

UPDATED Standards Announcement

Project 2015-10 Single Points of Failure

Formal Comment Period Extended: Open through September 14, 2018

Now Available

A 45-day formal comment period for **TPL-001-5 – Transmission System Planning Performance Requirements** is open through **8 p.m. Eastern, Friday, September 14, 2018**.

The Implementation Plan has been updated to reflect a revised compliance date. The comment period has been extended to provide stakeholders adequate time to review the updated documents and provide meaningful feedback.

The standard drafting team's considerations of the responses received from the last comment period are reflected in this draft of the standard.

Commenting

Use the [Standards Balloting and Commenting System \(SBS\)](#) to submit comments. If you experience issues navigating the SBS, contact [Wendy Muller](#). An unofficial Word version of the comment form is posted on the [project page](#).

- *If you are having difficulty accessing the SBS due to a forgotten password, incorrect credential error messages, or system lock-out, contact NERC IT support directly at <https://support.nerc.net/> (Monday – Friday, 8 a.m. - 5 p.m. Eastern).*
- *Passwords expire every **6 months** and must be reset.*
- *The SBS **is not** supported for use on mobile devices.*
- *Please be mindful of ballot and comment period closing dates. We ask to **allow at least 48 hours** for NERC support staff to assist with inquiries. Therefore, it is recommended that users try logging into their SBS accounts **prior to the last day** of a comment/ballot period.*

Next Steps

Additional ballots for the standard and implementation plan, and a non-binding poll of the associated Violation Risk Factors and Violation Severity Levels will be conducted **September 5-14, 2018**.

For information on the Standards Development Process, refer to the [Standard Processes Manual](#).

For more information or assistance, contact Senior Standards Developer, [Latrice Harkness](#) (via email) or at (404) 446-9728.
