initial opinion in a brief designated "brief on exceptions" and, within fourteen (14) days after the time for filing briefs on exceptions or such other time as is set by the Hearing Officer, any Participant may file as a reply, a "brief in reply to exceptions."
- b) Exceptions and replies thereto with respect to statements, findings of fact or conclusion in the initial opinion must be specific and must be stated and numbered separately in the brief. With regard to each, the Participant must specify each error asserted, and include a concise discussion of any policy considerations applicable and any other arguments in support of the Participant's position. Suggested replacement language for all statements to which exception is taken must be provided. Exceptions and arguments may be filed (1) together in one brief; or (2) in two separate documents, one designated as the brief containing arguments, and the other designed "Exceptions," containing the suggested replacement language.
- c) Arguments in briefs on exceptions and replies thereto shall be concise and, if in excess of twenty (20) pages, shall contain a table of contents.
- d) Participants shall not raise arguments in their briefs in reply to exceptions that are not responsive to any argument raised in any other Participant's brief on exceptions.
- e) Statements of fact should be supported by citation to the record.
- f) The Hearing Officer may establish reasonable page limitations applicable to arguments included in briefs on exception and briefs in reply to exceptions. Such page limitations shall not apply to a Participant's proposed replacement language.

Compliance Monitoring and Enforcement Program

- g) Unless good cause is shown, if a Participant does not file a brief on exceptions, or if a Participant filed a brief on exceptions that does not object to a part of the initial opinion, the Participant shall be deemed to have waived any objection to the initial opinion in its entirety, or to the part of the initial opinion to which the Participant did not object, whichever applies. This provision shall not prohibit the Participant, in its brief in reply to exceptions, from responding to another Participant's exceptions to such part of the initial opinion or from proposing alternative replacement language to the replacement language proposed by the other Participant for such part of the initial opinion.

1.7.6 Oral Argument

The [HEARING BODY] may elect to hear oral argument. If oral argument is held without briefs having been filed, Participants will be given the opportunity to present argument on all issues. If oral argument is held where briefs have been filed, argument may be limited to issues identified by the [HEARING BODY]. The [HEARING BODY] will direct the Clerk to issue a notice of oral argument that identifies the date, time, place and issues for the argument.

The presentation of written materials or visual aids is permitted at oral argument. To the extent such materials or aids contain factual information, they shall be supported by the record, and shall contain accurate record citations. Such materials or aids may not contain new calculations or quantitative analyses not presented in the record, unless they are based on underlying data contained in the record. Copies of all written materials or visual aids to be presented at oral argument shall be served on all Participants not less than 48 hours prior to the time and date of oral argument.

1.7.7 Additional Hearings

After the evidentiary record has been closed but before issuance of an initial opinion, the Hearing Officer may reopen the evidentiary record and hold additional hearings. Such action may be taken on the Hearing Officer's or the [HEARING BODY]'s own motion if there is reason to believe that reopening is warranted by any changes in conditions, or by the need to compile a complete evidentiary record on which to base the final order. Any Participant may file a motion to reopen the record, which shall contain the reasons for reopening, including material changes in conditions or the identification of additional evidence that should be included in the record, and a brief statement of proposed additional evidence and an explanation why such evidence was not previously adduced.

1.7.8 [HEARING BODY] Final Order

Following the receipt of the initial opinion, any exceptions and replies thereto, and oral argument, if any, the [HEARING BODY] shall issue its final order. Issuance of a final order shall require (i) a quorum of the [HEARING BODY], which shall be (after any recusals, disqualifications and appointments of replacement members) at least fifty (50) percent of the number of members normally assigned to the [HEARING BODY], and (ii) majority vote of the members of the [HEARING BODY] voting on the final order (which number of members voting shall not be less than a quorum). The [HEARING BODY] shall strive, but shall not be required, to issue its final order within thirty (30) days following the last to occur of the initial opinion, exceptions or replies thereto, or oral argument. The final order may adopt, modify, amend or reject the initial opinion in its entirety or in part. The final order shall include a statement of

Compliance Monitoring and Enforcement Program

each finding and conclusion, and the reasons or basis therefore, for all material issues of fact, law or discretion presented on the record. The [HEARING BODY] will base its determinations in the final order on the record. The final order also shall contain the appropriate orders to dispose of the proceeding, including any Penalty, sanction, Remedial Action Directive or Mitigation Plan required. If the final order imposes a Penalty, it shall be entitled “Final Order and Notice of Penalty”. The final order shall note if the subject of the proceeding has been deemed to involve a Cybersecurity Incident, if any information in the proceeding was deemed to be Critical Energy Infrastructure Information, or if any information in the proceeding is the subject of a protective order issued pursuant to Paragraph 1.5.10. The [HEARING BODY] shall direct the Clerk to serve the final order on the Participants. The service of the final order shall include a notice informing the Participants of their appeal rights to the ERO or to FERC, as applicable.

1.7.9 The Record

The Clerk shall maintain the record for all dockets. The record shall include any of the following, including all attachments thereto and documents filed therewith, that exist in any docket:

- 1) Notice of Alleged Violation and Registered Entity’s response thereto;
- 2) Registered Entity’s proposed Mitigation Plan and Staff’s statement identifying its disagreement(s) therewith;
- 3) Remedial Action Directives and the Registered Entity’s notice contesting the Remedial Action Directive;
- 4) Registered Entity’s request for a hearing;
- 5) Participant filings, motions, and responses;
- 6) Notices, rulings, orders and other issuances of the Hearing Officer and [HEARING BODY];
- 7) Transcripts;
- 8) Evidence received;
- 9) Written comments submitted in lieu of written testimony;
- 10) Matters officially noticed;
- 11) Offers of proof, objections and rulings thereon, and any written or documentary evidence excluded from the evidentiary record;
- 12) Briefs, pre-evidentiary hearing memorandums, and draft opinions;
- 13) Post-hearing pleadings other than briefs;
- 14) The Hearing Officer’s initial opinion;

Compliance Monitoring and Enforcement Program

- 15) Exceptions to the Hearing Officer's initial opinion, and any replies thereto;
- 16) The [HEARING BODY]'s final order, any notice of Penalty issued therewith, and the Clerk's notice transmitting the final order to the Participants;
- 17) All notices of ex parte communications; and
- 18) Any notifications of recusal and motions for disqualification of a member of the [HEARING BODY] or Hearing Officer of Technical Advisor and any responses or replies thereto.

1.7.10 Appeal

A Final Order of the [HEARING BODY] may be appealed to NERC in accordance with NERC's Rules of Procedure, Section 410. The Clerk shall transmit to NERC the record of any docket that is the subject of an appealed final order.

1.8 Settlement

Settlements may be entered into at any time pursuant to Section 5.4 of the NERC Compliance Monitoring and Enforcement Program and the Compliance Enforcement Authority's settlement procedures.

1.9 Remedial Action Directives

1.9.1 Initiation of Remedial Action Directive Hearing

Staff] may issue a Remedial Action Directive to a Registered Entity at any time, including during any proceeding related to an alleged violation of a Reliability Standard. The Remedial Action Directive shall be delivered to the Registered Entity in accordance with Section 7.0 of the NERC Compliance Monitoring and Enforcement Program. The Compliance Enforcement Authority will notify NERC within two (2) days after its Staff issues a Remedial Action Directive.

The Registered Entity may contest the Remedial Action Directive by filing a written notice with the Clerk of the Compliance Enforcement Authority that states that the Registered Entity contests the Remedial Action Directive and that the Registered Entity requests a Remedial Action Directive hearing. The Registered Entity shall attach a copy of the Remedial Action Directive to its written notice. The Registered Entity must provide such notice within two (2) business days following the date of actual receipt (as defined in Section 7.0 of the NERC Compliance Monitoring and Enforcement Program) of the Remedial Action Directive. If the Registered Entity does not give written notice to the Compliance Enforcement Authority within the required time period, the Registered Entity shall be deemed to have waived its right to contest the Remedial Action Directive.

The Clerk shall assign a docket number, and issue a notice of hearing that sets forth the date, time and place at which the hearing will convene pursuant to Paragraph 1.4.1.

Compliance Monitoring and Enforcement Program

1.9.2 Remedial Action Directive Hearing Procedure

Hearings to address Remedial Action Directives shall be conducted only under the expedited hearing process set forth in this Paragraph 1.9.2. The full hearing procedures described in Sections 1.4 to 1.7 are applicable to the Remedial Action Directive hearing unless the context of a provision is inconsistent with or otherwise renders it inapplicable to the procedures set forth in this Paragraph.

The Remedial Action Directive hearing may be presided over by a Hearing Officer and will be conducted according to the following guidelines:

- a) The Hearing Officer or the [HEARING BODY] will hold a prehearing conference within two (2) business days after receipt of the Registered Entity's request for a hearing.
- b) An evidentiary hearing will be conducted on the matter, in person or by teleconference, within seven (7) business days after the prehearing conference.
- c) At the evidentiary hearing, Staff shall present oral witness testimony and evidence to show why the Remedial Action Directive should be complied with, and the Registered Entity shall present oral witness testimony and evidence to show why the Remedial Action Directive is not necessary or should be modified. All witness testimony shall be rendered under oath.
- d) At the evidentiary hearing, the Participants shall have the opportunity to make opening statements. In addition, the Participants shall have the opportunity to make closing arguments, and Staff shall have the opportunity to make a rebuttal to the Registered Entity's closing argument.
- e) The Participants may file initial briefs and reply briefs, and/or draft opinions, on an expedited schedule set by the Hearing Officer or the [HEARING BODY]. Oral argument shall not be held.
- f) The [HEARING BODY] shall issue a summary written decision within ten (10) days following the hearing, stating whether the Registered Entity shall or shall not be required to comply with the Remedial Action Directive and identifying any modifications to the Remedial Action Directive that it finds appropriate.

Within thirty (30) days following issuance of its summary written decision, the [HEARING BODY] shall issue a full written decision. The written decision shall state the conclusions of the [HEARING BODY] with respect to the Remedial Action Directive, and shall explain the reasons for the [HEARING BODY]'s conclusions.
