

## Standards Announcement

### Initial Ballot Results

Now available at: <https://standards.nerc.net/Ballots.aspx>

#### **Initial Ballot Results for MOD-004-1 — Capacity Benefit Margin (Project 2006-07)**

The results for the initial ballot for MOD-004-1 — Capacity Benefit Margin and associated implementation plan (Project 2006-07 — ATC/TTC/AFC and CBM/TRM Revisions) are shown below:

Quorum: 79.26 %

Approval: 66.29 %

Approval requires both:

- A quorum, which is established by at least 75% of the members of the ballot pool for submitting either an affirmative vote, a negative vote, or an abstention; and
- A two-thirds majority of the weighted segment votes cast must be affirmative. The number of votes cast is the sum of affirmative and negative votes, excluding abstentions and nonresponses.

The [Ballot Results](#) standards web page provides a link to the detailed results of this ballot. The ballot received some negative votes with comments, and the drafting team will review the comments before determining its next step.

#### **Initial Ballot Results for Project 2007-14 — Permanent Changes to Coordinate Interchange Timing Table**

The results for the initial ballot for three Coordinate Interchange standards and associated implementation plan (Project 2007-14) are shown below:

The results are shown below:

Quorum: 79.74 %

Approval: 100.00 %

Approval requires both:

- A quorum, which is established by at least 75% of the members of the ballot pool for submitting either an affirmative vote, a negative vote, or an abstention; and
- A two-thirds majority of the weighted segment votes cast must be affirmative. The number of votes cast is the sum of affirmative and negative votes, excluding abstentions and nonresponses.

The [Ballot Results](#) standards web page provides a link to the detailed results of this ballot. No negative votes

with comments were received; therefore, the ballot has passed.

### **Standards Development Process**

The [Reliability Standards Development Procedure](#) contains all the procedures governing the standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate.
